"Building a Brighter Tomorrow"

Welcome to SCYC! As we head into spring we would like to thank everyone for their support. We have watched our program and our kids grow so much already this year. We look forward to many opportunities to come. Be sure to read below for important updates and information.

Club will be closed **March 26 – March 30** for Spring Break. Enjoy the time with your families. We look forward to seeing everyone on April 2, 2018. Please visit [www.thescyc.org](http://www.thescyc.org) or the SCYC Facebook page to be sure to get the latest information.

Testing season is here and club wants to be sure that all of our students succeed. If your student needs extra help, please let us know so we can help them achieve academic success.

SCYC Spirit Wear is on the way and we hope your family gets in on the action. From SCYC t-shirts to hoodies and more, your family can show support for club. All proceeds will help keep club growing and strong. Be sure to watch the dismissal table for details. Grab your SCYC gear today!

As the semester comes to the halfway point, be sure you are helping your students achieve their SCYC goals. Your goals include attending club at least 60 days and having an adult visitor at least four times this year. Check the sign in sheets for your family's status.

Warm weather means more activities can go outside. Please be sure your student is wearing safe shoes and a warm, long sleeve jacket. Proper clothing for outside ensures everyone can join the activities throughout the day at club.

## Dates to Know

Family Fridays continue to grow. Each week we invite you to join us at 4:15 for fun activities. By attending, you show your child you care and club matters. Below is a description of this month's activities and important dates:

**3/9/18- Family Friday- Ms. Crystal- IU Health-** Join us to learn some ways we can all stay healthy

**3/16/18- Family Friday- Ms. Mandy- Purdue Extension-** Come make a healthy recipe with us.

**3/23/18- Family Friday- Ms. Tabitha- Kids & Canvas** - Join us as we learn how to paint a spring themed picture.

**3/26-3/30- Spring Break- No Club**

## In the Spotlight

We are committed to the academic growth of our students. We strive to see them grow by learning about cultures, recipes, games and crafts as well as academic subjects. Below are some highlights from this month. You can also find some fun things to do to spark conversations in the car, at dinner or at bedtime.

### Elementary

#### CIA

We have heard the saying "It's a small world" and it is. We have so many opportunities to encounter different cultures. This month we are exploring Thailand through crafts and food. You can experience the taste of another culture at home by trying a food from a different country.

#### Technology

Kids often get a lot of screen time but not all of it is good. Did you know that club and the school offers programs that the kids enjoy that are educational too? Programs like IXL, MyOn and Prodigy are accessible at home, wherever internet is available. Logon and explore the academic fun together.

#### Community Service

Helping others can make us feel good. This month we are taking a moment to thank the school staff for all they do to help the kids we care for. You can show kids how important community service is by encouraging them to show gratitude and take time to help those around them.

### Middle School

We are seeing growth in our middle school students. It is so rewarding to see academic improvement and to see them taking time to help younger students. I know that our students can achieve great things and together we can help them along their path to success.
