## Does your church have a missions program for anti-human trafficking efforts?

Find out how your church can serve within the Family Guides Program.

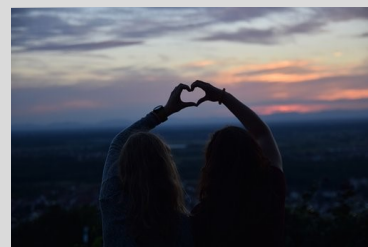

This first-in-nation program matches parents in crisis with a trained and vetted **Family Guide** who will serve as the point of contact when their child is missing and identified as a potential victim of trafficking. There are 3 ways to help!

The **Family Guide** will serve as the point of contact to help parents navigate the traumatic and fast-paced process with law enforcement, social media, schools, local and statewide resources. The priority role of the Family Guide is to provide immediate and accurate information that will enable parents to make informed decisions to significantly increase the probability of a successful outcome for the victim and family.

The **Meal Team** will support the family by providing home cooked or meal service dinners to families in crisis. An online Care Calendar with password access will enable meal team volunteers to select delivery dates that are convenient for them.

The **Prayer Team** will commit to pray for the family daily throughout the crisis and aftercare period. All information shared with the prayer team will remain confidential.

Childproof America does not charge fees or accept donations from families supported by the Family Guides Program. This program is supported through foundations, corporations and individuals. Please consider supporting our Emergency Family Fund, volunteer training and program staffing needs.

**Join our 500 for \$25 Campaign!**

For the cost of one meal out a month you can support our Family Guides program.

*Childproof America empowers families in the battle against sex trafficking. Our mission is to educate, equip and support America's parents in the protection and defense of their children, and improve the quality of aid to impacted families. As advocates, we provide legislative pathways for concerned Americans to enforce harsh penalties to those violating the innocence of our children.*
