

January 3, 2017

Dear Potential Board Members,

In the Spirit of UJIMA, Inc. is soliciting potential board members to aid in governing an established 501 C 3 nonprofit program, which has a 20 year history of working with at-risk youth from Mansfield, Ohio. We are relocating to Charlotte, North Carolina providing direct mentoring services, outreach and awareness programs, as well as growing an effective and efficient organization serving the African American & Hispanic populations. Therefore, your commitment and willingness to become a board member is essential for our restructuring process.

We are interested in seeking your commitment to become personally vested in God's work, challenging African Americans & Hispanics males through mentoring. Our mission is to improve the quality of life for male youth ages 11 – 19, to set high academic and career goals, while exposing them to successful approaches for them to reach their full potential and aspirations by implementing practical applications of proven researched life altering programming.

Through collective work and responsibility, we have forged two strong partnership agreements with The Park Church and with Inter-National Soccer Association to provide mentoring services to our diverse target groups respectively. Moreover, it is our intention to utilize your skills, expertise and talents during monthly meeting, quarterly trainings, along with a commitment to share your sphere of influence by telling your story immediately, at the start of 2017!

When you become an active board member you're participating in reestablishing the lives of these youths, as well as setting the foundational principles and overview of our policy and regulatory procedures, building our advertising and marketing communication strategy, plus a method for fundraising and fiduciary responsibilities that may require some specific skill sets.

We are vigorously pursuing your commitment to work with us as a board member willing to govern with integrity and concern for our young men. I thank you in advance for your consideration to work with In the Spirit of UJIMA, Inc. We ask that you keep our future endeavors and your commitment to be involved, in prayer. Please contact us at: spiritthm4@yahoo.com, or by Phone 704-968-3435 Frank McCleneghan, or myself at 614-598-6509.

Sincerely,

Thomas H. Murphy
