

Home Security Checklist

Use this as a guide as you check your home for safety measures. Boxes marked "No" indicate areas where you could take action to improve your home's security. These are just some steps that you can take to decrease the likelihood that you or your home is targeted for a crime.

Exterior Doors:	Yes	No
All doors are locked at night and every time we leave the house--even if it's just for a few minutes.		
Doors are solid hardwood or metal-clad.		
Doors feature wide-angle peepholes at heights everyone can use.		
If there are glass panels in or near our doors, they are reinforced in some way so that they cannot be shattered.		
All entryways have a working, keyed entry lock and sturdy deadbolt lock installed into the frame of the door.		
Spare keys are kept with a trusted neighbor, not under a doormat or planter, on a ledge or in the mailbox.		

Garage and Sliding Door:	Yes	No
The door leading into the home from the garage is solid wood or metal-clad and protected with a quality keyed door lock and deadbolt.		
The overhead garage door has a lock so that we do not rely solely on the automatic garage door opener to provide security.		
Garage doors are all locked when leaving the house.		
The sliding glass door has a strong, working key lock.		
A dowel or a pin to secure the sliding glass door has been installed to prevent the door from being shoved aside or lifted off the track.		
The sliding glass door is locked every night and each time we leave the house.		

Protecting Windows:	Yes	No
Every window in the home has a working key lock or is securely pinned.		
Windows are always locked, even when they are opened a few inches for ventilation.		

Outdoor Security:	Yes	No
Shrubs/bushes are trimmed so there is no place for someone to hide.		
There are no dark areas around our house, garage or yard at night that would hide prowlers.		
Every outside door has a bright, working light to illuminate visitors.		
Floodlights are used appropriately to ensure effective illumination.		
Outdoor lights are on in the evening whether someone is at home or not; or a photocell or motion-sensitive lighting system has been installed.		
Our house number is clearly displayed so police and other emergency vehicles can find the house quickly.
