

Magnetic Marketing™

Now Available in the New Earth Energies!

In the summer of 2014, mid way through a short journey as Community Marketing Agent for a local time share company, my already limited results disappeared. Despite the world class training and adequate leads, I was not able to effectively book tours. I later learned that it had nothing to do with outside forces. In fact, there was not anything anyone could have done to increase the number of tours I booked. The outcome had everything to do with my soul's calling and the shifting vibration of the planet. Some call this ascension, others the dawn of the New Golden Age. It doesn't matter what you call it, it is real and many are now feeling the effects of these energetic changes.

What is Magnetic Marketing™?

Magnetic Marketing™ is the process of using a menu of Transcendent Technologies that expand beyond mere words to engage evolved entrepreneurs and heart centered innovators in conscious collaboration to co-create infinite, exponential value humanity and help provide a safe space for authentic teaching and learning that empowers the unique gifts of genius buried under labels such as autism and ADHD.

Are You Ready for Magnetic Marketing™?

As we continue to experience the vibrational energy shifts, many are still walking in the past. Each soul has chosen their unique path. There is no right or wrong, merely different experiences. However, if you are finding that what once worked well for you no longer seems to produce your desired results, likely your soul has chosen to follow the rising path of the New Earth energy frequencies. Sales and marketing will be one of the first areas to illuminate the impact of these changing energies. To prepare yourself for the shift into the New Earth, allow time to sit in the quiet space of your heart and ask yourself these three questions:

1. Are you living your passion, path, and purpose?

You will know the answer when you drop into your heart center in the stillness of your breath. If the answer is "no", you may feel a heavy tar like substance surround your every move. If the answer is "yes", you may feel a lightness in your being.

2. Are you serving the true needs of others?

What is your motivation for offering your product, service or unique gift? When one is truly open in the heart and service is the reason for being, the magnetic frequency is aligned to a we-alchemy that allows your perfect clients and customers to be magnetized to you. Previous sales

tactics that require numerous impressions, overcoming objections and tactics of heavy handed persuasion are dense vibrations that cannot be sustained in the New Earth frequencies. This will change the world we have known for those whose soul's journey is to rise above.

Magnetizing a match with Magnetic Marketing™ begins with self love and an understanding of ALL that exists in Being human while honoring the energies of the unseen world as a powerful force in our existence.

3. Do you believe we live in an abundant world?

Do you believe that we live in an abundant universe? Or, do you feel there is not enough to go around and you have to get your fair share? Those who understand and embody the belief of abundance and prosperity from the space of a peaceful existence, have the ability to turbo-charge the magnetic attraction that is amplified in the New Earth energies with Transcendent Technologies. If one whose soul is on the path of ascension, is living from the space of lack, the magnet will repel potential customers and reflect lack. In contrast, if the same soul is living from the embodied understanding of an abundant universe, the magnet will attract the perfect match.

If you answered "yes" to the three questions above, you are poised to turbo charge your promotion efforts by joining the Diamond Heart Alliance and experiencing the we-alchemy of Magnetic Marketing™. If you believe your soul has chosen to rise above and you answered "no" to one or more of the questions above, Diamond Hearts International Your Genius Journey™ can help you to awaken, activate, align and attune your heart, mind, and courage to live your passion, path and purpose so you are ready to turbo-charge your marketing efforts and help your entire team rise above.
