

Optima Steamer Accessories

A70015 Steam Gun K26 w/ 3.5mm Nozzle

Standard Gun is included in all Optima Steamers.
3.5mm Nozzle installed (shown)

A70019 Steam Gun RL22 w/ 5.5mm Nozzle

Power Gun with 5.5mm nozzle tip produces a higher output of steam. Steam hose connects to front of gun minimizing indirect heat. Recommended for use with Power Hose.

A70274 Steam Gun K26 w/ Quick-Coupler

Quick Coupler allows for easy connect/disconnect of all lances, nozzles, & specialized wands. 1x included (depending on model) in 2014 package.

A70009 Steam Gun K26 w/ Silence Nozzle (7")

Power gun with 5.5mm nozzle tip produces a higher output of steam. Steam Hose connects to front of gun minimizing indirect heat. Recommended for use with Power Hose.

A70010 Steam Gun K26 with nozzle, L.300 (12")

Standard Gun with 3.5mm nozzle tip. Extension is long enough to reach areas where needed, without limiting maneuverability.

A70011 Steam Gun K26 with nozzle, L.450 (18")

Standard Gun with 3.5mm nozzle tip. Extension allows for further reach with accessibility to narrow areas.

A70013 Steam Gun K26 with nozzle, L.1000 (40')

Standard Gun with 3.5mm nozzle tip. Extension is long enough to reach areas where needed, without limiting maneuverability.

A70014 Steam Gun K26 with Weed Removal

Concentrated steam in Bell Housing safely kills weeds/unwanted shrubs without chemicals. Ergonomic extension w/ 3.5mm nozzle tip allows for ease of use on surface.

Optima Steamer Accessories

A70864 Shutter K26

Easily repairs steam guns & corrects any leakage from nozzle tip of steam gun. Made from Stainless Steel.

A70030 Steam Hose 5 Poly 3/8" 10m (33')

10m standard hose included in all Optima Steamers. Manufactured to withstand high temperature and pressure.

A70057 Steam Hose 5 Poly 3/8 15m (50')

15 meter hose provides 17 feet of added length compared to a standard hose. Manufactured to withstand high temperatures and high pressure.

A70058 Steam Hose 5 Poly 3/8 20m (65')

20 meter hose is double the length of standard hose, allowing more maneuverability. Manufactured to withstand higher temperatures and high pressure.

A70039 Power Steam Hose 5 Poly 3/8 10m (33')

10 meter Power Hose allows for larger output /spray when combined with power gun or larger nozzle tip (5.5mm) on standard gun. Due to larger output, this may increase water consumption.

A70059 Power Steam Hose 5 Poly 3/8 15m (50')

15 meter Power Hose allows for larger output /spray when combined with power gun or larger nozzle tip (5.5mm) on standard gun. Due to larger output, this may increase water consumption.

A70060 Power Steam Hose 5-Poly 3/8 20m (65')

20 meter Power Hose allows for larger output /spray when combined with power gun or larger nozzle tip (5.5mm) on standard gun. Due to larger output, this may increase water consumption.

A70026 Steam Nozzle 305mm+PF20B

Easily convert Quick Coupling Gun (A70274) back to the same capability of the Standard Gun (A70015). A70274 required.

Optima Steamer Accessories

A70247 Flat Nozzle 100x50 + Quick Plug

Flat nozzle is 2 inches wide, allowing flat and even spray for a variety of uses. Nozzle can turn 360°, allowing for the nozzle to enter into small and linear crevices. A70274 required.

A70248 Flat Nozzle 100x100 + Quick Plug

Flat nozzle is 4 inches wide, allowing flat and even spray for a variety of uses. Nozzle can turn 360°, allowing for the nozzle to spray in linear form. A70274 required.

A70249 Crescent Nozzle + Quick Plug

Special crescent shape allows even spraying on round edges or cylindrical shapes. Lowers the amount of passes needed on rounded edges as the nozzle sprays from multi-directions. A70274 required.

A70025 Flat Fan Nozzle 50

Flat Fan Nozzle 50 sprays over a larger surface area, while lowering the noise level and pressure for delicate surfaces. A70274 required.

A71608 Turbo Steam Nozzle + Quick Plug

Allows more force with a "brushing & rinsing" action of the spinning rotor - Extra cleansing power along with a rinse of steam. A70274 required.

A70021 Silence Steam Nozzle + Quick Plug (8")

Connects to quick coupling gun, which lowers decibal count when working in a quieter environment. A70274 required.

A71607 Silence Steam Nozzle + Quick Plug **NEW**

Connects to quick coupling gun, which lowers decibal count when working in quieter environment. A70274 required.

A70303 Lance 100 w/ Brush Holder + Quick Plug (6")

Smallest lance allows connection to any brush. For use with Quick Connect Gun. Uses 4-ring Brush Holder that adapts best to larger brushes/scrapper. A70274 required.

A70256 Lance 250 w/ Brush Holder + Quick Plug (12.5")

Medium lance allows connection to any larger brushes. For use with our Quick Connect Gun. Uses our 4-ring brush holder that adapts best to larger brushes/scrapper. A70274 required.

A70257 Lance 400 w/ Brush Holder + Quick Plug (19.5")

Large lance allows connection to any larger brushes. For use with our Quick Connect Gun. Uses 4-ring brush holder that adapts best to larger brushes/scrapper. A70274 required.

Optima Steamer Accessories

A70254 Lance Vented-Grip 1000 with Holder + Quick Plug (40")

X-Large lance allows connection to large brush. For use with Quick Connect Gun. Uses 4-ring brush holder that adapts best to larger brushes/scraper. A70274 required.

A70290 Lance 250 w/ Short Brush Holder + Quick Plug (12")

Medium lance allows connection to any smaller brushes. For use with Quick Connect Gun. Uses 2-ring brush holder that adapts best to small brushes/scrubbing pad. A70274 required.

A70289 Lance 400 w/ Short Brush Holder+Quick Plug (19.5")

Large lance allows connection to any smaller brushes. For use with Quick Connect Gun. Uses 2-ring brush holder that adapts best to small brushes/scrubbing pad. A70274 required.

A70297 Lance 900 with Short Brush Holder + Quick Plug (40")

X-large lance allows connection to any smaller brushes. For use with Quick Connect Gun. Uses 2-ring brush holder that adapts best to small brushes/scrubbing pad. A70274 required.

A70285 Lance 700 with Brush Holder + Quick Plug (30")

Straight lance for simple extension. Uses 4-ring brush holder that adapts best to larger brushes and scraper. A70274 required.

P81515 Steam Extractor Hand Tool

Designed to connect to steam hose, Hotty-vac or current shop vacuum. Controlled spray chamber ensures no over-spray. For prolonged use with comfort grip that also shields heat. 4" wide spray and 1 1/2" hose fitting.

A71609 Tornado Floor Spinner

Tackle any floor surfaces - even uneven ones. The rotating steam jet at high speed increases the steam jet pressure, generating a "tornado effect." Compatible for connection with 1.5" vacuum hose for extraction. A70274 required.

Optima Steamer Accessories

70345 Brush D.26 w/ Brass bristles (1")

Brass bristles for tough or metal surfaces that require extra scrubbing force. Works best with short brush holder, but also adapts to larger brush holder. Not recommended on painted surfaces. A70303, A70256, A70257 or A70254 required.

70346 Brush D.26 with Polyester Bristles (1")

Polyester bristles allow for scrubbing action for tough grime but gentle enough to avoid scratching paint or delicate surfaces (tile grout, window sills). Works best with short brush holder, but can adapt to larger brush holder. A70303, A70256, A70257 or A70254 required.

70347 Med. Brush D.65 with Polyester Bristles (2.5")

Polyester bristles allow scrubbing action for tough grime but gentle enough to avoid scratching painted or delicate surfaces (Tile grout, window sills, etc). Recommended when larger scrubbing area needed. Best connects to any lance with short brush. A70303, A70256, A70257 or A70254 required.

70284 Lg. Round Brush D.100 with Nylon Bristles (4")

Larger Nylon bristles allow for harder scrubbing action when needed. Easily connects to any lance with larger brush holder. Best used for hard surfaces (concrete, brick, etc). A70303, A70256, A70257 or A70254 required.

70287 Pad 100 (4")

Scrubbing pad can be removed from pad holder for easy cleaning or one time use. 70288 required.

**70288 Pad Holder 100 (Rounded plate w/ Velcro)
*Requires part # 70287**

Holds scrubbing pad in place with Velcro for easy removal. Adapts best to lances with small brush holder, as large brush holder can protrude from base of pad. A70303, A70256, A70257, A70254, A70290, A70289 or A70297 required.

Optima Steamer Accessories

A70948 Combination Lance Kit w/ Scrubber + Squeegee

Combination Scrubber allows for scrubbing on softer, more delicate surfaces - Swivel spray bar allows for spray to be used in combination with scrubber or squeegee. Recommended for use on delicate surfaces i.e. tractor trailer siding, tile. A70274 required.

A70947 Combination Lance Kit w/ Brush + Squeegee

Allows for scrubbing action on tough surfaces where harder scrubbing is needed. Swivel spray bar allows use in combination with brush or squeegee. Recommended for use on hard or porous surfaces i.e. concrete, brick. A70274 required.

- A71611 Mop Wand 2.4m (8')
- A71612 Mop Wand 3.6m (12')
- A71613 Mop Wand 5.5m (18')
- A71614 Mop Wand 7.3m (24')

Mop wands allow for extra reach to steam/scrub tough dirt and grime without damaging surface area. Steam exits through steam bar that rinses. Made of tough, lightweight material that allows continued use. Each wand extends to different lengths, with a locking coupler to secure to preferred length.

- A71615 Squeegee Wand 2.4m (8')
- A71616 Squeegee Wand 3.6m (12')
- A71617 Squeegee Wand 5.5m (18')
- A71618 Squeegee Wand 7.3m (24')

Squeegee Wand allows for extra reach to steam/wipe away dirt and grime. Steam exits through a steam bar below the squeegee. Each wand extends to different lengths, with a locking coupler to secure to preferred length.

Optima Steamer Accessories

A70001 Bell Attachment Nozzle (Weeding)

Concentrated heat from nozzle tip, allowing for weed removal w/o chemicals. Replaces any standard nozzle tip from any extended gun. A70010, A70011 or A70013 required.

A71620 Barrel Wand Tool with Digital Thermometer

Sets on top of barrel, inserting injector through bunghole and securing optimum pressure and heat with FDA approved bung. Injects steam through several outlets, ensuring a thorough cleaning (loosens up tartrates!). Fits Bourdoux, wine or spirits barrels.

70630 Silicone Nozzle Protector

Replacement nozzle tips for steam gun. Protects your hands and replaces worn nozzle protectors.

70635 Foam Silicone Hose 12x24mm x 1m

Replacement insulation hose for steam gun #70015. Cut to 1000mm (40").

70272 Quick Coupling SM20B (Female)

Comes standard on Quick Connect Gun - Adapts to any of our quick connect lances and nozzle tips.

70273 Quick Coupling PF20B (Male)

Comes standard on all quick connect lances and nozzle tips.

71205 Quick Coupler PF 3/8 *NEW*

Modified version of our quick connect couplers - replaces brass to stainless steel fitting. Replaces part #70272 on Quick Connect Gun. Used w/ part #71207.

71207 Quick Plug *NEW*

Modified version of our quick connect plug - replaces brass to stainless steel fitting. Replaces part # 70273 on any lances or nozzles. Best used with part #71205

Optima Steamer Accessories

71206 Quick Coupler *NEW*

Ideal to use when changing the type or length of hose. Connects to hose female fitting. Used with part #71208.

71208 Quick Plug *NEW*

Ideal to use when changing the type or length of hose. Connects to Optima steam outlets (removal of a part is necessary). Used in conjunction with part #71206.

70229 Steam Gun Nozzle 2.5mm

Smallest nozzle tip. Best for use when narrow spray is desired.

70230 Steam Gun Nozzle 3.5mm

Standard nozzle, used on all standard guns and has the same size as our lances.

70233 Steam Gun Nozzle 5.5mm

Largest nozzle tip, which allows for larger spray and volume of steam. Purchase with quick connect plug for a quick connect gun. Replaces standard nozzle tip.

70349 O-Ring P8 for Brush Holder

Replace any worn out O-Ring from your 4-ring or 2-ring Brush Holder for tight fitting to brushes.

70867 Brush Holder (Short, 2-Ring)

Best used for smaller brushes. Replace worn out brush holder or replace 4-ring brush holder to adapt on smaller brushes. Spray tip is 3.5mm (same as standard nozzle tip).

70865 Brush Holder (Long, 4-Ring)

Best used on larger brushes, but can be used on smaller brushes (protrudes slightly from some brushes). Spray tip is 3.5mm (same as standard nozzle tip).

A70282 Combination Tool with Brush + Squeegee

Replacement head to our popular Combination Tool + Brush.

A70283 Combination Tool with Scrubber + Squeegee

Replacement head to our popular Combination Tool + Scrubber.

Optima Steamer Accessories

70944 Strip Brush for combination tool

Replace your worn out brush for our popular Combination tool.

70945 Scrubber for combination tool

Replace your worn out Scrubber for our popular Combination tool.

70946 Squeegee for combination tool

Replace your worn out Squeegee for our popular Combination tool.

70246 Lance 900mm (S3 vented grip sus)

Replacement Lance for our popular Combination Tools (No Quick Plug / insulation foam installed).

A70253 Lance 900 + PF20B

Replacement Lance for our popular Combination Tools (Quick Plug / insulation foam installed) A70274 required.

70302 Scraper (Stainless Steel)

Allows for continued use on hard surfaces. Connects to any lance with 4-ring capability. Not recommended for painted/delicate surfaces. Recommended for gum removal with brass bristle brush to scrub residue.

70041 Microfiber towel "Polishing"

Our popular "Polishing" towels allow for a streak free clean. Designed to work with minimal moisture, which is best when working with steam. "Waffle" design allows a streak free shine on all surfaces.

70042 Microfiber towel "Absorbent"

Our popular "Absorbent" towels allow for quick absorption. Specifically designed to work with minimal to excessive moisture, while leaving work surface streak free.

Optima Steamer Accessories

A71311 Microfiber towel (old # 71301)

An updated version of our polishing towels without the "waffle" design, allowing for scrubbing those tough areas. Included on all 2014 Optima Steamer Packages.

A71312 Microfiber-Warp Knitted (old # 71302)

Updated version of our popular "polishing" towel, made sturdier and thicker to provide extra absorption. "Waffle" design allows streak free shine. Included in all 2014 Optima Steamer Packages.

A71313 Microfiber - Wool (old # 71303)

Provides a superior shine due to the super soft "buffing" style fibers. Included on all 2014 Optima Steamer Packages.

A71314 Microfiber towel Double Warp Knitted (old # 71304)

Updated version of our popular "Absorbing" towels, allows for quick absorption when you need it most - Specifically designed to work with minimal to excessive moisture, while leaving your work surface streak free.

70930 Work Gloves

Protects your hands from heat while maintaining a firm grip on any surface. Form fitting, one size.

A70029 Spray Bottle

Allows you to add a variety of detergents, solutions, and waxes while steaming. Keeps all other liquids outside of your steamer, ensuring less maintenance and longer life of your Optima. Fabricated to fit over Standard Gun or Standard Nozzle Tip.

A70291 Anti-Scaling Treatment

Smaller bottles allow for easier transportation - Each bottle has measurement markings on its side for proper dosage for your Optima Steamer.

A70292 Anti-Scaling Treatment

4 bottles comes standard with each Optima Steamer - Reduce the amount of maintenance needed due to scale problems. See the Optima Steamer's instructions manual for the proper dosage in your area.
