Parades, Parades, Parades!

By Mark & Pam Delong
Social Directors

On May 18th, 2013 twenty Cornhusker Corvette members enjoyed participating in the Council Bluffs, "We Love Our City" parade. The parade participants enjoyed the longer length of the parade, large crowds and mild weather. After the parade, club members drove to the Quaker, Steak and Lube Restaurant where they enjoyed a delicious meal and great conversation.

May 25th, 2013 saw twelve, bright and shiny Corvettes parading in front of people in La Vista, Nebraska at the annual "La Vista Daze" parade. Warren Hastings opened the parade by escorting the Mayor of La Vista in a 1996 Collector Edition Corvette convertible. As the remaining Cornhusker Corvettes crossed in front of the reviewing stand the history of the Cornhusker Corvette Club was shared with the audience. After the parade the participants joined 6 fellow Corvette members at the Papillion, Texas Roadhouse for lunch.

What is a Greeter?

By Allen Sohl
Greeter

I have been the CCC Greeter for several years. One of our long-time members recently asked me, "What is a greeter? Is it like in Wal-Mart?" At first I was offended, but then I thought, "Yeah, he's right, it is like that ... sort of." I sit at a table near the entrance to Bel Air Banquet Room, and I try to make new members and visitors comfortable when they come through the door. I know how intimidating it can be to enter a large room filled with total strangers. I try to direct newcomers to the Membership Director or to their sponsors so they aren't left standing around not knowing what to do.

I assumed the position years ago, thinking that someone else would surely replace me, but no-one ever did. I guess no-one else wanted the job. In fact, several years passed before the position was even formalized as a Presidential appointment. As such, it is not a Board position.

My main responsibility is signing in members at each general meeting. I greet members as they arrive and ask them to sign in by highlighting their names on a fresh copy of the CCC membership roster (a spreadsheet maintained by the Membership Director)

What is a Greeter?

(Continued from Page One).

I encourage members to check the roster and inform me of any errors they see as they sign in. After the meeting, I forward the roster to the Points Chairman so that the members in attendance are credited with their Club points, and I inform the Membership Director of any corrections to the roster.

- I call attention to whatever items may be available on the table, such as:
- Flyers for events that are not shown on the NCCC West Region Web site
- Sign-up sheets for upcoming events for which a head count is required
- Free patches, pins, pens, booklets, etc. that are up for grabs
- Cornhusker Corvette Club contributor appreciation cards
- NCCC/CCC points standing if available
- Leftover or promotional goodies of various sorts

- To be clear, there are some things I don't provide:
- Copies of the CCC membership roster – See the Membership Director.
- Copies of the CCC newsletter – See the Editor.
- Copies of NCCC sanctioned events – See the West Region Web site.

Whenever members or visitors have questions, I try to answer them or to direct them to someone who knows.

News from Regional Executive

By Jon Manz

We just returned from the governors meeting in St Louis there was a lot of discussion concerning news letters and web sites. The concern was the C7 and not using the logo and so forth as we don't have any rights to use the logo.

Also the articles that we publish in the newsletter are possible copy written so we could be in violation. Other clubs have been in violation because of it and been fined. If you have written to these people and received permission to use there material otherwise we could be in violation. It was also discussed that NCCC will not defend clubs that are not in compliance with copy written articles and so forth.

Due to the above notice from Jon, I won't be publishing material from other outside sources, even if there is no copyright notice attached. The only information that will be published is information submitted by club and board members and/or national or regional news. Please feel free to submit information to the newsletter. The deadline is the first Thursday of each month. If something occurs after that in which you would like to submit, please email me ahead of time and let me know.

David D. Hawks (1949 - 2013)

Dave Hawks passed away on June 5, 2013 after a long bout with cancer.

Dave was a "hard core" Cornhusker, having joined NCCC back in 1980. A formidable competitor, he raced C3, C4, and C5 Corvettes. Dave set road course lap time records, and he broke NCCC 1/4 - mile drag ET records. In 1985 Dave finished in first place in the nation in NCCC competition – the first and only Cornhusker to do so.

Dave served as Governor and chaired numerous competition events over the years. Whenever Dave was chairman, he was easily identifiable by his distinctive attire – wild multi-colored pants and suspenders!

Dave taught automotive technology at the high school level, and he was very proud of the accomplishments of his students. He did his own wrenching, and he was always willing to share his expertise with other CCC members.

Dave was preceded in death by his wife, Deborah, a teacher at Westside High School. Deb participated in CCC activities and served a term as CCC President in the mid 1990s.

Dave is survived by his mother, Gladys Hawks, sister, Trudy Robeson, daughter, Lauren Hawks,

Tim & Gina Ogle are joining CCC with a 2008 Red Coupe. Tim & Gina have traded in their two wheel riding for some four wheel fun and comfort. Originally from Seattle, Washington, the Ogle's were brought to Bellevue 15 years ago courtesy of the USAF. They loved it so much they decided to stay. Currently the Ogle's are self employed Realtors who enjoy traveling, diving, and now their new 2008 Corvette. Tim & Gina decided to join the club after meeting several members at a car show at the Village in Bellevue. Welcome to CCC!

SUMMER FESTIVAL UPDATE

ARE YOU READY TO PARTY???? Summer Festival is rapidly approaching, so it's time to get serious about your plans! If the rumors are true and NCCC is going to hold the 2014 convention over Labor Day weekend, our traditional Summer Festival will have to change. With that in mind, we are striving to make our 2013 weekend very special, and hope you all plan to join us!

The chairman are in place and we are working on finalizing the event sites. If you want to volunteer to help with an event, just contact the chairman listed on the Summer Festival page of our web site. My dynamite design for the T shirts hit a major road block (that's worse than hitting a pylon), but we are back on track and heading for the finish line!

The social highlight of the weekend will be our big Corvette 60th Birthday Bash planned for Sunday night at the Stumble Inn in Bennington. There will be a cash bar, but thanks to a generous contribution from Harchelroad Motors, the food and prizes will be free to all CCC members and Summer Festival event entrants. Mark and Pam DeLong are in charge of the party, so we know it will be spectacular!

The traditional Friday night party will be replaced by the Birthday Bash, however tech only will be held at Gene and Kathy Gaus Friday night. **WE STRONGLY ENCOURAGE EVERYONE PARTICIPATING IN SANCTIONED EVENTS TO TECH FRIDAY NIGHT.**

Thanks,

Anita Poss

The host club event Chairperson, Club Governor, host region RCD, or NCCC VPC at the event may deny or remove any person demonstrating unsafe performance or actions at that event from participating in any events for the balance of that day or weekend. Further, if a person has been documented as behaving in an unsafe manner which could endanger them or anyone else at the event's, that person may be denied participation.

From Your President

..... Kevin Kohlscheen

We are now in the busy season of CCC events and activities. Members have many things to choose from like parades, road trips, car shows, autocross events and NCCC convention coming up at the end of June.

Our club motto is "Something for Everyone" and couldn't be more true this summer. I'd like to give a shout out to all those that volunteer their time to make these events possible.

Next time you attend one on these events, please take the time to say thank you to those who put on the event. There are many upcoming events so check the calendar on the web-site often to stay up to date.

Your President,
Kevin Kohlscheen

Cornhusker Corvette Club supports Toys For Tots

From Your Governor

.....Gary Brisbois

We are off to a good start this year. We had a driving school the end of April and first of May. Several club members came out to see what the autocross thing is all about. Dave and Sue Witchell liked it so much they came to our events in Lincoln on May 18th and 19th. There were a total of 38 drivers to participate in the events in Lincoln so we had a very successful weekend. Thanks to everyone who worked a corner, in timing, in registration, in tech or staging. We couldn't do it without you. I especially want to acknowledge Bob Reade and Mary Ann Angeroth for stepping up and working in timing. We have long needed backup in timing and now we have them. We have also had low speed events in Chariton and car shows in Missouri Valley and Blair. There are a number of events planned in the region and around the country. You can find these events on the NCCC website and on the West Region website

There are several changes being proposed for the 2014 Rulebook that I learned about in St. Louis at the end of April. One of the biggest changes and one that will really impact our club, is combining class for speed events. They are proposing to combine all C4 classes into one and combining H & J into one class. They are also talking about eliminating the Group I class. This means any modification to a stock car including race tires would automatically put you in Group II. They are also talking about reducing the age of passengers for low speed events. The proposed rules would allow an experienced driver to ride with a novice as an instructor and a novice to ride with an experienced driver to encourage more participation. Please let me know your thoughts on all this. The vote on the rulebook will take place in November at the Governors' meeting.

We will be taking off at the end of this month for Bowling Green and the national convention. I am sure I will have lots to report for next month when we get back.

Keep 'em shinin'
