Convention 2016 Update

Our competition season has been completed. Hopefully we have accumulated enough points to remain in first place in the nation, even though the southern states compete until December 15th.

Jerry Koraleski and I have just returned from the Governors meeting in Saint Louis where our club was approved to host the 2016 NCCC convention here in Omaha. Jerry and I will work tirelessly, and with your help, make it a great convention.

Now we can set our sights on 2015. Jon Manz has already begun to round up sanctions for next year and Don Angerth will bring us up to date on what he will have to offer in the way of sanctioned events. How cool would it be to present ourselves with the National Championship trophy in 2016, at our own convention. That would be a terrific photo opportunity, 100 or more Cornhuskers on stage to accept the award.

With your participation, we can achieve that goal. It can be done, and we've proven it. The Cornhusker Corvette Club has won the National Championship 6 out of the last 7 years and 9 times altogether. Can we count on you to help us continue that tradition?

Gene Gau, Convention Director

Veterans Day Parade

By Bill Casball

There is no doubt about it. Members of the Cornhusker Corvette Club love a parade. That was evidenced by over 60 members in 35 cars who showed up on this chilly, breezy November morning. But there was something different about the feeling of this parade, as we gathered at Beardmore Chevrolet. Not the usual party atmosphere, but more of a feeling of pride and reverence.

Perhaps it was the chilly temperatures. Perhaps it was because there are several members of the club who are veterans. Or, perhaps it was because this was a day to honor the people who have served our country in the military.

Bellevue was the perfect place for a veteran's parade because of the SAC air base nearby and the airmen in attendance. In spite of the temperatures, many convertible tops were down and flags were displayed on the cars.

The parade route went through the heart of Downtown Bellevue. There was the usual group of parade entrants, but more American flags than we had seen since the 4th of July.

What really struck me about this parade was not the people in it but rather the people watching it. I saw a young boy with his father, and imagined he was telling the young man what veterans are

and how the military supports our country. The sight of men in uniform around them made it even more inspiring. It reminded me of when I was a boy and my father told me about life in America during World War II.

I remember watching John Wayne war movies and pretending I was my uncle, who was a decorated WWII veteran.

Seeing the airmen reminded me of all of the men and women who are still serving our country and keeping us free.

There was a woman draped in a flag blanket, and she appeared to be getting help from two men who were there. That is what is great about our country. We have our differences, but when people are in need, we rise to the occasion.

What really touched me the most was seeing people holding signs saying, "Thank you Veterans". As a veteran myself, I remember coming back to a country that was apathetic toward veterans and a war that many saw as a chess match between super

powers. There were no "thank you's" then.

Veterans came home from Korea, Vietnam, Iraq, Afghanistan and other conflicts without a parade. But now, even in a time when our country is weary of war, we appreciate our veterans.

The men and women from Offutt reminded us that the veterans – past and present, continue to be a part of our country's legacy.

Maybe that is what made this parade so special. If not for the military, we might have been driving Volkswagens today instead of Corvettes.

After the parade, we gathered at Summer Kitchen for a delicious meal and their famous pastry and muffins. It was a wonderful way to get together and enjoy good friends and food.

Jane Sainz invited everyone to join her at the cemetery to visit her husband Diego. It was a day to remember in so many ways.

I want to take this opportunity to say thank you to all our CCC Veterans. Regardless of when or where or how long you served, your country is proud of you and wishes you a great Veterans Day.

Here is my list of CCC Veterans which I have compiled over the last few years. The only requirement is active duty service or honorable discharge from the military.

Thank you for your service! JB

Visit to a “Not So Spooky” Cemetery

By Bill Cashell

What could be a better way to spend a Sunday before Halloween than a visit to a cemetery? That is exactly what several member of CCC did. Prospect Hill Cemetery at 32nd Parker sits high on a hill overlooking the Missouri River Valley.

The first “residents” of the cemetery were William and Rachel Snowden, who lived in a log cabin at 12th and Jackson St. There are over 15,000 buried on 17 acres, with well known names like Woolworth, Poppleton, Hanscom, Millard and even Buffet (Warren comes to visit at times).

One of the most notable people resting there is William Davis Brown, who was credited with establishing Omaha. He started a ferry business to get people over the river, and decided they needed a place to stay and get supplies when they were here. The story goes that his mother asked, “What are you going to name the town, Brownville?” To that he replied, “Oh, ma....ha!”

It really is a fascinating place, and our hosts were wonderful tour guides. There were no ghosts, but some of the visitors were a little scary.

After the cemetery, it was off to Quaker Steak, a car-themed restaurant in Council Bluffs. If you haven't been there, it has great food and car memorabilia everywhere (including a Corvette hanging sideways on the wall). Quaker Steak was a former CCC contributor and may be again in the future.

The Real Story of Thanksgiving Turkeys

Daniel Boone is one of the most widely known American frontiersmen. Boone's fame stems from his exploits during the exploration and settlement of Kentucky. He first arrived in the future state in 1767 and spent the better part of the next 30 years exploring and settling the lands of Kentucky, including carving out the Wilderness Road and building the settlement station of Boonesboro. What many people do not know is the part Boone played in establishing some of the traditions of Thanksgiving.

It was the fall of 1769, and Boone was exploring the northern part of Kentucky. He came across a clearing with a settlement of the Ford Tribe of Native American Indians. They greeted him warmly, but their real interest was in his magnificent horse. Boone explained that the horse was a former US Army stallion and a veteran of several battles, earning him the honorary title of Corporal.

"What is his name?" asked Chief Flathead.

"His name is Corporal Veteran in honor of his service", replied Boone, "but we call him Cor-vet for short. He was a gift from my friend, General Motors".

"He looks fast", said Chief Flathead. "He might even be a match for our mustangs".

"I've never seen a mustang that could come close to Cor-vet", answered Boone.

This was a challenge that the two men could not ignore. They decided to settle the disagreement with a race. The loser would buy the drinks.

As you might have guessed, the race was over as soon as it started. Cor-vet left the mustangs in his dust. The entire tribe came around to honor this amazing horse. True to his word, Chief Flathead brought out his finest whiskey.

"What do you call this delicious whiskey?" ask Boone.

"We call it Wild Turkey", answered Chief Flathead.

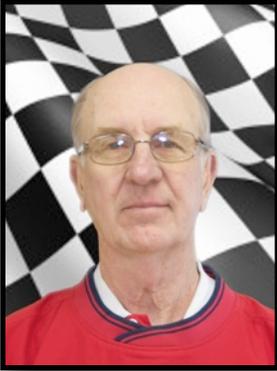

The group partied into the night, and the two men became the best of friends. Boone promised to return every November with Cor-vet and allow him to breed so that the whole tribe could have their own Cor-vets. The tribe was so grateful, they built a monument to Cor-vet on the Green where they played their new game called Bowling.

They made it a yearly celebration, giving thanks and drinking Wild Turkey. Somewhere along the way, people who could not get Wild Turkey whiskey started using real turkeys instead. And that is the real story of the tradition of the Thanksgiving Turkey.

This clever story was written by our very own Bill Cashell. Not only is he a published Author, Speaker & Coach, he has agreed to be next years NEWSLETTER EDITOR!! We are very lucky to have him in our club and I'm excited to see what next year brings.

MESSAGE FROM THE PRESIDENT

Jerry Koraleski

Season's Greeting Everyone.

Kinda want to get a jump on all the fun things in store for us as we move forward. Kathy and I look forward to the Holiday Season with our extended CCC family. Three fun, fulfilling events are planned that I'm sure you will enjoy.

Toys for Tots are a CCC favorite. Can you imagine the look on the face of a little one as they open a package that just happens to be "just what they wanted"! I know you're going to feel good,

too. The Marines will also be there to collect the toys. Always a fun time!

A long time tradition will continue Sunday December 14th. The annual Kidney Foundation sugar-free candy wrap and luncheon will be held. At this time CCC will present to the Nebraska NKF our annual club donation. Ladies, your favorite desert is encouraged and most welcome.

The third fun event is our annual Awards Banquet at the end of January. More on this event in the next issue!

Looking forward to 2015, we face some exciting and unique challenges. Convention 2016 will certainly consume the bulk of our time. Another issue of concern is what will be the best way to keep our club fun and progressive. I encourage any input you may have.

Happy Holidays! Save the wave, Jerry

GOVERNOR'S REPORT

Gary Brisbois

Just got back from the Governors' meeting in St. Louis. It was a busy weekend but a little quieter than usual since the rulebook changes and By-Law proposals were just waiting for the ballots to be counted.

The 2016 convention in Omaha was passed. This wasn't a big surprise since there was no one else making a bid. This is an exciting opportunity to show the Corvette enthusiasts from around the country just what CCC can do. Gene has already done so much to get this going but it will still take lots of volunteers to make this convention a really memorable one.

On the regional front, our banquet will be hosted by Corvette Club of Iowa in Des Moines. There will be more details on this at a later date. The 2015 regional officers are: Jon Manz, Regional Executive; Joe Eller, Regional Competition Director; Sheila Wyman, Regional Membership Director; Linda Hommer, Treasurer and Larry Beebe, Secretary. All regional officers are elected for a one year period.

The Competition Rulebook was approved by the governors. This has been posted on the NCCC website since September. The main changes are as follow:

- Flyer requirements will be changed to allow for written directions without a map and to include insurance coverage information.
- Competitors will be allowed to ride with novices and vice versa.
- Allow 12 year olds to ride as passengers at low speed events with appropriate approval and waivers.
- In group 3, rack and pinion steering will be allowed.
- Propose to allow updating and backdating of wheels in group 1 and 1S.
- Allow aftermarket items in Group 1 and 1S such as cool air intake, aftermarket shift kits, and cross over pipes.
- Class F and Class G will be combined as F/G for all groups.
- Class J and Class K will be combined as J/K for all groups.
- The C6 Z06 Carbon edition and the C6 Z06 with Z07 equipment will be moved from Class N to Class M.

These changes will be in effect for 2015 and 2016. For all the specifics of these changes, go to the NCCC website.

All the proposed By-Law changes were passed with the exception of setting term limits for appointed officers.

The NCCC officers for 2015 are: Dave Heinemann, President; Steve Johnson, V.P. of Membership; Betty Parks, Treasurer; Jim Walton, Parliamentarian and Denny Luther, Director of Public Relations. All NCCC officers are elected for a two year period.

The Standing Rule change to waive renewal fees for members on active deployment over-seas was passed. The governors also passed the Standing Rule change to allow an on-line version of *Blue Bars*. There are several logistics issues that have to be resolved to get the magazine on-line but at least we can now start moving in that direction.

Keep 'em shining, Gary
