Please remember that even though the house can occupy 12 people, room assignments are based on occupancy. Please confirm the exact amount of beds and bathrooms you need before you make a reservation!

If you are a party less than 4 there is a small possibility that there might be other people joining you on this adventure.

When you make a reservation with us you will have your very own personal photographer accompanying you on your outdoor adventures. They will take pictures documenting all the special locations that you visited. At the end of your stay you will receive all the images with different resolutions and a video for free! The only thing we ask is you complete your review about your experience in a timely manner.

This is a shared housing arrangement, so it is a great opportunity to meet other people and make great friends. If you are a party less than 4 then there is a strong possibility that other guests will be going on this adventure with you. If you are a group larger than 4 then there is a strong possibility that you will have the whole house to yourself. If you are traveling solo then there is a possibility you will be teamed up with another person of the same sex during your stay by sharing a room together. If you want to sleep alone, then there "might" be an extra Single Supplement Fee?

Also if you are a party of less than 4, there is a FREE DAY that will be added to your itinerary. It is recommend that you use this day to do upgraded activities like helicopters, boat rides and Luau's ETC. On this day you will be given your own car to transport yourself to and from these specific activities. If you choose not to book upgraded activities, then you will be free to spend the day as you wish.

Our chef and guide are only available for 6 days, so if you want to stay with us longer you will need to self guide yourself for the remainder of your vacation. You will be given a car to use during your stay but no one will be available to assist you.

If you are a party less than 3 and we have no other people who will be joining your group, then you will be upgraded to a larger apartment with a kitchenette. We will deliver all of your meals to you. No chef can be provided who cooks the meals in front of you unless the group is 3 people or larger!

Please understand that there are several people working hard to make sure this experience is amazing, from your chef, your guide and the cleaning crew. It would be nice if you left them a GRATUITY at the end of your stay, "if" you felt they gave you fantastic service. A recommended gratuity of \$10 a day per day from each person in your group would be greatly appreciated.

Because this is an all inclusive housing package your "Neighborhood" is the entire island of Kauai. You will see and do more things with us than possible by yourself. Very little time will actually be spent in the home except for sleeping and experiencing fine dining from our chef. Everyday we will be up early going on adventures all around the island. Unless of course you want to stay home and relax while the rest of the group explores the island.

We will handle all of your "getting around" needs from airport pickup and drop off. Transportation to stores and shopping as will as adventures all around the island. You will not have to worry about anything! We will also personally shuttle you to upgraded activities that are not included in this package like helicopters, boat rides and Hawaiian luau's.
