Starke County Youth Club

April 1, 2018
Volume 13 Issue 9

"Building a Brighter Tomorrow"

Welcome to SCYC! We would like to thank everyone for their support. We have watched our program and our kids grow so much already this year. We look forward to many opportunities to come. Be sure to read below for important updates and information.

RadioThon is getting closer. Help club create super kids by listening to **WKVI** on **May 4th from 10-4** to hear inspiring stories and ways you can help support us as we support kids in the community. Your donations help us provide a safe and engaging place to help our kids achieve their personal and academic best.

Club will be closed **April 9 – April 10** for Staff Training. Enjoy the time with your families. We look forward to seeing everyone on April 11, 2018. Please visit www.thescyc.org or the SCYC Facebook page to be sure to get the latest information.

SCYC students in grades 3, 4, 5, and 6 are invited to join us on a field trip to Wonderlab in Bloomington, IN on Saturday, April 28. See Ms. Linda for details.

SCYC Spirit Wear is still on sale and we hope your family gets in on the action. From SCYC t-shirts to hoodies and more, your family can show support for club. All proceeds will help keep club growing and strong. Be sure to get your order in by April 16th. Grab your SCYC gear today!

As we get closer to the end of the school year, be sure you are helping your students achieve their SCYC goals. Your goals include attending club at least 60 days and having an adult visitor at least four times this year. Check the sign in sheets for your family's status.

Dates to Know

Family Fridays continue to grow. Each week we invite you to join us at 4:15 for fun activities. By attending, you show your child you care and club matters. Below is a description of this month's activities and important dates:

4/6/18- Family Friday-Family Dodge Ball- Back by popular demand. Join us for a friendly game.

4/13/18- Family Friday- FFA- Come learn about farming and see the animals.

4/20/18- Family Friday- Family Game Night - Join us as we engage in board games the whole family will enjoy.

4/27/18- Family Friday- Ms. Mandy- Purdue Extension- Learn how to make a fun, healthy snack for the family

4/28/18- Field Trip to Wonderlab for grades 3, 4, 5, 6

In the Spotlight

We are committed to the academic growth of our students. We strive to see them grow by learning about cultures, recipes, games and crafts as well as academic subjects. Below are some highlights from this month. You can also find some fun things to do to spark conversations in the car, at dinner or at bedtime.

Elementary

Improve

We often do not think about the math we use daily. From telling time to figuring out a schedule, we use those skills every day. We can help kids by having them help us schedule or even figure out how much time it takes to get to a destination.

Craft

There are so many things we can do to inspire kids to be creative. Doodling, painting or even simple crafts can let kids explore a talent they may not realize they possess.

STEM

STEM is all around us. We use science, engineering, technology and math all the time so why not encourage kids to try their hand at building, exploring and designing something that interests them.

Middle School

We are so proud that our students participated in the Youth Lead Program. They learned a bit about themselves and how to make decisions like a leader. As a wrap up to Youth Lead, they will be hosting a food drive that will benefit the local food pantry. Great Job guys!

Be sure to listen to WKVI 99.3 for closing and dismissal information. Like us on Facebook or visit www.thescyc.org for additional information.
