## A WORD FROM THE BISHOPS DESK

Shalom of God to us all

Me, my lovely wife and the children whom the LORD gave us, we would like to warmly greet you and say to you all dear partners you are great and wonderful people to us.

I would like to take this opportunity to tell you something about us. The work and life of serving the Lord JESUS CHRIST is an exciting project and sometimes painful in its unseen and misunderstood views from outside until you are involved in its day to day running of the ministry

Yes I was encouraged to encourage you that together as a family we will build and we will make it and set this world on fire for Jesus, "its possible!!"

As we grow and work together as a family and as a team our influence will leave a legacy as over comers. Without looking to selfish things we must not permit any element of discontentment or discouragement to overshadow us, but let's open our hearts to GOD for the journey and work ahead of us.

So be encouraged forever more EMMANUEL in this work . In the fullness of time we will have these breakthroughs and blessings in His grace AMEN.

Its possible with him Mark 10:27; Luke 1:37

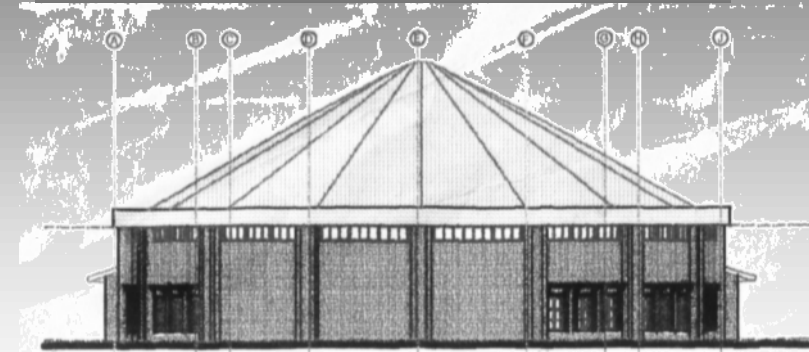

Yours ,desiring to leave a living legacy

BISHOP JONATHAN & PASTOR EDREN MASAMBA

## **Brief history**

You might want to know where we came from. Christian Faith Church International was birthed 11 years ago on the 11 of July 1999 we started at Nyamutamba hotel in Zengeza 2. At that time we managed to do great things that we didn't expect to do in a short time as small as we were at the time. We opened 2 local churches in 2000 and 2001 respective in Seke and St Mary's and as time went by membership grew and many things were happening within the ministry and at one time the church membership declined that we thought we were going to close down some of our assemblies but because the LORD God Almighty was on our side we managed to carry on His work. We even managed to open some new assemblies in rural ,urban and farming communities against the odds with the help of Life Ministry and Africa Enterprise.

We had 19 full time and 9 part time pastors and as of now we are left with 7 full time and 5 part time pastors. Most of the pastors who left us left mainly because of financial remuneration to other ministries in short.

My humble appeal and persuasion is to man and women of God, captains of industry and all respective authorities to partner with us to put community based programs to assist us in our reach out programs and the community for self help projects for self sustenance of their lives.

## CHALLENGES

We have failed to secure funding for all our building projects for the past 13 years. For the building to be complete is really a concern to me hence my appeal and invitation to you for your partnering with us to finish. This booklet will show you our building in progress which is in St Mary's. We have photos of the building which is still at the foundation or slab level. We are in great need of funding to purchase building material for this projects and facilitate the completion of this building project. The requirements for the completion of the project are noted in this booklet and we believe that the completion of this building will help transform the lives of many people within the community by providing social activities within the premises. For with GOD Almighty ITS POSSIBLE .Mark 10:27
