

TEST VEHICLE

Name of Own vehicle: **Mr. Zhang Qing**

Vehicle Brand **BMW**

Vehicle Model: **740Li**

Date of manufacture : **2009 year**

km(kilometer): **80,210km**

How many liter in a full fuel tank : **80 Liter**

How many liter in a full Lubricating oil tank : **6.5 Liter**

Date: **April 12, 2015**

TEST BEFORE--WITHOUT ADDITIVES.

Have filled full with fuel **YES**

What type of Fuel? **97# Gasoline**

km(kilometer). At the start of the test: **80,210km** Date &time: **2015. 04. 12**

km(kilometer). At the end of the test: **80,704km** Date & time: **2015. 04. 22**

How many liter do you fill in a full fuel tank again: **71.2 Liter**

How about the Engine power: **Good** (good & normal & bad)

Feedback : **The fuel consumption is 14.4Liter per 100km. (14.4L/100km)**

There was about 240km running in highway.

TEST BEFORE--WITHOUT ADDITIVES (The Second Time).

Have filled full with fuel **YES**

What type of Fuel? **97# Gasoline**

km(kilometer). At the start of the test: **80,704km** Date & time: **2015. 04. 22**

km(kilometer). At the end of the test: **81,171km** Date & time: **2015. 05. 13**

How many liter do you fill in a full fuel tank again: **73.3 Liter**

How about the Engine power: **Good** (good & normal & bad)

Feedback : **The fuel consumption is 15.7Liter per 100km. (15.7L/100km)**

TEST AFTER--WITH ADDITIVES (The first time).

How many NGA do you use for Gasoline? **12 ml (6ml x 2bottles)**

Did you add NGA before filling in the gasoline ? **YES**

Do you use XSNano product in this car at first time ? **YES**

How many NLA do you use for engine oil (Lubricating oil)? **7.5 ml (7.5ml x 1bottle)**

What type of Fuel? **97# Gasoline**

km(kilometer). At the start of the test: **81,171km** Date & time: **2015. 05. 13**

km(kilometer). At the end of the test. **81,634km** Date & time: **2015. 06. 05**

How many liter do you fill in a full fuel tank this time: **70.9 Liter**

How about the Engine power: **Good** (good & normal & bad)

Feedback : **The fuel consumption is 15.3Liter per 100km. (15.3L/100km)**

This result can not be satisfactory. And I changed a new filter after the first test.

TEST AFTER--WITH ADDITIVES (The Second time).

How many NGA do you use for Gasoline? **About 9 ml (6ml x 1.5bottles)**

Did you add NGA before filling in the gasoline ? **YES**

What type of Fuel? **97# Gasoline**

How many NLA do you use for engine oil (Lubricating oil)? **Not add again.**

km(kilometer). At the start of the test: **81,634km** Date & time: **2015. 06. 05**

km(kilometer). At the end of the test. **82,211km** Date & time: **2015. 06. 27**

How many liter do you fill in a full fuel tank this time: **71.5 Liter**

How about the Engine power: **Good** (good & normal & bad)

Feedback : **The fuel consumption is 12.4Liter per 100km. (12.4L/100km)**

There was about 240km running in highway.

TEST AFTER--WITH ADDITIVES (The Third time).

How many NGA do you use for Gasoline? **About 9 ml (6ml x 1.5bottles)**

Did you add NGA before filling in the gasoline ? **YES**

What type of Fuel? **97# Gasoline**

How many NLA do you use for engine oil (Lubricating oil)? **Not add again.**

km(kilometer). At the start of the test: **82,211km** Date & time: **2015. 06. 27**

km(kilometer). At the end of the test. **82,748km** Date & time: **2015. 07. 13**

How many liter do you fill in a full fuel tank this time: **69.3 Liter**

How about the Engine power: **Good** (good & normal & bad)

Feedback : **The fuel consumption is 12.9Liter per 100km. (12.9L/100km)**

As required, I have checked and changed a new filter again.

TEST AFTER--WITH ADDITIVES (The Forth time).

How many NGA do you use for Gasoline? **About 9 ml (6ml x 1.5bottles)**

Did you add NGA before filling in the gasoline ? **YES**

What type of Fuel? **97# Gasoline**

How many NLA do you use for engine oil (Lubricating oil)? **Not add again.**

km(kilometer). At the start of the test: **82,748km** Date & time: **2015. 07. 13**

km(kilometer). At the end of the test. **83,411km** Date & time: **2015. 07. 24**

How many liter do you fill in a full fuel tank this time: **70.9 Liter**

How about the Engine power: **Good** (good & normal & bad)

Feedback : **The fuel consumption is 10.7Liter per 100km. (10.7L/100km)**

There was about 480km running in highway.

TEST AFTER--WITH ADDITIVES (The Fifth time).

How many NGA do you use for Gasoline? **About 9 ml (6ml x 1.5bottles)**

Did you add NGA before filling in the gasoline ? **YES**

What type of Fuel? **97# Gasoline**

How many NLA do you use for engine oil (Lubricating oil)? **Not add again.**

km(kilometer). At the start of the test: **83,411km** Date & time: **2015. 07. 24**

km(kilometer). At the end of the test. **83,968km** Date & time: **2015. 08. 18**

How many liter do you fill in a full fuel tank this time: **71.3 Liter**

How about the Engine power: **Good** (good & normal & bad)

Feedback : **The fuel consumption is 12.8Liter per 100km. (12.8L/100km)**

Personal opinion please:(Drive)

XSNano is a good product, it indeed makes my car more fuel economy. As the tests , the best saving is up to 31.8%. If the saving is you told me , I can't believe that,but it was noted by myself.

It's amazing, but it is true ! My wife said the engine sounds more quiet, but I can't make sure.

I haven't taken the noise tests.

XSNano 纳米燃油添加剂数据记录表

车主 张涛
 车型 BMW 740Li
 油箱容积 80L

购车年份 2009年
 总里程表数 80210km
 机油箱容积 6.5L

第一次使用添加剂 是
 开始试验日期 2015.4.12
 汽油油号 97#汽油

序号	加油时间	油站名	加油量	总里程表数	百公里油耗	是否添加剂	备注
1	2015.4.12	中石化	加满	80210km		否	
2	2015.4.22	中石化	71.2L	80704km	14.4L/100km	否	行驶约240km高速
3	2015.5.13	中石化	73.3L	81171km	15.7L/100km	否	
4	2015.6.5	中石化	70.9L	81634km	15.3L/100km	是	第一次加剂, XSNano 12mL + 7.5mL
5	2015.6.27	中石化	71.5L	82211km	12.4L/100km	是	第二次加剂 9mL, 走240km高速
6	2015.7.13	中石化	69.3L	82748km	12.9L/100km	是	加9mL, 换过滤芯
7	2015.7.24	中石化	70.9L	83411km	10.7L/100km	是	加9mL, 换过滤芯, 走480km高速
8	2015.8.18	中石化	71.3L	83968km	12.8L/100km	是	第五次加剂, 9mL

用户的测试心得: 市场上添加剂品牌太多了, 很多朋友都说不好用, 所以一直以来都不取用, 直到维修店给我介绍 XSNano, 而且是有上过保险可放心使用。试用后, XSNano 还真是一款不错的产品, 它让我真正看到省油。其中最高一次还达到有 3.8%, 如果不是亲自来测试使用, 还真不敢相信, 而且我身边的人说有更静音, 但我不确定。
 用户签字: 张涛 2015.8.20

备注区要注明当日的路况, 气温, 气候 (有雨雪等恶劣天气), 是否使用车载电器等可能影响油耗的因素
