## Childproof America to Participate in Statewide Law Enforcement Training

Fort Bend Constable Wayne Thompson of Precinct 3 requested support from Childproof America in the development of a statewide sex trafficking training for law enforcement agencies across Texas.

The training will come under the Bill Blackwood Law Enforcement Management Institute of Texas with reporting submitted to the Texas Commission on Law Enforcement.

The training will focus on warning signs and questions for law enforcement when responding to calls related to possible trafficking victims, distinguishing between runaway vs. trafficking victim, interaction with parents, streamlining information and strategies between NGO's and law enforcement.

**Curriculum Development Partners:**

Jennifer Hohman, HoustonTexasCAN, Partner  
 Chuck Paul, Anti-Sex Trafficking Consultant, Trainer, Speaker, Private Investigator and Advocate  
 Debi Tengler, Arrow Child & Family Ministries, Chief Relations Officer  
 Kellee Walker, Arrow Child & Family Ministries, Statewide Director of CST Services

The training is tentatively scheduled for March and is closed to the public.

## Family Guides

### Volunteers Needed - Full

*Do you have a heart to serve others in crisis?* The Family Guides Program is inspired by parents fighting on the front lines for their daughters, with little knowledge on how to navigate the turbulent waters of human trafficking.

Parents with children impacted by human trafficking are most always overwhelmed by the magnitude of information coming from law enforcement, organizations serving this population, family and friends. With the constant presence of stress and fear, it is extremely difficult to quickly maneuver through the maze of information knowing the decisions you make are critical to the safety of your child.

The Family Guides Program will match parents with a fully vetted and trained Family Guide who will help them navigate the options that are available to them. The Family Guide will be the face-to-face point person to help the family with organization and recording of information and suggest support services through collaborative partners. Cost free services

can range from investigations to pinpoint online activity and locations, to extraction (in partnership with law enforcement), intervention, aftercare and restoration. Upon request from the family, the Family Guide can engage prayer teams and help organize meal calendars.

Availability of community services can vary widely based on the age of the child. Young adults 18+ are considered of legal age and law enforcement avenues are more restricted. The Family Guides Program will serve male and female victims up to age 21.

In Phase One, Childproof America will serve the Katy, Sugar Land, The Woodlands and Kingwood communities.

## Did you know?

The President has proclaimed January 2018 as National Slavery and Human Trafficking Prevention Month.

*During National Slavery and Human Trafficking Prevention Month, we recommit ourselves to eradicating the evil of enslavement. Human trafficking is a modern form of the oldest and most barbaric type of exploitation. It has no place in our world. This month we do not simply reflect on this appalling reality. We also pledge to do all in our power to end the horrific practice of human trafficking that plagues innocent victims around the world.*

*Human trafficking is a sickening crime at odds with our very humanity. An estimated 25 million people are currently victims of human trafficking for both sex and labor. Human traffickers prey on their victims by promising a life of hope and greater opportunity, while delivering only enslavement. Instead of delivering people to better lives, traffickers unjustifiably profit from the labor and toil of their victims, who they force — through violence and intimidation — to work in brothels and factories, on farms and fishing vessels, in private homes, and in countless industries.*

## **F.Y.I.** Current information to safeguard your families against sex trafficking

How harmful can a calculator app be? You have no idea! Make sure to follow our Wednesday App of the Week articles on Facebook, Twitter and Instagram.

Best Reverse Image Search Engines, Apps And Uses  
Reverse image search is an essential tool in today's world for so many reasons. Here are the best reverse photo lookup tools you could use.

Reverse image search engines can be very useful in the fight against sex trafficking. If you can see every site an image (of your daughter) has been posted to that can save time when it's most crucial.

### Glossary Terms to know:

**Circuit** — A series of cities among which prostituted people are moved. One example would be the West Coast circuit of San Diego, Las Vegas, Portland, and the cities between.
