LABOURERS FOR THE HARVEST

A CALL TO ACTION!!!

**The NEED is URGENT...
THE TIME IS SHORT...
THE LABOURERS
TO GATHER IN
THE HARVEST ARE
MANY... AND THEY
ARE WAITING ON...
YOU... AND ME!!!**

What a blessing it is to have labourers who are ready and willing to gather in the last day's spiritual harvest in Central America. As you are aware, this is not usually the case around the world.

There are 38 million people living in Central America. This means there is quite a multitude of people who need to hear the Gospel.

We will begin THE VISION by conducting pastor's conferences in each of these countries, When we have done this in the past, usually 150 to 250 pastors come together for these conferences. The Lord willing, I will fly to

PLEASE, PLEASE... DO NOT OVERLOOK THIS... CALL TO ACTION...

We are "commandeering" 6 rooms in one of our campus wings so those who come to work with us will have a mini apartment to stay in. We will also make available offices in another five rooms in another hallway.

We must have volunteers who can help us with editing courses both on paper and in the computer. We also need help in adding Scriptures and thoughts to courses we have in the works. We also need office help in several other areas, including the input of course material that may be handwritten.

The Vision is for supporting and "holding up the hands" of Labourers for the Harvest in Central America.

We are going to welcome Brothers and Sisters to come and labor with us on our campus in Ennis, Texas

for a week or three weeks or, even move on campus.

We are believing that a number of labourers will unite with us on campus, (if you cannot come to Ennis, and you would like to assist in this vision, it is possible for you to work with us right in your home).

WORK STATION 1
New courses will be produced. We have the material for these courses already in our computers. The material must be arranged into our MTC outline.

WORK STATION 2
Labourers will take courses we have in the rough, as well as almost finished and help us edit them.

WORK STATION 3
After a Teacher Guide has been completed, it must be finalized on a computer.

each country so I can help the Nicaraguan pastors who will be going to all these countries to teach and establish Training Centers in them.

Very likely, several hundred+ Training Centers will be established during 2020. And, to it all, we say, "To God Be The Glory, Honor and Praise"!!! .

PRAYER & PRAISE

WE "PRAISE THE LORD" FOR THE ANSWERED PRAYER IN A NUMBER OF AREAS THIS PAST MONTH...

Thanks for agreeing with us in prayer for the extra thousands of dollars needed to purchase publishing equipment to produce study guides. We are also going to need finances to send several pastors into each country to gather up the ministers for the pastor's conferences.

ACTA continued...

WORK STATION 4
This is where the final layout for a Teacher Guide will be completed in a computer.

WORK STATION 5
The Teacher Guide will then be handed to Spanish translators to prepare it for Central America.

WORK STATION 6
A copy of the Spanish Teacher guide will be edited into a Student Guide.

We plan to have 6 work stations on campus in Ennis. The 7th work station is at our Central American headquarters in El Crucero, Nicaragua.

WORK STATION 7
The publishing equipment the Lord provides for us here will print, and bind, etc. the Teacher's Guides and Student Guides into professional books for distribution in Nicaragua, Central America, Mexico and the U.S.

WORK STATION 8
Nicaraguan pastors will then produce Spanish videos of MTC courses. We will make these finished courses available on-line so we can reach Spanish speaking people around the world.

These life-changing study materials from God's word will first do a work "in" their lives and then change the lives of those they minister to.

WORK STATION 9 THESE SAME COURSES WILL THEN BE TAUGHT IN PASTOR'S CONFERENCES THROUGHOUT THE SEVEN COUNTRIES THAT MAKE UP CENTRAL AMERICA. From these pastor's conferences, Training Centers (extensions of More Than Conquerors School of Theology), will be established throughout, **Nicaragua, Costa Rica, Guatemala,**

la, Panama, Honduras, Belize and El Salvador. This is not a vision that might work... could work... THIS VISION has been working for over 30 years!!!

We are not investing "time" and "treasure" into something that merely has "potential." This is a VISION that has a proven track record in a number of countries around the world.

THE NEED IS CRITICAL

We must not hinder these ministers through failing to provide them with the materials they must have regardless of the sacrifices we have to make or the financial cost involved with making this VISION a reality.

THE HARVEST IS RIPE! WE MUST "PULL OUT ALL THE STOPS"!!!

WE MUST DO WHATEVER IS NECESSARY TO GATHER THIS LAST DAY HARVEST IN!!!
