

EXHIBIT "G"

CONTRACTOR'S QUALITY CONTROL PLAN

Contractor may develop a Quality Control Plan for this Project. In such event, Subcontractor, at no cost to Contractor, shall comply with the portions of the Contractor's Quality Control Plan which are applicable to the Scope of Work, including any portions which may be revised, amended and/or updated from time to time.

Additionally and if required by the Prime Contract, Subcontractor shall prepare a site specific quality control plan for this Project and provide such plan to Contractor for review. Subcontractor agrees to modify such quality control plan to adequately address any comments provided by Contractor and/or Owner. Contractor's review of Subcontractor's quality control plan, if any, does not relieve Subcontractor from its obligations to perform the Scope of Work in accordance with the requirements of the Contract.
