Starke County Youth Club

"Building a Brighter Tomorrow"

Oct. 1, 2017
Volume 13 Issue 3

Welcome to Club! We have seen our program and our kids grow so much already this year. We look forward to many opportunities to come. Be sure to read below for important updates and information.

- Thank you for making our Family Day Dinner a success. We are pleased to see the commitment our families have to helping students succeed. A Special Thank you to Drug & Tobacco Free Starke County for sponsoring our dinner, and to Cheryl Miller for catering the tasty menu.
- Club will be closed **Oct. 16th – 20th** for **Fall Break**. We will resume normal programming **Mon. Oct. 23**. Please enjoy this time with your family.
- We will wrap up our **Butter Braid** sale on **Oct. 13**. Please have order forms and money turned in so that orders can be placed. Be sure to make checks payable to SCYC. Butter Braids will be delivered **Nov. 10th**. The money we raise helps support all the fun, educational activities club offers.
- In an effort to keep all the kids safe, we ask that you bring identification and remain in the hall when picking up kids. We understand that you are busy and will do our best to make sure that pick-ups are prompt.
- As the weather starts to get cooler, we have many kids leave personal items when they are picked up. We will do our best to remind the kids to grab everything but occasionally things get left behind and end up in lost & found so please ask to check that space often.

Family Corner

Family Fridays continue to grow. Thank you for your attendance and a special thank you to our presenters for taking time to share their knowledge. Each week we invite you to join us at 4:15 for fun activities. By attending, you show your child you care and club matters. Below is a description of this month's activities.

Oct. 6- Family Dodge Ball- Come join us as we play a friendly game of dodge ball with the kids

Oct. 13- North Judson Fire Department-Come see the fire truck and learn about fire safety in honor of **National Fire Prevention Week**.

Oct. 27- North Judson Police Dept.- Come meet the police Chief and learn how the department keeps our community safe.

Nov.3 – FFA – Join us along with FFA as we learn about fall farm safety.

All interested family members should see Linda during club, email lindah@thescyc.org, or call the office at 574-772-1600 x 1851.

In the Know

We are committed to the academic growth of the students. We strive to see them grow by learning about cultures, recipes, games and crafts. Below are some highlights from this month and some fun things to do to spark conversations in the car, at dinner or at bedtime.

STEM

In STEM, we will be working on Lego robots and learning about colors in nature with Kidz Science. Some science activities you can do at home include taking a walk to look at the color change, collecting leaves and sorting by color or size, or using natural objects such as pinecones or twigs to build something fun and crafty.

Cooking

We hope to inspire budding chefs in our cooking center. This month our junior chefs will try recipes using fall ingredients. Some fun things to do at home are having kids measure ingredients or improving their literacy by reading the recipe.

Move

We want to help keep kids active, so this month they will be active as they learn about football, soccer and kickball. A fun way to get the family moving is taking walks or playing catch together.

Culture Center

In our Culture Center this month, we are looking at France. The students will learn about their culture, sports and try their hand at making a French dish. Some fun things you can do include trying a recipe from another country or learning how to say hello in another language. We live in a global community so let's get to know those around us.

We are all looking forward to working with the students to help them learn and grow.

Be sure to listen to WKVI 99.3 for closing and dismissal information. Like us on Facebook or visit www.thescyc.org for additional information.
