THE WAIT LIST

Milk & Honey Cafe's Quarterly Newsletter

"SOMETHING TO READ WHILE
YOU WAIT IN LINE!"

“

"I won't do business with any vendor who doesn't give me their very best. Ask @moniquerosemgmt how many companies I drop for not giving me the best that they have. I pay on time, i don't owe anyone, I don't want anyone I do business with to have an excuse to not give me their BEST. TAKE THAT SUB PAR SHIT ELSEWHERE!"

Our food cost is high because we only buy the best products to make the best products. How you gonna make Dope food with subpar ingredients? I worked at Roy's for years, never once did we settle for subpar products or service from vendors.

It's in my blood. You want greatness you gotta give it. Even if it hurts or affects your bottom line. But I won't sell bullshit. Take it how you want to."

Welcome to Milk & Honey Cafe

Whether you are here because of word of mouth or because you have read about the success and quality of the food and want to experience it for yourself, it doesn't matter what led you to Milk & Honey, we simply say welcome!

We are sure you have heard about the long wait time to get a table. As you will see that is not hype, it is real.

When Chef Sammy Davis and Co-Owner Monique Rose Simms developed the plan for this café, it was designed to feel small and intimate as if you were at home. Once you are seated and receive your food, you'll see it was worth the wait.

What sets Milk & Honey Café apart from other restaurants is the quality and quantity of our food and our superior customer service.

You work hard for your money. We get that. We also understand you have a multitude of choices to spend your money when it comes to restaurants. This is why we value our customers. We don't want your visit to be a one and done scenario. We want you to come back on a regular basis.

Our servers were hired specifically because no one had to "train" them to smile and be friendly, that comes naturally to them. We value your feedback. If you want to share your feedback, please drop us a line at our website.

Food For Thought.

Our food is great. That is not said in a vain manner, we are simply speaking the truth. Our success comes not from luck, but instead from hard work, being drive and always grinding.

Sleep, what is that? If you really want something out of life, so bad that you can taste it, you have to be willing to work hard and strive for more! Choose never to settle. Choose never to be a lemming and simply follow. Choose MORE for yourself and those you love.

No matter where you are in life today, understand that if you have a dream, TODAY is the day to turn that dream into reality!

Never tell yourself what you want out of life is too big and beyond your grasp. You are sitting in a restaurant of two people that are living proof that it is never too late to see your dreams realized!

"The best way to prepare for your future, is to create it" ~Abraham Lincoln
