Welcome to SCYC!

What an amazing year it has been and it seems as though the time flew by. We have seen growth in our program and in our students. We appreciate all the support we have had from the parents and the school. Together we are making a difference in our students and our community.

We are seeing success with our peer tutoring and one on one instructor assistance. As we approach the end of the year, we know that some students may need a little extra help preparing for finals and ECAs. Please let us know if your student is struggling. We can schedule some one on one time with our peer tutors or instructors. We want to see all of our students succeed.

We will be hosting a summer program this year. If you know of a student in grades 6-12 that could benefit from a fun enriching environment, a safe place to be or would like to participate in some fun activities, please have them call 574-772-1600, ext. 1851 or they can contact Ms Linda at 574-806-5254. We look forward to meeting many new faces.

To keep things interesting for the students, we will offer a variety of stations, or activities to keep them moving and learning. This month's stations include:

- **STEM:** Your students will use hands-on activities to build kites and work with Lego Robots. They will also learn about protecting the earth by recycling.
- **Move:** This month the students will learn more about staying healthy through physical activities. They will get active while playing Wii sports and learn about the sport of volleyball.
- **Social Interactions:** This camp is to help all students work on their team building and life skills. They will participate in various activities such as board games and sports, helping them learn leadership, communication, problem solving skills, and showing respect.

As always, our stations are supported by the Indiana Academic Standards. Our homework room is always open and there will be many chances for one-on-one tutoring.

For more information on The Starke County Youth Club, visit www.thescyc.org.

Thoughts from the Coordinator

We will be taking over WKVI, 99.3 FM for our **Annual RadioThon on May 5th from 10-4**. You will hear inspiring stories from club kids, their families and special guests. Your donations help us provide a safe and engaging place to help our kids achieve their personal and academic best. We offer homework help, tutoring, life skills and cultural programs. Pledge sheets will be going home with the students and will be available at the dismissal or you can donate at thescyc.org. Please help us spread the word about the amazing things club offers our kids, their families and the community.

This month we will have a special guest joining us. The **North Judson Police Department** will join us on **May 12** to highlight the work of the **Canine Unit**. We will also have our **Annual Family Picnic on May 19**. Join us for some food and fun as we celebrate another fantastic year of club. We hope to see you not only at this Family Friday, but also at least four times throughout the year. Family events start at 4:15 and are held at the elementary school.

Thank you,

Linda Howell, Site Coordinator
