

Bebbuxija Farmhouse is a 400 year old authentic farmhouse in the core of Xaghra, a few minutes' walk away from the village square. On entering, a small courtyard leads to a combined kitchen/dining room and a separate living-room with a stove (for cosy wintry days). The living-room leads to an outdoor

porch overlooking the pool area with a small garden. An original external stairway on entrance leads to three bedrooms, a double room with an en-suite shower, a twin room and another bedroom with two sets of bunk beds (sleeps four), and another shower room with a washing machine. Another external stairs from the main

bedroom terrace goes down to the pool area. Bebbuxija farmhouse provides an authentic feel, a get-away from an everyday hectic and stressful lifestyle. Notwithstanding this, internet is provided as well as a cable television and a payphone.
