

“My Spiritual Story”

Twyla Yvonne Wheeler

Jeremiah 29:11 “For I know the plans I have for you” declares the Lord, “plans for welfare and not for calamity to give you a future and a hope”

I was blessed to be raised by a loving Mother who taught me about Jesus and His love for me. And of a God who will always be with me. However, I have been through a variety of health issues in my lifetime including two brain tumors and God brought me through it all.

But the real test came in Sept 2016 when I went into the ER with some especially challenging health problems. One complication led to another and I suddenly crashed, but the marvelous medical staff brought me back to life. In fact, my sister tells me that I died twice during this ordeal. Still God’s angels were present with me and I know that (as noted in the above Bible verse) God has a plan for me and I was saved.

I praise God for His love and faithfulness. Since then I have had some additional heart procedures with real positive results. I still have health issues and do not know what the end results will be, but I have a very positive attitude for I know God has plans for me. I plan on making the best of whatever my time is for being here on earth for I know God will be at my side.
