“One of the most jaw dropping and eye opening presentations I have attended. You had me at the edge of my seat the entire time. The statistics are frightening and the methods of grooming victims is startling. I’m so glad Childproof America is working at educating and developing new programs to combat sex trafficking.”

- Celina

“Kelly is a captivating speaker! She is extremely knowledgeable about the ins and outs of human trafficking, and can speak to the heart and soul of her audience.”

-Andrea

Kelly and Alan Litvak

“As program director, I have never received such positive responses from attendees as I did following the Childproof America presentation. Some were experiencing situations in their lives and now felt they were better equipped to recognize warning signs. I doubt many or any of us knew how prevalent this problem is and that any one can become a victim. People felt hopeful knowing if a situation arose, they were not alone—resources are out there. “

-Evelyn

“What impressed me the most was the "Spot the Pimp" screen! I think it is good that you hold her personal testimony until the end. Also, it is shocking to learn that it may take two years to groom the person who will be lured into human trafficking. I think your presentation is spot on. “

Childproof America empowers families in the battle against sex trafficking. Our mission is to educate, equip and support America's parents in the protection and defense of their children, and improve the quality of aid to impacted families. As advocates, we provide legislative pathways for concerned Americans to enforce harsh penalties to those violating the innocence of our children.
