aluminio

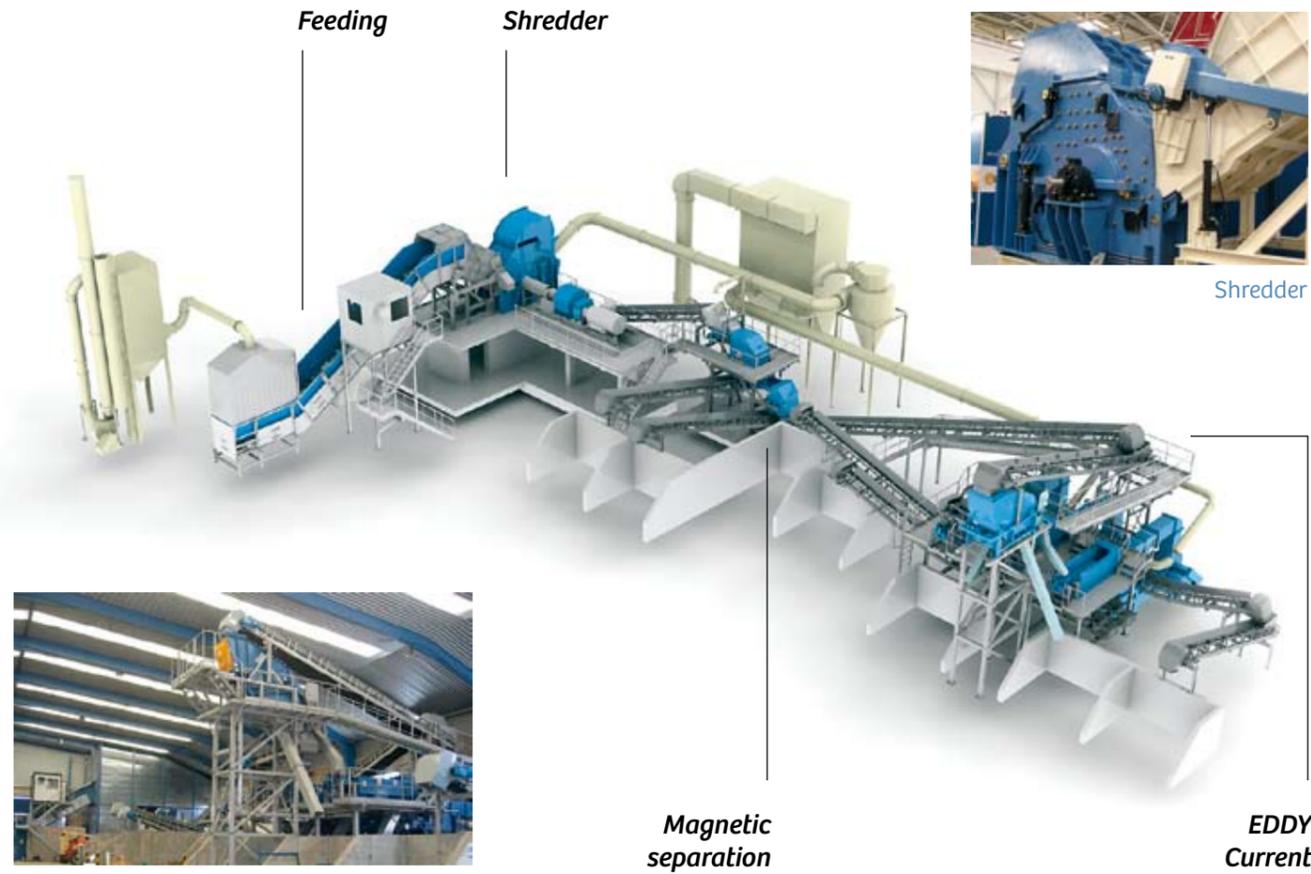

At **ZB Group**, with more than thirty years of experience and presence in more than 20 countries, we specialise in the recovery of all types of aluminium (profiles, UBC, blocks, bales, etc.) either in bales or loose.

At **ZB Group** we design, manufacture and commission aluminium recovery plants with productions of up to 50 t/h, taking into account the input material and the specific needs of every client.

Our Technical Assistance and After-Sales Services take care of the development and ongoing assistance of our customers.

Stationary Plants

Reusing and giving new value to 90% of the input material
