National Champions – Again!

SEPTEMBER 2015

There is an old saying, “If you can’t beat ‘em, join ‘em.” Perhaps that is why our membership is so strong. The Cornhusker Corvette Club is a 9 time national Champion, and going for number 10.

Of course, it was no surprise because the results were already in. The national convention in the Poconos was a chance to recognize our club for this achievement.

The first National Champion was the Corvette Club of Iowa (where we will visit Tuesday). CCC netted its first championship in 1978. We have won the last 4, and 6 of the last 7.

CCC President Jerry Koraleski and several other members attended the convention in August and also introduced the contingent to the most lovable lion this side of Africa, with their Roar into Omaha message. The 2016 NCCC National Convention will be here before you know it, and we will all get a chance to attend and help.

Jerry did take a few pictures at the convention, which are on the next page. I would love to say that Jerry is an excellent photographer, but this Newsletter has to maintain some level of honesty.

Congratulations to George & Carolyn Horst for winning the People’s Choice Award (as well as most lovable lion).

Lutheran Church of the Master's Summerfest

Have you ever had to make a decision on Sunday morning to go to a car show or go to church? It is a hard decision. Thanks to the efforts of Ray and Nancy Zimmerman, we did not have to decide. They invited us to a car show at their church. I remember hearing Ray Kennedy say, "I feel like a heathen because I didn't go to church today". I reminded him of where he was, and all was well.

It was a picture perfect day to enjoy the hospitality and festivity of this annual event. We feasted on burgers, hot dogs and followed up with root beer floats. What a great way to spend the day.

Are you ready for the best part? Ray Zimmerman made it a point to remind some of the church members who are in the Porsche Club that they were outnumbered by Corvettes last year. The other members assured Ray that it would not happen again this year. Final result..... (drum roll please)...31 Corvettes to 16 Porches.

When the 4 awards were handed out, the score was Corvettes 2, Porsche 1. The final award for best in show went to Corvette Club member Bob Speckmann and his beautiful '68 Camaro.

Another winner from our club was Bob Reade and his popular "Spiderman" Corvette.

Vettes on the River

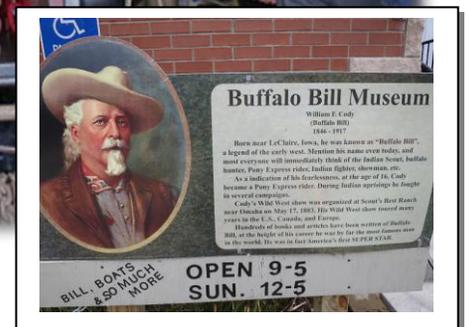

LeClaire, (not to be confused with Éclair for our eager-eater members) is a quaint little town located along the bend of the upper Mississippi River at the intersection of I-80. Le Claire is part of the Quad Cities Metropolitan Area, which include the area of Davenport and Bettendorf (in Iowa) and Rock Island, Moline, and East Moline (in Illinois). As of 2014, Le Claire has a population estimate of 3,929. That population grows by several hundred each August, as they host the annual “Vettes on the River” car show which is on the levee just below Main Street. What a beautiful sight to see hundreds of Corvettes with the backdrop of the quaint Main Street stores and the “Mighty Mo”.

The city takes its name from Antoine LeClaire, a Métis trader of First Nations-French Canadian descent who originally owned the land. Although the city's official name is "Le Claire," it is often spelled "LeClaire," and it has also been recorded as "LeClare". The only French observed there was French Fries and French Toast (although I did hear one person say, “Pardon my French, but this Vette is _ beautiful”).

Le Claire is known as the site of the reality television series American Pickers, aired by the History Channel, and home to Antique Archeology, an antiques store featured on the show.

It is also the birthplace of William Frederick Cody aka Buffalo Bill Cody.

Friday evening, the group of 30 or so members gathered in the meeting room near the lobby of the Hampton Inn. Then, it was off to nearby Granite City (across the parking lot) for a nice evening dinner outside. The sprinkles held off just long enough to do what we do best, and then it was back to the Hampton for more fun with friends.

The drive over was not ideal, as rain and big trucks splashed the nice, clean cars. Saturday morning was overcast, but the cloud cover helped keep the temperature down and it turned out to be a very pleasant day. The cars were all wiped down with the help of Hampton Inn towels.

The car show is also a tribute to veterans, and it opened with a wonderful ceremony.

One of the “must do” items on our list was the annual “Vettes on the River” commemorative glass, available at the small distillery. It was free, with the \$20 purchase of a bottle of peach liquor, which will sit on our shelf until our kids throw it out when settling our estate after we are gone. As if we really needed another glass.

The little town was fun to explore with gift shops, antique shops, restaurants and the most popular store of all, the Chocolate Shop. It is small enough to cover the whole town in an hour of walking, but extends to 6+ hours when you are with someone who likes to shop. My favorite place was the micro brewery, sitting high on the hill with a beautiful view of the river from both inside and the outdoor patio.

The show was great, with almost every kind of Corvette you could imagine. The parking started at 8:00am, with the first arrivals getting their choice of spots. The parking lot is big and flat, all spots seemed very nice. Awards were given out at 3:00pm, followed by a mass exodus. By an amazing coincidence, most of the awards (including the raffle prize of over \$1,000) were given to the host club. This prompted some members to consider joining next year. It was a great show and fun experience.

After the show, some of the club members enjoyed a perfect evening dinner cruise on the big paddle wheel boat. Mother Nature provided a beautiful setting and a full moon.

For the rest of the group, it was back to the Hampton with the big decision of the evening: Where to eat? The choice was a pizza place right next to the hotel. The group (make that the women of the group), discovered that you could get a free commemorative glass from the pizza place (who wouldn't want that prized possession?), with the purchase of a yet unknown number of drinks. The winner was Joan Harshbarger, who collected 3 of these gems and our admiration.

After that, it was back to the Hampton for more fun and relevant discussions of the best pizza toppings and the social value of Calzones. The night included a birthday celebration for Kathy Cashell. She isn't saying which birthday it is. 29 again? Really Kathy? Maybe that is because Corvettes (and the Corvette Club) keep you young. Party on!

Sunday morning included a complimentary breakfast (yep, just like a meet and greet) which many club members turned into a long brunch. Most were not in a hurry to leave the company of good friends and free food. All in all, it was a great weekend getaway. If you have ever had the desire to visit a French town, and a trip to Europe is still a stretch, this is a great place to go. If 5 hours in a Corvette seems like a lot to you (13 hours if you stop at the Interstate Mall and many other shops along the way) you can have fun just visiting the show in your other car like we did. We would have won for Best Toyota, but they don't let anything but Corvettes on the levee after 8:00am. Maybe next year!

Summer Festival Rocks!

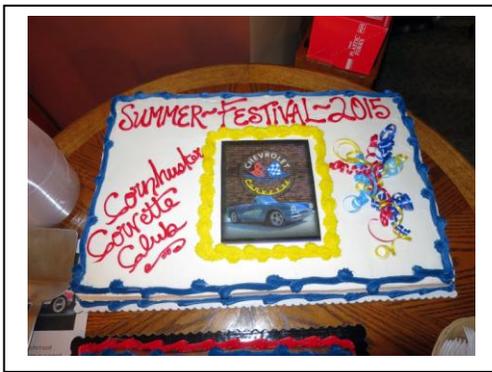

If it is Labor Day weekend, it must be time for Summer Festival. Even though the calendar read September, it still felt like summer as the temperature rose into the 90's. That just seemed to make the keg beer taste even better. This year's festival was directed by Erv Gunderson, and he did a fantastic Job! Thanks for a great time, Erv.

The only person more popular than Erv at this Summer Festival was Bob Hegwood, who was driving a golf cart with a keg of beer on the back.

He was busy filling glasses and pitchers, making sure that everyone stayed hydrated on the warm Friday evening.

The first two days were held at Fox Run Golf Course in Council Bluffs. Sunday was low speed racing at the MAC center in Council Bluffs, and Monday was the high speed racing at RPM track just off Interstate 29, south of Council Bluffs.

Friday night was filled with food, friends and fun. There were burgers and brats being served with beans, potato salad and, yes, more beer.

After doing what we do best (eating) the valve cover racing was held on the patio in back. Precision timing of the races was done by Tim Ogle. This is one of the best valve cover tracks in the solar system. There are rumors of a better one discovered by the Hubbell Telescope in another galaxy, but that has not been confirmed.

Tech was performed by eagle-eyed club members on both Friday afternoon and Saturday morning. All cars used for racing or the rallye had to pass inspection to qualify.

Saturday morning started with the People's Choice Car Show. Surprisingly, all of the entries were Corvettes. Go figure! Even though it was a bit warm, there was a nice breeze and no threat of rain.

After the show, it was time for the Funkanna. Paired contestants had to jump in and out of a Corvette wearing helmets and fasten seat belts. Then, they jumped into a golf cart to navigate a course that included obstacles and challenges for driver and navigator. I'm not sure there were any winners here – just some people who didn't look quite as crazy as others. It was a fun time, thanks to the hard work of Ken and Pattie Bena, along with others who were helping out.

The last event of the day was the Rallye. The beautiful course was laid out by Ron Norgard, with help from Colleen and other club members. Most people raved about the course (a couple of people are still raving because they were lost in the Iowa countryside). The Rallye ended at Mama's Pizza, who is one of our contributors. Some people had lunch earlier at Quaker Steak & Lube, who is another of our contributors.

Thanks to Erv and everyone who worked so hard to make this a great event!

Black Hills Corvette Classic – A First Timers Perspective

By Riley Pentecost

We had our 06 coupe for a few months when we came into contact with Craig and Pam Johnson at the West Point Car Show in September last year. They talked about how much fun they had at the Black Hills Corvette Classic. My son and I decided at that point that we were going.

Our drive started off in a wet fashion as we made our way up to Jerry's Chevrolet in Beresford.

Thankfully the rain stopped by the time we got to Beresford. We picked up our registration packet, they had a lot of volunteers that walked us through what to expect and they answered any and all of our questions. It was great seeing all of the Corvettes and meeting all of the people. This was followed by Hot Summer Nights in Sioux Falls.

The real fun for us started the next morning. We lined up with 140 other Corvettes at the Ramkota Inn before embarking on our caravan across the state with our first stop scheduled for Al's Oasis. It was quite a sight to see Corvettes for as far as the eye could see rolling down I – 90. We were about half way in the pack and everyone fell in line for the first 15 miles or so. Then several cars took off down the left lane. It was fun to pass and get passed by so many cool Vettes. There were a lot of kids going on vacation in the back seat of the family cruisers with their faces up against the window enjoying all of the Corvettes. We also saw a lot of cool license plates. My personal favorite was 401KGON.

After what seemed like no time at all we ended up at Al's Oasis in Chamberlain. They had a breakfast buffet set up for everyone at the rally; they did a good job of getting all of the folks through the line quickly. From that point we were on our own as we made our way to Deadwood where we would be staying.

After a brief rest we headed to the Full Throttle Saloon in Sturgis. It is safe to say the Corvette crowd was a little less rowdy then the biker crowd would probably be, regardless we had a good time and met lots of people from across the US.

We got an early start on our first full day. The registration packet had directions for self-guided tours for those that weren't able to secure a spot in the group tours. Never to fear though, there were plenty of Vettes in the area and we quickly made friends. We toured Mount Rushmore, Needles Highway, Custer State Park and finally Iron Mountain Road. The roads were incredibly smooth and well maintained. We had a blast going through all of the twists and turns of the roads. We also saw plenty of wildlife including Deer, Mountain Goats, and at one point in Custer we were surrounded on all sides by Buffalo.

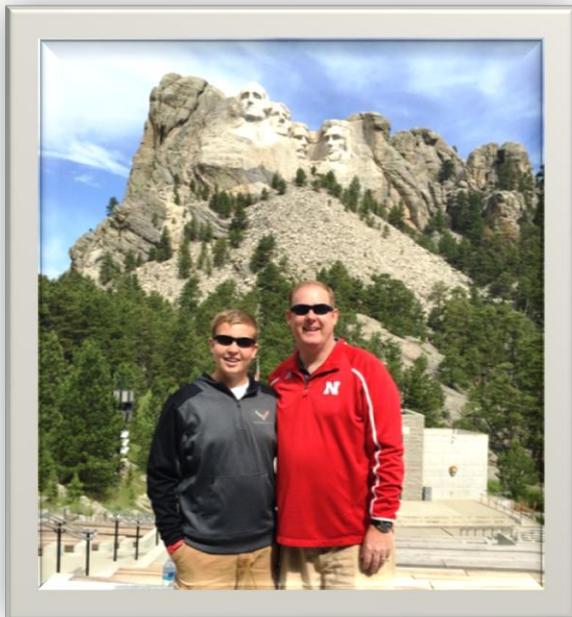

The evening consisted of an amazing ride through the Spearfish Canyon on the way to Vette Street USA in downtown Spearfish. There was a great turnout for this Participants Choice Car Show. We had our only snafu of the weekend, it started to rain while we were eating dinner and you guessed it, we had the top off of our car. Thank goodness it was only a sprinkle and we were able to clean it up quickly without any damage.

Saturday morning was our group tour to Devils Tower. We met early and had a quick drivers meeting, there were 15 total cars in our group. Since our car was yellow, they asked us to bring up the rear so the leader could see the end of the line. The view was great from the back of the pack as we snaked our way to the National Park. We had everything from a brand new 2015 down to a 1963 Vette. It was a relatively quick trip to Devils Tower. They had a special area for everyone to park and we had over an hour to tour the area. We walked the trail that circled the tower which was just about a mile in length. There were several climbers making the ascent to the peak.

We spent the final night in downtown Deadwood checking out the historical bars and downtown area.

All in all, it was a great week. We drove over 1900 miles, met some amazing people, saw an incredible amount of Corvettes, met a lot of passionate Corvette owners, and our arms were tired from waving. If you ever get a chance to experience the Black Hills Corvette Classic – go for it!

Prayers & Support - Dear Fellow CCCers,

When our daughter Erin married Paul Oberhauser, his only sibling, Sarah, also became a part of our family. Sarah married Tim Speichert & their two little sons were added to our family. Their oldest, Super Jack came down with a rare brain tumor just after his 2nd birthday, a few weeks before his little brother, Jase, was born. Our little "Super Jack" fought so hard to stay & the good Lord decided He needed to bring him home on Saturday, August 22, 2015, two months after his 3rd birthday (this is their 1st (impromptu) family picture taken in Memphis TN while Jack was being treated at St Judes)

We'd like to thank all of you for the love, support, care, concern, contributions, kindness, & especially the prayers that you have extended to Jack and all of us this past year. Little Jack touched a lot of lives in his short time on this earth and you all have been such wonderful friends and that means so much.

Thank you & much love to you all,

Sandy & Pat Swift, (& the Oberhausers and Speicherts)

Chevrolet built specially modified 1984 Corvettes for the export markets of European, Middle East, Japanese, and Latin American countries. Changes included different license plate provisions, leaded fuel capability, and electrical, glass, lighting and mirror modifications. The rear window glass in the 1984 Corvette was the largest compound glass ever installed in an American automobile.

Message from the President

As I write this article Summer Festival weekend is now history. A different variety of events took place. As always, a little something for everyone. More on SF 2015 at a later date. Thanks Erv!

The competition season is really winding down fast. One more CCC hosted weekend. CCC has a long and successful drag program. Take a look at the next Blue Bars issue and you will find numerous records held by Cornhuskers. Let's get out to Kearney next month and break a few more. WE can do it!

What is most important and needs your consideration is election of CCC Officers. Nominations will be taken at the next two general meetings. Elections will be held at the November general meeting. Please consider running for a position on the board.

A handful of Cornhuskers were part of Convention 2015. The Poconos provided a great setting for this annual event. The weather was fantastic as well as the competition. The Poconos race track was something to see. Cornhuskers won numerous awards. I don't want to spill the beans so come to the General meeting and find out who the winners are. Congratulations to Joe and Teresa Eller and Kathy Gau for being in the TOP 15 in the nation. We are very proud to have you as Cornhuskers.

Save the wave, Jerry

It was announced at the April 2015 Governor's meeting that Eckler's is back on board as a Platinum Level sponsor for NCCC. Specific information about the sponsorship will also be listed in the Summer 2015 issue of BLUE BARS

but due to timing, some of the information is being included here. Eckler's has offered to participate with NCCC in some new programs.

A PDF Version of the **Summer 2015 Issue of Blue Bars** has been linked on the [Blue Bars](#) page and is now included in the [History of Blue Bars](#).

**General Meeting Minutes
August 20, 2015
Bel Air Banquet Room**

Jerry Koraleski, President, welcomed everyone to the meeting held at the Bel Air Banquet Room. Jerry then led the members in the Pledge of Alliegence. Before the members sat down, President Koraleski mentioned Tim and Gina Ogle for the loss of Gina's father, Jim Leslie's passing, that he had been a past-president of CCC and that Kim Hernandez is still recovering from major surgery.

Marie Manz, Membership Director, read an interesting email she received from a long-time member, Ben Rex who plans to return to the Omaha/Council Bluffs area after serving our

country for 30 years. He is looking forward to participating and volunteering with CCC when he retires.

Marie introduced several new members which brings the membership numbers to 398. She commented that there were two guests in our meeting holding two more applications!! CCC also has 13 social members.

Marie reminded club members that the renewals will go out after Summer Festival sometime in September.

Jerry then asked what the 50/50 pot for the Kidney Foundation was for the night and it was \$130.00.

There were seven members attending that were celebrating birthdays this month and Craig Olson's name was drawn for the first pick from the gift table.

Gene Gau 2016 Convention Chairman;

reported that 35 out of town guests came to run the RPM Convention Warm-up. Some "out of the box" ideas had been used to set up the course and this course will be used at Summer Festival.

Jan Gunderson, Secretary, received a motion to accept the General meeting minutes as published in the newsletter from Pam Delong and

seconded by Cork Adams. Jan gave a pep talk about Summer Festival and how she and Erv learned about the events that will be going on. The conclusion of her pep talk was that she and Erv learned about the events by attending and trying the events.

Tim Ogle, Vice President, and Webmaster, absent, no report.

Tom Horeis, Treasurer, began his discussion with “This is an Easy Report” and ended it with “We are by far in better

shape than we were two years ago.” Tom gave a detailed report and asked for questions of which there were none.

Jon Manz, Governor, no report.

Don Angerth, Competition Director, stated that competition events for our club and region are winding down, that Summer Festival is near and that the drags and low speed events will soon be here.

The drags are on Saturday and the club goes to a nice steak house in Kearney Saturday night (on your own) for some good food and conversation.

The NCCC convention is next week, it can be expensive with the travel and hotels, so CCC decided to have it here next year to make it easy and cheaper for us to attend. And the crowd went wild with laughter.

Pat Swift, Public Relations Director, didn’t take much time at the front, but did thank the members for mentioning to our Contributors that they are from CCC when using their services, because it makes it a lot easier for the

Public Relations Director to knock at their door throughout the year.

Jayne Sainz, and Kathy Cashell Co-Social Director, reflected upon the day at the Sunken Gardens in Lincoln and would like to go back sometime when it wasn’t so **HOT**.

Monica Baxter was asked to the front to talk about the event at Mary our Queen and she was thrilled to report CCC has exceeded their goal of 10 cars.

Rick Harshbarger spoke about the Storm Chaser Base ball game coming up on September 25. Rick has three VIP tickets which include bar privileges for \$33 each. The Harshbargers are also having a birthday bash at their home on September 22 and a band will be playing. Rick didn’t talk about bringing anything but your chair! WOW! (Look back at your update emails from Marie for the details).

A 2nd place plaque was presented by Rick to the club for the Gretna Parade entry of CCC. “Going to have to bring some nails to beat those Old Cars if we want first place next year”, joked Rick.

Jayne then held up a red ribbon that was awarded to CCC for the Wilbur activities.

Last minute details were discussed for the “Vettes on the River” events coming up on August 28-30, and Sharon Renshaw came up front carrying a back pack as her visual to talk about the SID Dillon car show.

Howard and Sharon as chairmen of this show have chosen a backpack program that their church with a membership of 20 is sponsoring this year. Their church is feeding a total of 12 children from 4 families in the Yutan area and all proceeds from this show will help this church buy food for these children. The Renshaws are hoping for 30 cars @ \$10 each (entry fee per car) to make \$300 and would be so thrilled to be able to collect that amount for their program.

Jayne mentioned that Rod Penner is going to organize a trip to Brownsville this fall for our club.

Kathy Brisbois presented an idea to spice up the December General Meeting. Design a tree that is no taller than 2 feet, bring it to the meeting and the contest will be run like a PC car show.

Ray Zimmerman, who has a happy Pastor, spoke about the upcoming event at his church.

Bill Cashell, Editor, has returned from Table Rock Lake with his humor, his wife and a boat for sale. I must say after his humorous story of getting a 22 foot wide boat out of a 18 foot wide shed, with all 7 tires flat, and the steering wheel flying off (was that how it went?), I’m not sure I’ll ever set sail again or that he’ll get the boat sold. The way things started out for Bill, I wouldn’t have been surprised his “excuse” for the newsletter being late was that it fell into the water off the dock while he was enjoying the beer that his sweet little wife enticed him to drink. You can always count on Bill for a good story and A great newsletter no matter when you get it! Thanks, Bill!

Bill has rounded up a member who went to the Black Hills Classic to write an article about it and he’s also talked Kathy Brisbois into writing about NCCC Governor’s meetings and the kinky things they do there. (There’s that humor again). Bill encouraged members to ask questions of Kathy so she can tell us more about the NCCC organization.

Ervin Gunderson, Summer Festival Chairman, started his portion of the meeting with a boring rendition of the history of Labor Day. After nearly everyone had nodded off, Erv

took the paper he was using, crumpled it up and threw it on the floor. “Well, enough of that”, he said as he now had everyone’s attention. Our group is pretty quick, as they saw the humor in Erv’s presentation of the history of Labor Day.

Erv explained that Summer Festival is an event that's held over Labor Day Weekend and it begins on Friday night with a party at Fox Run Golf Course in Council Bluffs. There will be teching, food, valve cover racing and beer. Something was mentioned about Dave Ferguson??????? Erv gave a quick run down on the events and when asked where the party was on Friday night, he read off the address from the flier.

Suddenly and out of the blue, it was mentioned three guests had been overlooked in welcoming—Brian and Stacy Daniels and Terry Murkins. A proper welcome was made to these guests.

JB Benedict, Points Chairman, stated that CCC is 13,000 points ahead of the second place club in National points. He also reported that Teresa Eller is #1 in the women competition standings and that Joe Eller is #2 in the men's competition national standings.

JB had a printout showing points to look at on the back table.

Jerry Koraleski announced that nominations for officers will begin next month.

It was at this time that Terry Murkins of H&H Chevrolet thanked the club for participating in

the H&H All Chevy Car show. He reported that there were 450 cars and 145 of them were Corvettes. He also spoke about the new warranty that H&H Chevy is offering, about the newsletter H&H sends out and also about the Corvettes that are on their way to his showroom.

Old Business- Gene Gau showed the preliminary promotional video that has been made for next year's convention which will be held in the Omaha area. Gene warned us ahead of time that some editing and additions were going to be made, but it was an entertaining and interesting viewing. As Secretary, my comment would be that there has been a lot of thought and work put into not just this video, but to the convention that is sure to "knock our socks off".

Kathy Koraleski won the 50/50 pot.

New Business- none

Motion to close was made by Rick Harshbarger and seconded by Ray Kennedy.

Respectfully Submitted,

Jannette Gunderson
