DebOrAh is an expansion catalyst with the ability to amplify intended results in ways that add priceless value to live events. In December 2006, DebOrAh moved through the doorway of greatness to the threshold of genius after a powerful energy session. From a space deep within, the words, “I AM here. I AM here. I AM here.” pierced her lips after a transformational Chakra clearing. In the ten days that followed, she lost 15 pounds, wrote a book and downloaded the vision for her life path. DebOrAh uses energy, vibration and frequency through language and song to position the subconscious, conscious and super-conscious for transformation. Her Presence alone helps activate, align and attune the heart and mind to the higher frequencies of Peace. DebOrAh’s heart songs break through limitation to awaken True Genius.

Deborah has more than thirty years experience engaging, enlightening and empowering others to live their highest potential. She is known as a teacher, mentor and guide who connects heart to heart in ways that are beyond words. She speaks, signs, sings, and gazes *Light Language* for world peace. Deborah is a Freedom Writer Teacher, author of *Become* and co-author of the New York Times Best Seller, *Teaching Hope*.
