STATE AND LOCAL LEADERS ADDRESS THE HUMAN TRAFFICKING PUBLIC HEALTH CRISIS AND PROMOTE A FREE COMMUNITY-WIDE EDUCATION PRESENTATION TO PARENTS, CHURCH LEADERS AND LAW ENFORCEMENT

Katy, Texas, February 16, 2018 - Human trafficking has turned into the most prolific criminal enterprise in the world, now on par, and projected to pass gunrunning and drug trade. Even today, with a rapid ascension in cases, a denial persists in suburban society that this horrific crime has infected America, leaving our children vulnerable.

The United States offers the richest market for both minors to be trafficked and a paying customer base to support this activity. Organized crime has awoken to the opportunity. Border to border, it is estimated that between 244,000 and 325,000 American children are now in the active population of sex trafficked minors in the United States. Driven by low risk, high profits and insatiable demand, sex trafficking has infected our communities and will not be easy to defeat. This public health issue is **threatening** a growing population of children due to lack of knowledge regarding the strategies groomers and traffickers use to lure unsuspecting victims within our schools, churches, neighborhoods and social media.

The **Press Conference** will be take place at Fort Bend County Constable's Office, Precinct 3, on February 16th at 10:00am. The address is 22333 Grand Corner Drive, Suite 103 (Corner of Grand Parkway and Fort Bend Westpark Tollway), Katy, Texas 77494.

The free **Parent Education Community Event** will take place at CrossPoint Community Church beginning at 6:30pm on Tuesday, February 20th located at 700 Westgreen Blvd., Katy, Texas 77450. Registration requested through www.Eventbrite.com. Search *Childproof America*. Presenters: John Clark and Jennifer Hohman.
