

2019 GRADUATION

NEW HOPE'S 2019 GRADUATION - THE BEST EVER???

New Hope has had many great graduations. However, New Hope's 14th graduation was amazing! From the awards to the students... to the faculty... to the Coordinators, Carlos and Violeta... This certainly was one of More Than Conquerors Institute's best years ever.

What a blessing it was to see our former directors, Moises and Ana and their family. Wow! Words can not describe our feelings!

And, what an accomplishment for the 6th graders and seniors. One of the graduates had been with us since she was a baby (literally). And, to watch Blanca walk down the aisle as a young lady ready to take her place in Nicaragua society, was such a blessing!

We wish you could have been

there.. oh... some of you were there (almost), as you watched the graduation "live" on Facebook (our first video).

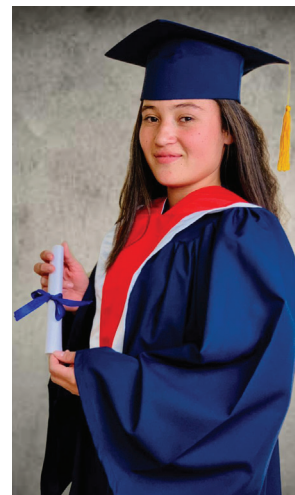

If you missed it, it is not too late to see firsthand, how the Lord has used your prayers and gifts to make another graduation a reality. The video is still available at: <https://www.facebook.com/NewHopeChildrensFoundation/>

Thanks so much for being there for these wonderful children. Your "prayers and gifts" have made it possible for us to share Christ with them. Thanks for helping us to prepare them so they can stand tall for Jesus Christ wherever the Lord will lead them in life.

Yes, with God's help, you have done it again... Your "prayers" and "gifts" have not only made this possible... but your "prayer" and "gifts" will go on giving... from generation to generation.

I am 17 years old and I have been studying 11 years at MTC. MTC has been a great blessing in my life and for my parents since I received a full scholarship from 1st grade to 11th grade. These years I have studied at MTC I have received the best education.

I have learned to respect the Word of God. I have learned that God loves us no matter how we are. I have learned to value myself and love God.

In the course of the time I have been here, I can say that God has changed my way of seeing things through His Word. I learned that without God I am nothing. I learned that He can work in our lives.

I want to thank God and my parents for their support and to MTC once again thank you very much for your support by providing me with my scholarship. Thank you so much!

I have studied at MTC since the 1st grade.

In all of my years of studying at MTC I have learned so many things. The most important being to love God, re-

spect Him, worship Him and put Him First in everything I do. To love my neighbor and always ask God for wisdom and direction in my life. All my years of studying at MTC has changed my life. I have learned to value everything He has given us.

God brought me out of where I was, in a place of emotional emptiness and I can testify today that His love was more than enough to change me.

2019... continued.

I have learned to value my studies and value the sacrifice of my parents.

Now that I finished high school with God's help I want to enter college and study what God has prepared for me and do the best I can.

Today I want to thank God for bringing me to MTC to study. I know it was His will for me. Also I want to thank my parents for all their support and MTC for accepting me with open arms and thanks to all the people who are part of this ministry.

Thanks for your faithfulness for standing "with the children" in the past. What a blessing many of you have been to their lives. This 14th graduation attests to God's faithfulness. And, He has used many of you to make the ministry of New Hope possible. It would be worth it all for just Blanca who graduated this year. We saw her go from a little baby just crawling around in the dirt, to become a fine young Christian lady. Many of you had a great part in making this happen. Thanks for agreeing with us now for the additional finances that will be needed each month in 2020. We are believing for additional faithful givers each month that will be there "for the children," so that every need will be met...
