- The San Ramon Region is a beautiful natural setting located up on the mountains of the Costa Rican continental divide, a gorgeous cloud forest area sort of like the famous town of Monteverde, but more intimate and with no crowds, since tourism has not been fully developed here yet. The temperatures in San Ramon are very pleasant all year round, ranging between 12 and 25 degrees Celsius (50 to 80 Fahrenheit), making it one of the coolest places in Costa Rica, the perfect place for a romantic getaway or just to take a break from the main touristic areas and fully enjoy of a peaceful natural setting.
- Upon arrival to San Ramon, check in at Villa Blanca Cloud Forest hotel. Villa Blanca is a very unique hotel that was built to imitate a 19th-century Costa Rican mountain village, an excellent lodging facility that has very well maintained gardens surrounded by the cloud forest of the "Los Angeles Biological Nature Reserve". Your accommodation would be in a **honeymoon suite** with breakfast included; fully stocked bar, ceiling fan, complimentary coffee, whirlpool bath, terrace, wood burning fireplace, Wi-Fi and living room. Also, this hotel features a restaurant, bar, nature trails, farm with activities, biological station, private theater, TV room and Spa.

Day 2: Private Cloud Forest Nature Walk.

- On this tour we would take you to discover the beautiful San Ramon cloud forest with your own private guide, where you will learn about this rare and interesting eco-system during the 4 Kilometers (2.5 miles) nature trail. Walking in the cloud forest will give you kind of like a mystic-unique feeling,

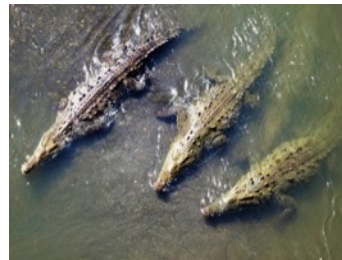

especially if it's cloudy, an experience that is very different than the rest of the activities in the country. This tour also includes a visit to the hotel's own private biological station, where your guide will share with you the many discoveries they have made about the different species, as well as seeing a gallery of some of the interesting animals found there.

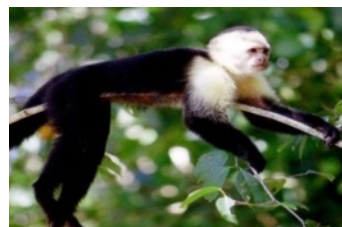

Day 3: Private transfer to Manuel Antonio Beach.

- Today we'll take you to one of the most beautiful beach destinations of Costa Rica, Manuel Antonio Beach, rated as one of the 10 most beautiful in the world. On the way there we'll make a few stops to show you some unique things of our country (if you wish to make the stops of course), such as the famous crocodile bridge, where we normally see 20 to 60 animals from a safe viewing point. We also go searching for scarlet macaws, the most beautiful birds in Costa Rica, as well as stopping at the Jaco Beach lookout point, for you to take pictures of the beautiful Jaco Bay. We also do other unplanned stops along the way, such as viewing more wildlife if we find it, or stopping at local festivities when available, the idea is to show you as much as we can of our culture, for you to really feel that you are in a different place than home.

- As to the Manuel Antonio area, it's one of the main touristic destinations of the country for the simple reason that here you are able to enjoy of a great beach vacation, but with the advantage of being in the rainforest at the same time, where seeing wildlife every day is very common. Even at the grounds of your hotel, because the animals get out of the national park on a regular basis, like white faced capuchin monkeys, howler monkeys, sloths, iguanas, tropical birds and the most beautiful mammal of Costa Rica: the squirrel monkey. The famous Manuel Antonio National Park also hosts the most beautiful white sand beaches of the Central Pacific region, and is one of the most developed touristic areas, featuring a large variety of restaurants, cafes, souvenir shops, and many

activities available, some of them among the best of the country. Also, the town of Quepos is fairly close, where the everyday living of a typical Costa Rican town can be observed.

- Upon arrival to Manuel Antonio Beach, check in at Arenas Del Mar Beachfront and Rainforest Resort (other hotels available upon request). Arenas del Mar is the only good beach front hotel in the entire Manuel Antonio Beach area, located in a small secluded bay surrounded by beautiful rainforest vegetation, where is very common to see wildlife, such as monkeys, sloths, iguanas and others. Your accommodation would be in a **garden room** with breakfast included (upgrades available upon request); A/C, spacious bathroom, hair dryer, Wi-Fi, free local and international calls, cable TV, coffee maker, refrigerator and safety box. Some ideas for things to do are: waterfall rappelling, zip lining in the rainforest, parasailing, snorkeling, national park tour, kayaking, cultural tours, or a relaxing massage. Please let us know if you would like to add any of these activities and we'll be happy to coordinate them for you, the idea is for you to relax and enjoy of your vacation, we can take care of all the logistics for you.

After the hour ride on the 4x4 vehicle, leave it on the side to proceed with a horseback ride where you will discover the secrets of the Costa Rican jungles as

you enter them to be able to reach the beautiful waterfalls. The best part of the tour takes place after the horseback ride when you arrive to the waterfall, where you can take a refreshing dip in the cool-pristine mountain water.
