

Durable Chain Drive Garage Door Opener with MED Lifting Power

Model: C203

Quality designed and precision engineered to run smoothly, with the C203 from Chamberlain, you get reliability, easy installation, dependable operation, and a remote control, all at an affordable price.

Works with MyQ which provides included core features, including controlling your garage door from anywhere and subscription-based partner integrations.

For MyQ Connectivity:

- Upgradeable to [Smartphone control](#) with purchase of [MyQ Home Bridge](#) (model MyQ-G0303-SP).

PRODUCT FEATURES

- HomeLink® compatible, works with the in-vehicle remote control system built into most cars. Compatibility Bridge™ (not included) necessary for certain vehicles. Visit bridge.chamberlain.com to find out if a Bridge is needed.
- Rugged steel and precision fabrication for durable operation.
- Powered by Chamberlain's MED Lift Power System™, the C203 delivers lifting force equivalent to 1/2 HP, the highest lifting capacity compared to the 1/2 power class for effortless lifting and reliable performance you can count on.
- Superior Range - Includes 1 3-button remote control that lets you control a combination of up to 3 openers or Chamberlain interior light modules (sold separately). Exclusive Triband™ technology boosts remote range up to 1,500 feet for a quicker entrance and exit.
- Safety Sensors project an invisible beam preventing the garage door from closing on people, pets or other objects.
- Trusted Safety & Security - Unmatched Security+2.0® 100 Billion code encryption protects against hacking, and Posilock™ anti-theft protection assures that once the door closes, it stays locked.
- Highest Quality - Built from High-Grade materials for unsurpassed performance and reliability
- Designed specifically for 7ft. garage doors - extension kits required for 8 ft. (7708CBP) and 10 ft. (7710CB) doors.
- Installation Made Easy - Our online installation videos, pre-programmed remotes, snap-lock rail system and tech support ensure installation goes smoothly.
- Included: 1 3-Button, Single-Function Wall Control Panel, and Safety Sensors

- **WARNING:** This product can expose you to chemicals including lead, which are known to the State of California to cause cancer or birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov
- Go remote-less, and get more control with built in HomeLink Compatibility. You can use your vehicle's Homelink buttons to control gates, doors, and lights from the driver's seat, and without the remote. Certain vehicle makes/models may require a Compatibility Bridge™ (not included) to operate your garage door opener via the HomeLink buttons.
- Works with MyQ; core features that allow you to control your garage door from anywhere, get activity alerts and set schedules are included with the MyQ app.
- Linking MyQ to partners apps to provide more enhanced garage control options such as voice control and geofence closing. Subscription fee applies after 30-day free trial ends. Visit chamberlain.com/mypartners for more details.
