At **ZB Group**, with more than thirty years of experience during which we have carried out projects in more than 20 countries, we specialise in the treatment of construction and demolition waste (CDW).

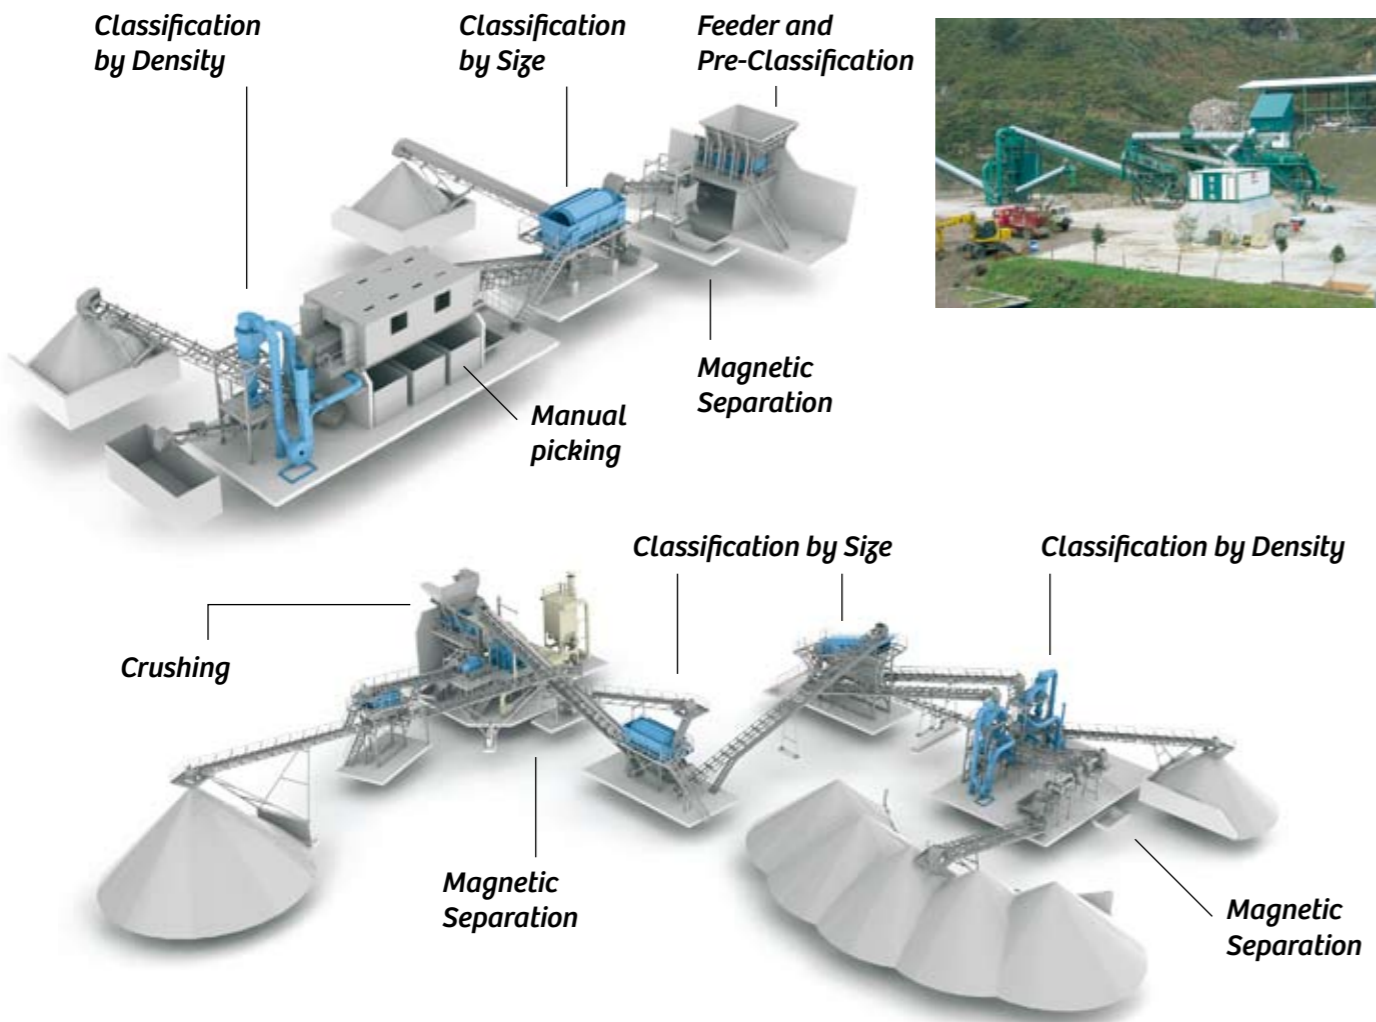

At **ZB Group**, through a complete process of crushing, cleaning, separation and classification, we can reuse and give new value to 90% of the input material.

Our Technical Assistance and After-Sales Services take care of the development and ongoing assistance of our customers.

Stationary Plants

Reusing and giving new value to 90% of the input material.

Mobile Units

Input material:
Reinforced concrete, demolition waste, debris, white goods, floor tiles, ceramic, railroad ties, ferric and non ferric metal

- ▶ High reduction capacity: 100% < 40 mm
- ▶ Tilting ramp with feeding roller or pre-screening feeder
- ▶ Ejection Gate for non-crushable material
- ▶ Diesel or electric engine, magnetic separation, folding conveyor, remote control, dust collection
