Youth Lead

Written by : Chris and Kynsey

We get the exciting opportunity at SCYC-ODHS to learn many skills and techniques. Coming up during the Month of March and April we will now get to learn some beneficial leadership skills. One of the great things about this program, which is called Youth LEAD, is that it is run by us! We will lead the students in sessions that include learning about leadership and drug resistance skills as well as participating in some fun activities. It will all end with a service project and celebration! We will be running this program every Tuesday and Thursday during club time.

We hope that you will be able to attend this great program and learn some exciting skills right along with us. We will also have the ability to provide input on the sessions and program itself to help make it better for groups in the future! Please help us by turning in your permission forms and participating right along with us in Youth LEAD!!

Help SCYC Raise Money for our Great Kids, and Get Help with your Taxes!

You can help SCYC raise money for our wonderful kids by getting your taxes prepared by H&R Block or Block Advisors this year. Present the referral code **40010001097400** at your appointment. If you are a NEW client, SCYC will get a \$20 contribution. Thank you! You can visit <http://www.hrblockreferrals.com/NonProfit/KitFlyer/40010001097400> for even more information. This program runs through April 15th, the end of tax season. You can feel good knowing you helped our Club raise money while getting your taxes done!

Engage With What Your Students are Learning

Looking for ways to connect with your students? How about playing a game like Jeopardy together with your family and letting the students design the answers and categories! Or, ask the students what recipes they have learned to make and arrange a time for them to cook the family dinner! Get creative and find ways to connect with your students; They will thank you for it!

Order Your SCYC Spirit Wear

Get in on the fun and order your SCYC Spirit Wear today. From t-shirts to hoodies, hats to headbands, SCYC gear is a great way to support the program. Pick up an order form today!

For more information on The Starke County Youth Club, visit www.thescyc.org and be sure to like us on Facebook.

March Clubs

This month we have many exciting clubs happening!

In our **CREATE** club the students will be able to continue their drawing projects, learning new techniques and how to use various drawing utensils, and creating art on different mediums such as canvas, watercolor paper, etc.

Our **CULINARY** club will have our students making muffins, biscuit chicken dinner, and a breakfast casserole.

Our **STEM** club will include LEGO robot building, creating a “glove phone” and exploring the training astronauts go through at NASA!

In our **EXPLORE club**, we will learn about culture and customs of Korea, Poland, and Belize.

We will also have **YOUTH LEAD** this month which is an exciting program that allows our students to gain leadership and drug resistance skills!

Be sure to contact Ms. Amber for membership information, if you would like to join the fun!

Have a great month,

Amber Stephan
