

Internships

As a collegiate student, are you looking for an internship that provides real world business experience? At **Lambent Risk Management Services, Inc.**, we offer 8 – 10 week internship programs for collegiate students and for candidates interested in pursuing careers in area of insurance brokering and claims management.

During Lambent's 8-10 week unpaid summer internship program you will gain first-hand knowledge of our dynamic industry, work on meaningful projects, and have opportunities to network with managers and directors. The internship program is designed to educate, stimulate and develop future business leaders.

Risk Management Internship (Summer)

Project assignments include researching insurance industry trends, analyzing current business procedures, proposing new strategies for company growth, managing current client accounts, developing marketing plans, and drafting and delivering presentations to management.

Our summer internship program is well suited for finance, accounting, economics, marketing, risk management, and general business majors.

Claims Management Internship (Year Round)

Training entails hands-on adjustment of claims (e.g. Short Term Disability, Family Medical Leave Act, Workers' Compensation). All components of claims adjusting to include but, not limited to file documentation, client and claimant contact, medical terminology disability duration, calculation of benefits, etc.

The claims management internship is well suited for individuals interested in pursuing a career in claims management, individuals looking for entry level experience and for collegiate students requiring training/credits towards degree accreditation.
