

Dear Parents,

My name is James Earl Henderson Sr., the Executive Director for MTM Foundation, Inc. The Foundation is a 501c3 organization whose mission is to provide an interactive and comprehensive professional development program that guides youth down the pathways to college and entrepreneurship, while providing essential tools to create generational wealth. We are excited to introduce "**THE FLYING STARS**" after-school program, brought to you by MTM Foundation, Inc., and Montebello Elementary/Middle School. Our program is designed to empower youth by providing them with essential tools for success, whether it's pursuing higher education or exploring entrepreneurship. Your scholar will be introduced to entrepreneurship through enrichment educational activities such as our financial literacy program. The MTM Sports Education section of the after-school program offers a dynamic blend of sports activities, educational components, and health-focused initiatives. Through structured sports sessions, interactive lessons on healthy living, and dedicated physical fitness exercises, participants not only develop athletic skills but also gain valuable knowledge about nutrition, and injury prevention. Our program aims to promote holistic well-being among participants and life skills.
