By far one of the best salon experiences..in my mid 50's and have traveled quiet a bit and visited alot of salons..from the time you walk in everyone is courteous and greets you even if they are not your stylist. And my stylist Nick is going to be my newbff..haha hes super at his job and friendly and fast as well. Then at checkout your

experience is awesome. I give January's an 11 out of 10. Thx sincerely Tammy Matthews

Have had the same haircut for almost 25 years and was VERY anxious about cutting my hair. I am 58 years old and have always had big hair. Told her I wanted it short and a way I could style it quickly, I have naturally curly hair. She cut it shorter and layered it, she also spent 15 minutes blow drying it. To me that's not quick and easy. Then I still have to style it too. I don't wear straight hair, I have curly hair. Wanted kind of a messy look. I guess I just didn't get across to her well enough. Maybe it was my fault. It's just not me. A little disappointed. The salon was great and my stylist was very sweet. Not really anything bad about the salon at all.

My grandma came in from out of town and needed to get her hair done for the week, decided to go to January's Salon. Great atmosphere and everyone was wonderful even though my toddler was there and has no patience. Nick did a great job so I decided to book an appointment with him the next week, since I moved to the area and didn't know where to go. He gave me exactly the cut I wanted even though I wasn't able to pull up the picture I had on my phone. He even gave me great advice on what I should do on an upcoming trip. I will definitely recommend in the future. Thanks

I went in for a new style, donate my long hair to children's cancer patients for wigs, and a beard trim and everything was wonderful! My cut and style were perfectly done and my beard was done extremely well. While no shaves are done a January's Salon everything else was great. The only drawback is the cost but I feel that is more because I haven't had a professional cut in years and haven't kept up with the costs of services. I strongly recommend January's Salon to both men and women as they really listen to you on what you want and do their best to make it happen.

My experience with January's Salon is always great. Ashley does an amazing job with color and cut, i never have to worry if it'll come out good or not. I show her a picture of what i am going for and she does an awesome job matching it and telling me if we should add or take away something. Extremely glad i was referred to her, she has never disappointed.

I think your prices are pretty high i went to Toni & Guy previously and spent no more than \$170 for my daughter and I both with color and cut. Had I known my daughters hair would be \$60 just for color I probably wouldn't have done it . The Sylist who did my daughters hair never discussed the price with me.

I loved the customer service and all the employees here where friendly!!! I loved my color I got!!! But the only reason I'm giving a 3star is because my cut did not turn out how I wanted it!! I even showed a picture and I did not feel I got even close to what the picture showed!! Plus my bangs where cut way too short!!! I hate to leave this kinda of review because my stylist was so sweet!! This won't be the last time I come in!! So you did not loose a customer!! I just need to speak up when I feel like something isn't looking right!!

I had a full color and decided to do the dental whitening procedure too. It was a wonderful experience being able to lie down on a recliner in a secluded room, listen to some relaxing music, and whiten my teeth while my hair color was processing. That was really awesome!! I have sensitive teeth and a dry mouth due to medication so I was concerned about pain. The treatment tingled a little but was not painful at all. My teeth are about 10 shades lighter now and I am very pleased. I am amazed how easy and painless the treatment was. I would encourage anyone who is concerned about teeth stained by coffee or red wine to sign up for this whitening treatment.

I has been in January Salon before, and I always left very please with the servie, but not this time and probably I won't come back again. I choice to have an appointment with a different hairdresser, she don't talk to me much, she left me in the chair the whole time, she didn't put something in my face to try to help to not leave to much stain in my face from hair color, don't even ask if I want my hair blow dry straight or curl, never offer something to drink, my whole experience was a total disappointed.

Was referred to this Salon and the stylist Holly. I have visited three salons since moving to this area in January, 2015 and this was my first positive experience. I have challenging hair: wavy, fine, and lots of it. I wanted a short haircut with keeping the hair on top and bangs long and Holly nailed it! Not to mention the color and gloss treatment really improved the brassy highlights that had emerged from the last stylist. I am referring my sister who is also very particular about her short hair and color.

I submitted a review that I didn't like my hair color after I got my gray roots dyed. I was unaware that I could contact the salon for them to lighten my roots that had turned a very dark blackish/brown with the hair dye. The contact person was very polite and helpful. I am pleased with how they handled my concern. This is a wonderful salon with an excellent atmosphere and gifted stylists. They also use wonderful products on your hair. I wasn't asked to buy any of the products by the stylists on any of my appointments. However, I was so impressed with their performance that I bought the products used on me. The products are the best ones I have bought from any salon of store. My typically frizzy hair with humid weather is gone. That is a miracle!!

My hair color turned out too dark almost black. I have had my hair colored by 2 other stylists with excellent results. This was a new stylist but the color is not what I wanted. It is what I told her I didn't want. Otherwise, the stylist was sweet, polite, and friendly. The price of the coloring was \$71 for an overall color. Nothing fancy and no glazing. That is is high price for an easy application.

I love going into the salon looking one way, and coming out looking like I have been given a new head of hair. Becs listens to what I want my hair to look like, and like magic, she makes it happen. I have been growing my hair out for the past few months from a terrible short cut I got before I started going to January's Salon. On my first visit, Becs cleaned it all up, and created a style that I could grow my hair out with little to no awkward stage. I have seen Becs 3 or 4 times now, and each time I go, I am even more impressed. Way to go Becs! Way to go January's salon! Looking forward to my next visit in 6 weeks!

My hair is very thick and naturally curly. I also work very long days and am a wife and mother. I told Sara that the cut I had left my hair heavy, thick and was taking me 45 minutes to blow dry and then another 30 minutes to flat iron. She was able to leave me with the same cut, but thin and texture it in a way that won't affect the goal of growing my hair back out. My styling time is way down and I still look good!

In the past 4 months I have been to 3 salons trying to get my hair the way I want it. I've spent over \$400 trying to get it to an ombre which shouldn't have been that hard. I went to January's with a horrible orange and red ombre which was supposed to be a blonde ombré. Ashley did my hair and I walked out over the top happy!! She knew exactly what she was doing and so confident with getting it the way I wanted. She exceeded my expectations!

I was super nervous at first because my hair can be challenging and I don't usually go to anyone but a friend of mine. I was able to get an appointment right away and enjoyed my experience. Ashley was super sweet and really listened to what I wanted. I left feeling welcomed and happy with my hair cut. It is kinda dark in the salon but other than that I had a great experience.

I always have an enjoyable time at January's Salon! People are friendly and the atmosphere is comfortable. I always get lots of compliments on my hair afterwards, as well. :-) This visit, something went wrong with the computer system at checkout and I paid too much. Y'all caught the error and called me and corrected it over the phone without me having to come back in. Thank you! I'll definitely be back! :-)

I let her be creative with my haircolor all the time and she does a Awsome job. On my hair cut she is the only one Tht can do the Jennifer Aniston hair cut. Wouldn't trade her for anyone. I am very happy Tht y'all have my best friend work there. Thank you bunches for everything!!

I received a friendly greeting as soon as I walked in the door. While I waited briefly for my stylist to come and escort me to her station, I was able to peruse a tantalizing selection of artisanal soaps and unique jewelry. I felt confident in my consultation with my stylist-an important step as this was my first first visit. Forty-five minutes later, I emerged with a flattering new 'do and a confident attitude to go with it! My experience at January's couldn't have been more pleasant. I booked my return visit on the spot.

"Bex" was GREAT!!! I lost my hairdresser of 4 years - so needed to find a new place and stylist close to home. I took a chance and I'm very glad that I did! I was greeted at the door by a very welcoming staff that was very professional! Bex was able to pick up on some key things with my aging "white" hair that stays colored. I was impressed and pleased with the outcome. I will definitely be back - infact booked my next appointment before leaving! Thanks!

I would definitely recommend another hair salon. I had an all over color with a little trim and bought shampoo and conditioner. I was charged \$171.00 we all know what hair color cost its like \$8 a tube, she only used 2 tubes of color my hair. My hair was done by holli and she was not professional at all

Great salon. It was my first visit; staff was friendly & welcoming & my hairdresser spent a good hour and 15min on me. (My main pet peeve with hair places is when they rush through your cut just to get the next person). Unlike most places, they only cut the amount that you ask to be cut, which is good. Price was reasonable too. (\$41 I believe... More than somewhere like supercuts, but you get what you pay for.) She recommended products that would truly benefit my hair (per request). They also offered upcoming specials and discounts but weren't pushy. Definitely will be going back there!

Simply put, I'm a well travelled National Make Up Artist who has visited Salons across the country and even a few in Europe and what I wish to tell anyone looking for an excellent experience as well as a truly satisfying styling encounter is this: EVERY SINGLE APPOINTMENT FOR FOUR YEARS AND COUNTING has always blown me away and exceeded my high expectations. Period. EVERY TIME. WITH EVERY STYLIST AVAILABLE. Being and working on films in Los Angeles, I trust each and every stylist and all of their products implicitly! (and.. I normally trust NO ONE). This Salon is a little known secret. I will drive the hour it takes and spend the money on gas with no reservation. Perfect and authentic customer service at every turn, no question. They care! Let's just say that the "infamous" OSGOOD ONEIL" SALON that D Mag. speaks of has NOTHING on these stylists and their products! Far more talented, personable and their products don't wear off in 4 weeks!!! Let's just say that in my busy schedule, having my hair done and interacting with these lovely souls is my own private vacation from the typical and predictable. They are like family. PERIOD!! If you do not at least try this place, I have to say that it is to your deficit. I refuse to go anywhere else in this state.

I have to admit I was skeptical after going to salons in McKinney, Frisco, etc. I thought, well its close, but can they provide all the services I want. No only DO THEY, they are a cut above in a few areas of the other uptown salons. I was welcomed, got

the services I wanted, no pressure and my stylist listened to me. I may be behind the times, but know what I want, and they certainly delivered. I have already scheduled my next appointment.

I absolutely love this salon. I've gone to other places and no one can get my hair to lay straight or get it to look so great. The color was fantastic and matched my skin tone very well. I'll will be going back. The only con I have is pricing. I think \$143.00 for a cut and color is pretty steep. Regardless, I'd pay it to have these ladies do my hair.

When we arrived for our appointment there was not anyone at the front. Two stylists saw us walk in but never came to greet us, they just stayed on their phones. I waited for about 5 min and then walked back there and said we were there for an appointment. My daughter showed the stylist the updo she wanted and described how she wanted it loose and to the back (not a side updo) Her updo was nothing like her picture and it was tight. It took over an hour to style the hair and there was no time for my daughter to tell her that it wasn't what she wanted. We needed to leave by 4:30 and didn't get out until 4:45. We have been to January's numerous times and this just wasn't the service that we have had in the past. This isn't the norm but I wanted you to know that we weren't happy with the service.

I love January's Salon! I've been going there for a couple of years now. I mourned the loss of Angie for quite a while and feared my days of getting a good haircut and style were gone. But, the other day Cara cut and styled my hair and she was awesome--she listened to me, offered suggestions on the troublesome decision--bangs or no bangs--and did a great job on a hairstyle that can come out looking like a mullet if not done properly. I highly recommend January's Salon--everyone is very nice and helpful and you will get more than what you pay for...

My cut wasn't at all what I asked for. The back was too short, the top looked like a mushroom and she cut me bangs which I did NOT want. I ended up going somewhere else that evening to get a new cut because we have family pictures next week. Really dissappointed since I've liked the other cuts i've gotten from there. Don't think I'll be back

I had a terrific experience. Misty was friendly, but professional and made changes and recommendations in order for me to get the most out of my session. She could have just given me the massage I booked, Instead, she took the time listen to what was going on with my body and then thoughtfully made changes so I got what was best for me. I was very happy with my experience.

The fact that no one listened to what I told them about my hair from the time when I visited to the stylist that did it. I will never go back in there again. They matched me up with a very very inexperienced person who I was led to believe that she was just new to the shop and not to the profession. I asked for brown and full highlights and I got bright brassy orange/red with yellow half highlights (no it wasn't because of my hair I have done it pretty much the same way for years) I asked for the cut to be layers in the front and 2 layers in the back with only 3 in. cut off didn't happen my hair is chopped she got carried away with some kind of layering scissors and then tried to use a razor! I was done at that time and told them its fine I was ready to leave. She keep saying she was doing it the way she wanted too. Also you are not able to see the color properly because the lighting in the shop is just terrible. In the end my hair turned out too short, uneven with bright brassy orange/red with yellow highlights. I paid/tipped until I could see the out come in a different light. I had high hopes for this place. The funny thing was no one asked me if I liked it.

January's Salon proved to be the best place I have patroned for a hair cut. The staff is great - very friendly and patient - truly make you feel welcome and dedicate time to you as a customer and friend. They are also coming up with numerous ways to

remind you of appointments too - always welcomed. Give it a try and you won't be disappointed!

I like Michelle, she was timely, professional, prompt and had a great personality. Her pricing was more than fair for the amount of time she spent...

It was more than time for a change and with a quick conversation with the stylist and a few of the "I have no idea what that really would be" from me, we were able to arrive at a plan for a cut that was just the thing! A fun new doo at a great price, too!

I love this place. Everyone is sweet and they do their best to work you in when you call with late notice. The ladies are genuinely nice, it is not fake. The prices are a little on the high side compared to the area but not for comparable salons. But be rest assured, it is completely worth it. My color, highlights and cuts are always right on and what I requested. Except for the smell of the color, I always enjoy the experience.

Love January's Salon!!! It's the best -by far- in the entire 380 corridor and maybe even beyond. I've never been loyal to a salon like this, but if we ever move to a different town, I'd consider driving long-distance to this salon :)
