

It is hard to believe that we are already at the end of the school year. We have seen our kids grow and succeed. We could not do it without everyone's support. Be sure to check out the calendar to stay informed. Continue reading below for some important information and a brief outline of events for this month.

- We will be taking over WKVI, 99.3 FM for our **Annual RadioThon on May 5 from 10-4**. You will hear inspiring stories from club kids, their families and special guests. We will also be presenting the amount we raise through aluminum can donations. Your donations help us provide a safe and engaging place to help our kids achieve their personal and academic best. Pledge sheets will be going home with the students and will be available at the dismissal table. You can also donate at thescyc.org. Please help us spread the word about the amazing opportunities club offers our kids, their families and the community.
- SCYC would like to thank everyone who donated to **Cans for Club**. We recycled more cans this year than we did last year. Your generosity not only helped club but also kept many cans out of the landfill. We will announce the total amount we raised during RadioThon.
- Are you looking for something for the kids to do this summer? SCYC will be hosting a summer program in June. Beginning June 6 and ending on June 29, SCYC will provide activities for students in grades kindergarten through 8th grade. Space is limited. Free breakfast, lunch, and transportation will be provided. We will take a field trip too. Take the boredom out of summer and get busy with club! See Ms. Linda for more information.

Family Corner

Family Fridays continue to grow. Thank you for your attendance and a special thank you to our presenters for taking time to share their knowledge. Each week we invite you to join us at 4:15 for fun activities. By attending, you show your child you care and that club matters. Below is a description of this month's activities.

May 5- Ms. Crystal will be here to do some activities with us and discuss ways we can all stay healthy.

May 12- North Judson Police Department will visit us to show us how the canine unit keeps our community safe.

May 19- Family Picnic- Join us as we celebrate the last day of club with food and fun.

All interested family members should see Linda during club, email lindah@thescyc.org, or call the office at 574-772-1600 x 1851.

In the Know

We are committed to the academic growth of the students. We strive to see them grow by learning about cultures, recipes, games and crafts. Below are some highlights from this month and some fun things to do to spark conversations in the car, at dinner or at bedtime.

Cooking

The weather is getting warmer and we start to think about picnics, which is a great time to have the kids help us cook. Easy dishes we like for picnics can help a kid gain confidence with their cooking skills.

STEM

We can use science, technology, engineering and math more than we realize. Building a tower or even a cardboard fort can help improve these skills. It can also be a fun activity for the family.

Create

Did you know that there are so many things that we can do to help our kids be more creative. Create a Mother's Day gift or paint a picture. The kids will enjoy the experience and you will create memories.

CIA

It is a small world so it is important for us to teach our kids about other cultures so that we can foster understanding. Take a moment to learn about a different culture by trying a new dish, playing a new game or learning a few phrases in a different language.

We are all looking forward to working with the students to help them learn and grow.

May 2017

Monday	Tuesday	Wednesday	Thursday	Friday	Sat/Sun
1 K-1 Kidz Lit 2-3 Lego Robots 4-5 Beach Ball Math 2 nd Rotation Choose: Super Support Posters, Gravel Monster, or Mexican Holidays	2 K-1 Beach Ball Math 2-3 Kidz Lit 4-5 Lego Robots 2 nd Rotation Choose: Super Support Posters, Gravel Monster, or Mexican Holidays	3 K-1 Leg Robots 2-3 Beach Ball Math 4-5 Kidz Lit 2 nd Rotation Choose: Super Support Posters, Gravel Monster, or Mexican Holidays	4 1 st Rotation Choose: Game Room, Build & Play or Technology 2 nd Rotation Choose: Milkshakes, Spring Painting, or Garden	5 1 st Rotation RadioThon- Super Hero Party Family Friday at the Elementary- Ms. Crystal from IU Health	6/7
