

# Studying the Armor of God at Vacation Bible School

The students who attended Vacation Bible School at the Claude Church of Christ learned about the Armor of God and how to apply it to their lives. photo courtesy of Brenda Stow

BY BRENDA STOW  
 CLAUDE CHURCH  
 OF CHRIST

What a great week it was at Claude Church of Christ! A group of 10 youth and 3 adult sponsors came from Roswell, New Mexico to help us this year with our Vacation Bible School from July 11th through 13th.

This year's theme was "The Armor of God." We were excited that so many of the children of Claude were in attend-

ance. During these three wonderful days, the children learned about the armor and how each piece applies in our life today.

The youth from Roswell performed a skit every morning to show the children how God's armor protects us, but only when all pieces are in place. During class time the children learned about each piece of the armor, and what it represents. In their fun outside activities they learned how to apply the armor by

putting the armor on, shielding sin that is hurled at them daily, and using their sword to wipe out sin from their life. Then, during craft time, they were able to make their own armor. The children also enjoyed singing, and snacks, and making new friends and forming new relationships.

PROUD TO SERVE CLAUDE & WASHBURN!

## Upcoming CHS Football Camp

Next week the students of Claude have a chance to participate in a time honored tradition of FOOTBALL! The Mustangs football will be held next week and all kids 2nd-9th grade are invited. The cost of the camp is \$35 and includes a camp t-shirt and coaching from the entire Varsity football staff.

According to Athletic Director and Head Football Coach Jarrett Vickers the camp will be a chance for the campers

to improve their skills. "We will work on offensive and defensive specific position drills, basic football fundamentals, and conditioning."

"There are many reasons to come to camp," Vickers continued. "But if I had to narrow it down the most important are to improve your football skills and understanding, you have a chance to get to know the Mustang football coaching and staff and it's going to be lots of fun!"

### Mustang Football Camp July 24th—July 26th

8:00 a.m.—19:30 a.m.

(7:30 a.m. registration)

2nd grade thru 9th grade

At the High School Practice Field

**Cost \$35.00** (includes t-shirt)

Camp will include speed & agility training, basic football fundamentals, position coaching, conditioning, and tons of FUN!

Participants will receive a camp t-shirt and water will be provided throughout the camp.

**Questions? 325-280-4499**  
Coach Vickers' Cell

Please wear tennis shoes or bring cleats if possible

## CITY OF CLAUDE RESIDENTS WATER RESTRICTIONS

The City of Claude Council is asking its residents to conserve water. We would like for even number houses to water on Monday, Wednesday & Friday; odd number houses to water on Tuesday, Thursday & Saturday. NO ONE is to water on Sunday. Please water early in the morning and late in the evening.

THE CITY COUNCIL

## Claude Fire Recognized by the Texas Panhandle 100 Club

Claude Volunteer Fire Department has a reputation for excellent service across the Texas panhandle. Recently, the department received some well-deserved recognition for their high quality volunteerism.

Dirk Swope, Executive Director of The 100 Club of the Texas Panhandle recently wrote:

"Dear First Responders,

I would like to thank you for your dedication to serving your community with honor, integrity, and pride. Your courageous actions during the wildfires that rages across the high plains saved lives, homes, and property. I am proud that I have the opportunity to assist Xcel Energy in the dispersal of their generous donation, and on be-

half of the Texas Panhandle 100 Club, I would personally like to extend our thanks and gratitude for working tirelessly and running into harm's way for the benefit of your citizens, your fellowman, and your brothers in arms. God bless you and thank you for what you do in your community, and across the Texas Panhandle. Your service touches and inspires more people than you know."

In addition to the letter of recognition and thanks, the Claude Volunteer Fire Department received a donation in the amount of three thousand dollars. This gift will go a long way to help the volunteer fire department to continue to provide services throughout Armstrong County.

## OBITUARY

# Sheriff's Corner:

## A Note from Sheriff Barnett

Our office is very excited. Our patrol vehicles are now updated with functioning camera systems. Last week 3 of our vehicles have been outfitted with the new camera system, the 4th vehicle will be outfitted when it arrives the first week of August. These new camera systems have a camera facing the roadway out in front of the vehicles and one that is facing the prisoner or inmate inside the vehicle. This records everything that they say to us and also what we say. This protects everyone.

We will be trading in the 2012 Tahoe that Deputy Murray has been babying for the last 3 years. It has over 200 thousand miles on it and has been having numerous mechanical issues. Just in the last 6 months we have used over half of our allotted budget for this year for mechanical repairs to this vehicle. With 6 months of the year to go we still have 3 other vehicles with over 100 thousand miles on them. We still have to provide the units with new sets of tires, so we can continue to patrol the county properly and with the normal maintenance of oil changes. This is at a cost of approximately 1200.00 per vehicle just for the new tires.

With the new budget year coming up, I was hoping for another new

vehicle to get rid of one of the problem patrol vehicles. We have started having several repair issues with one of the 2014 Tahoe's. We have already replaced the wheel hubs and are now having problems with the CV joints. We cannot just continue to put a band aid on this vehicle. It will continue to cost the county more money than it will be worth. I have requested a larger repair budget for these three vehicles, just so we can keep them running.

The one great asset we have here is the willingness of our deputies to take care of the equipment they were assigned. With them, we can fix a problem before it snowballs into major issues. They are also willing to keep up with the proper maintenance and hopefully prevent major repairs. Of course, there is always a chance we could end up with the blown motor, a rear end going out, or other costly items happening. We will at least have the one new vehicle that will be repair free for several months.

*Fleta Barnett*

## Jorean Smith

Jorean Hood Smith died peacefully at the age of 78.

A Celebration of Life will be at a later date in 2018. Arrangements were made by Robertson Funeral Directors of Claude.

Jorean was born to Joe and Lorean Hood on March 20, 1939. Grew up in Claude and was a Claude High School graduate. Married J.B. Smith Jr. in 1959. Resided in Claude. J. B. worked at the Claude Highway Department, and Jorean worked at Levi Strauss until they closed. They both had the J and J Chimney Sweep business until fully retiring. Loved hunting, fishing and NASCAR.

She was preceded in death by her husband, J. B. Smith Jr.; Parents, Joe and Lorean Hood; In-Laws, Burnard and Bea Smith. Brother, Don.

Jorean was survived by her son, Gary Smith (Marilyn) Roundrock, Texas; daughter, Shari Hemenway (Alan) Hibbing, Minnesota; brother, John Hood (Marlinda) Abilene, Texas; sister, Janie Marlan

1939—2017

(Mike) Windsor, Colorado; sister-in-law Sandra Thomas (Tony) Amarillo, Texas. Four Grandsons, Zach and Josh Smith; Chris and Kyle Hemenway. Nieces and Nephews.

The family request memorials be sent to the Alzheimer's Association.

The family of Jorean Smith would like to thank Jill Benson and the Hudson House Employees, for taking care of our Mother until the last. My Aunt Sandra for being there always for her. And Kindred Hospice for making her last days as comfortable and peaceful as possible. Thank you!

# Win the Battle Against Back-to-School Germs

(StatePoint) Did you know that, on average, elementary school children get eight to 12 colds or cases of the flu each school year, according to the Centers for Disease Control and Prevention? This school year, follow some healthy habits to avoid the back-to-school plague.

First, wash hands and other items that you touch, like cell phones or desks, frequently. Cell phones carry 10 times more bacteria than most toilet seats; and school desks have been found to hold 400 times more bacteria than toilets.

Next, pick up school

supplies that help fight germs, such as Easy Liner brand shelf liner with Clorox antimicrobial protection. The shelf liner features an antimicrobial additive to prevent the growth of odor-causing mold and mildew on the liner. Plus, it can be tossed in the wash for easy cleaning. Place it in areas of your home or classroom where school items are stored like floors, counters, desks and shelves. For more information, visit duck-brand.com.

Help stave off colds and flu all school year with great germ-fighting habits.

**FIRST DAY OF WEE SCHOOL**—Thurs. Aug. 31st, starts at 8:45 a.m., First Baptist Church.

BY ANGELA EDWARDS  
LIFE COACH

Sitting on my couch, I thought about how the dishes needed to be done. Laundry was waiting to be put away. Food needed to be prepped for the coming week. House needed to be picked up. The kids needed showers. Oh and making myself a good breakfast. But there I was sitting on my couch, just not feeling like doing anything.

I wasn't sick, so I was feeling just fine. I had 9

## Because I Don't Feel Like It!

hours of sleep. I drank my delicious black coffee while doing my morning quiet time and had plenty of energy.

I knew full well that I had a solid 2 hours until I needed to leave for work. But I didn't feel like doing the laundry. I didn't feel like doing the dishes. I didn't feel like preparing meals. I didn't feel like picking up the house. Scanning through facebook (we all know what is about to happen), a still voice said, "Or are you too lazy?"

Excuse me, Holy Spirit? Me, lazy? No, no, no. I just don't feel like

*What is your excuse? Ugh. I'm lazy.*

doing any of it.

"Are you physically sick?"

No.

"Do you have any physical limitations?"

No.

"Then what is your excuse?"

Ugh, I'm lazy.

"Say it out loud."

I am too lazy to do the laundry. I am too lazy to do the dishes. I am too lazy to prepare meals. I am too lazy to pick up the house.

Then there was the urge (thanks Holy Spirit) to look up verses about laziness:

"How long will you lie there, O sluggard? When will you arise from your sleep? A little sleep, a little slumber, a little folding of the hands to rest, and poverty will come upon you like a robber, and want like an armed man." Proverbs 6:9-11

"The hand of the diligent will rule, while the slothful will be put to forced labor." Proverbs 12:24

Proverbs 6:6 "Go to the ant, O sluggard; consider her ways, and be wise."

Lazy. Sluggard.

Slothful.

Oh man, conviction did not feel good BUT it was backed by God's word, therefore I knew it was from the Holy Spirit.

Now, it is what we DO with the conviction that will determine if we have learned from it.

I got up, made myself a good breakfast, did some laundry, washed the dishes, packed up lunch for the day and the kids helped me pick up the house after their showers.

ALL of this was done within 45mins!!! I still had 1 hour and 15 mins to get ready and guess what, sit on the couch with my children and spend some time with them. That was a "rich" morning.

"A slack hand causes poverty, but the hand of the diligent makes rich." Proverbs 10:4

The next time the phrase, "I don't feel like it" comes across your mind, ask yourself, "Or am I too lazy?"

# Claude Boys Play for High Plains All-Star Team

On Friday, June 14, 2017, the Hi Plains All-Star Team played Broken Bow, Oklahoma, in the 2017 Major (12U) Cal Ripken Southwest Regional Tournament. Just the weekend before, the All-Stars team won the Cal Ripken West Texas State Championship becoming the first ever Hi Plains team to do so.

Three of Claude's own—Jayden Blandford, Luke Knox, and Dawson Ensey—took the field that night hoping to defeat Broken Bow. Alt-

hough the team played hard, they ultimately lost 4-3 on a double in the bottom of the 6th inning.

On Saturday, June 15th, the team played Levelland. Hits were hard to come by in this close scoring game. The All-Stars lost the heartbreaker 1-0 off a run Levelland scored from an error when the ball went into dugout and the base runner automatically advanced to home plate.

# Great Books to Get Kids Excited for School

(StatePoint) As kids head back to school, you can help put them in a learning mindset by beefing up your home library.

Here are a few new books to consider that can make learning fun, as well as support STEAM education initiatives.

## It's Elemental

Created in association with the Smithsonian Institution, "The Elements Book: A Visual Encyclo-

pedia of the Periodic Table" is an easy-to-understand guide to the 118 chemical elements that make up our world.

Cataloged by type, each element's properties and atomic structure is explained. More than 1,000 full-color photographs showcase the natural forms of each element, as well as a wide range of unexpected everyday objects in which each is found, to make them rele-

vant to a child's world. This guide brings the periodic table to life for children ages 9 and above.

## Creative Coding

For kids ages 10 and over, "Coding Projects in Python" teaches those with some experience already how to build graphics, games and useful apps. All they need is a desktop or laptop, and an Internet connection to download Python 3.

Instructions illustrated with pixel art teach essential coding basics, like loops and conditionals, and outline seven fun projects, including a script that cracks secret codes, a quiz to challenge family and friends and a tic-tac-

toe game. Once kids are feeling confident, they can creatively use the tips and tricks provided to personalize each project.

Coding is a sought-after skill that teaches kids how to think crea-

tively, work collaboratively and reason systematically.

## Kitchen Adventures

With easily prepared recipes, visual step-by-step instructions and charming designs, "Look I'm a Cook" is a great activity book for parents and little ones to share. From ice pops to chocolate muffins, more than 20 hands-on recipes for kids aged 3-6 will help children discover everyday science and cook up fun-filled food.

## Scientific Discovery

More than 20 hands-on projects await kids aged 3-6 in "Look I'm a Scientist." From an iceberg animal rescue to stretchy slime, each sensory-friendly activity becomes an exciting science experiment that's easy to prepare and create. Visual step-by-step instructions make it a fun activity book for parents and kids.

## Fun Formations

Colorful and informative, "My Book of Rocks and Minerals" gives kids the expert knowledge they crave and will have them digging deep to discover all they can about rocks,

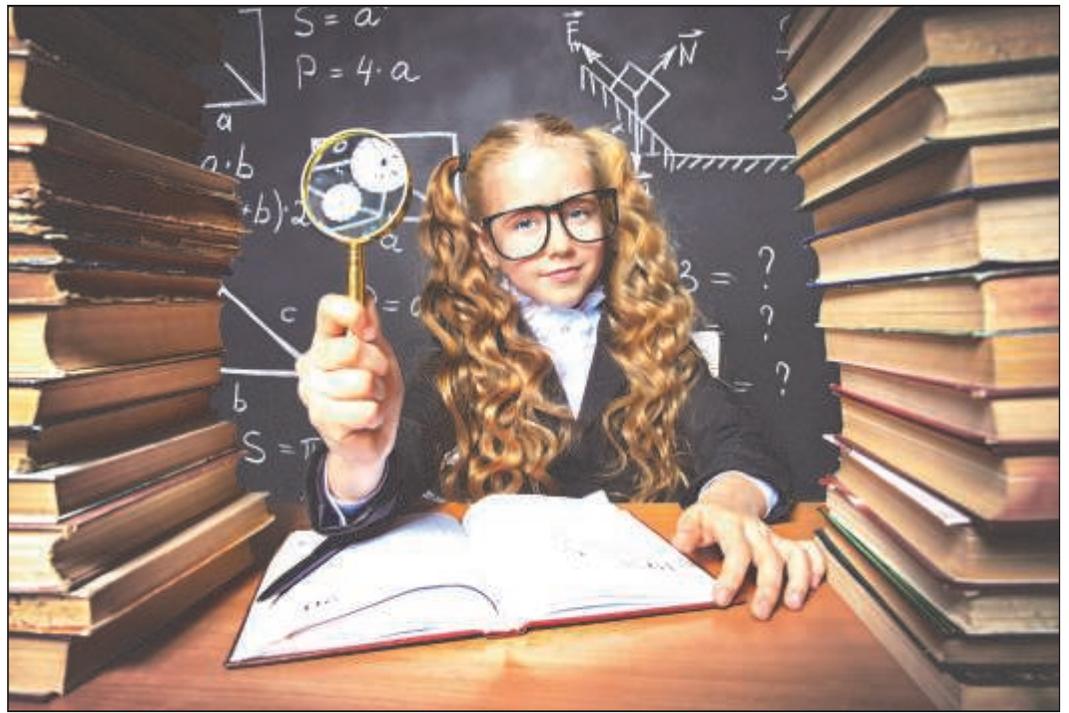

minerals, gems, and fossils, from the deepest caves to outer space.

From crystals to glow-in-the-dark minerals, illuminating images provide a closer look at amazing geological formations. Kids can take their fascination one step further and use the catalog and activity pages to help them collect and group rocks to discover how different rock types fit into the world around them.

## Applied Science

"Maker Lab" includes 28 projects and crafts requiring only household materials. From exploding volcanoes to race balloon rocket cars, photographs and facts detail the "why" and "how" of each experiment using real-world examples.

Help make this school year a success by offering kids fun learning opportunities outside the classroom.

# Mayor's Desk: A Note from Bill Wood

Meeting called to order at 5:30 p.m. with all council members present. Guests included Howard Heath, Lisa & Jerry Howell, Lee Whitaker, Liz Kendall, Bill Forbes, and Shane & Kathy Rieken.

Bills were paid and ambulance bills were sent to collections. There was a discussion concerning a dump truck for the City and Supt. Wade Miller was advised to look for one.

Lee Whitaker discussed sewer line issues concerning his house at Lonestar Lane. Bill Forbes discussed Bill #1317 designating US Highway 287 inside the City limits of Claude as the Charles H. Roan Memorial Highway. The subject was tabled.

The City has been placed on a water conservation program. Even numbered houses will water on Monday, Wednesday, and Friday. Odd numbered houses will water on Tuesday, Thursday, and Saturday. No houses are to water on

Sundays. We will run this in the Claude News for 2 weeks and put the information on your August water bill. Fines can be assessed after August 15th.

Ordinance #329 concerning Fireworks was adopted. I felt that we had a good 4th of July and that the majority of our people were very considerate of others while using their fireworks.

We discussed our EMS situation and interviewed Howard Heath for the position of Administrator of Records and Ambulance Director. Jay Morris made the motion to hire Mr. Heath and Joe Minkley made the second. It carried with five ayes. A sixty day probation period on a pay scale for ambulance staff was approved on a motion by Jay Morris and seconded by Joe Minkley with five ayes. We hope to have our full service ambulance running in the next ten days. It has been a rough month trying to get this worked out, but with

the help of all concerned, and the understanding of community members, we hope we can see the light at the end of the tunnel.

This is a very needed

service for our city and county and with the help of Judge Reed and the county, we are moving toward a positive solution.

## Jupiter The Giant

It has storms that last for centuries and its rocky center core is totally covered by a massive sea of liquid hydrogen. Jupiter isn't anyone's idea of a great summer vacation spot!

Dear Kid Scoop Readers -  
 Jupiter is the largest and \_\_\_\_\_  
 planet. If it were \_\_\_\_\_, more than  
 1,000 Earths could fit inside.

Jupiter is one heavy planet! Jupiter is  
 almost 1,000 times heavier than Earth.  
 That means it has a much \_\_\_\_\_  
 gravitational pull. If you weigh 100  
 \_\_\_\_\_ on Earth, you would \_\_\_\_\_  
 236 pounds on Jupiter! - Woodward

Replace the  
 missing words.

- POUNDS**
- HOLLOW**
- STRONGER**
- WEIGH**
- HEAVIEST**

Winds on Jupiter  
 reach over  
 400 miles  
 per hour. The most  
 fierce  
 hurricane  
 winds on Earth  
 reach  
 just over  
 150 miles  
 per hour.

### Kid Scoop Puzzler

#### How Jupiter Got Its Name

The Romans knew of seven bright objects in the sky: the sun, the moon and the five brightest planets. They named them after their most important gods. Jupiter, the largest planet, was named after the king of the Roman gods. Jupiter was the son of another Roman god with a name you'll recognize. Follow the maze to discover the name.

### Kid Scoop Together

#### Proof It

Are you a careful reader?  
 Read the article below and see  
 if you can circle all five errors.  
 Then, rewrite the article  
 correctly on the blank lines.

#### Moon Struck

Jupiter's four largest moons  
 are **Ganymede, Europa, Io**  
 and **Callista**. These moons  
 are called Galileian moons  
 after the scientist Galileo  
 who discovered them with his  
 small telescope in 1610.

**Ganymede** is the largest of  
 Jupiter's moons. It is bigger  
 than the planet Mercury.

**Europa** is covered with ice.

**Io** has exploding volcanoes.  
 Something know other moon  
 in the solar system has.

**Callisto** is made up of both  
 rock and ice. It may also  
 have liquid water.

### Double Double Word Search

- ROTATIONAL
- HEAVIEST
- JUPITER
- REASONS
- HOLLOW
- SUNSET
- GIANT
- MOONS

Standards Link: Letter sequencing. Recognized identical words. Scan and scan reading. Recall spelling patterns.

### FROM THE Kid Scoop LESSON LIBRARY

#### Big to Small

The newspaper is full of abbreviations.  
 Take one section of the newspaper and  
 circle at least ten abbreviations. List them  
 on a sheet of paper and write out the full  
 word after each abbreviation.

Standards Link: Research: Use the newspaper to locate information.

### Write On!

#### Go Explore!

If you could go anywhere in the  
 world, where would you go? Why?  
 What would you take with you?

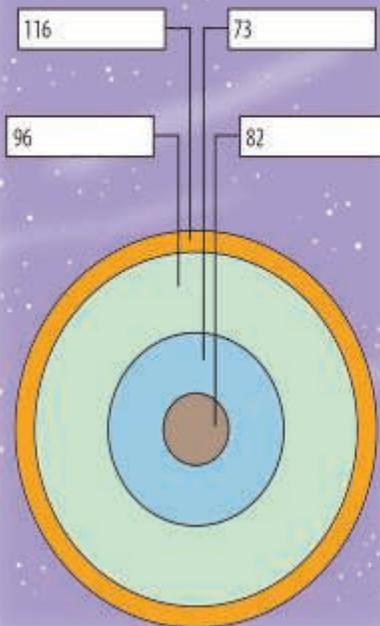

### Kid Scoo-doku

Complete the grid by using all the letters  
 in the word **STORM** in each vertical and  
 horizontal row. Each letter should only  
 be used once in each row. Some spaces  
 have been filled in for you.

S	O	T	M	R
R				S
	R			
T			R	O
		R		M

### Label the Layers

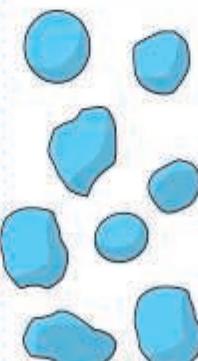

- 10 + 21 + 54 + 11 = LIQUID HYDROGEN
- 14 + 13 + 71 + 18 = CLOUD LAYER
- 22 + 8 + 39 + 6 + 7 = ROCK CORE
- 11 + 11 + 11 + 14 + 26 = METAL HYDROGEN

### Moons of Jupiter

For many years, scientists  
 said that Jupiter had 16  
 moons. But in recent years,  
 more objects have been  
 discovered that could be  
 moons, or satellites —  
 possibly another 47  
 moons! It will take awhile  
 to know if these are  
 actually all moons. Some  
 are round like ours and  
 some are irregular shapes.

Find the two identical moons.

### Extra! Extra!

#### Jupiter Adjectives

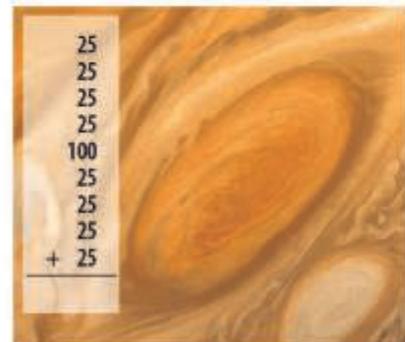

Look through  
 the newspaper  
 to find five  
 adjectives  
 that describe  
 Jupiter.

Standards Link: Language Arts: Follow simple written directions.

### Stormy Spot

Jupiter is the largest planet in our solar system.  
 So, why is a day on Jupiter so short? It's only  
 about ten Earth hours long. That means there is a  
 sunset every ten hours!

The fast rotational speed of Jupiter is one of the  
 reasons why there are so many storms on the  
 planet. Wind speeds on Jupiter can reach nearly  
 400 miles per hour. The big storm known as the  
 Great Red Spot may be one giant storm that  
 scientists think has been going on for many  
 years. How many years? Do the math:

25  
 25  
 25  
 25  
 100  
 25  
 25  
 25  
 + 25

Use this chart to answer  
 these questions.

- How many million miles closer to  
 the sun is Earth than Jupiter?  
 250  391  484
- A day on Jupiter is more than  
 twice as long as a day on Earth.  
 True  False

	JUPITER	EARTH
DISTANCE FROM THE SUN	484 MILLION MILES	93 MILLION MILES
TIME TO ORBIT THE SUN	12 EARTH YEARS	365 DAYS
ORBIT SPEED	29,304 MILES PER HOUR	70,000 MILES PER HOUR
LENGTH OF DAY	10 HOURS	JUST A BIT OVER 24 HOURS
DIAMETER	86,881 MILES	7,926 MILES
NUMBER OF MOONS	63	1
