

Remembering Tom Christian

This week, Claude was truly sad to say goodbye to one of its native sons. Tom Terrill Christian died Wednesday, May 23, 2018 in Claude, he was 86 years old. Tom and his family have lived in Claude for more than five generations.

Services will be at 10:00 a.m., Wednesday, May 30, 2018 at First United Methodist Church, Claude with the Rev. George Price, District Superintendent, Abilene officiating. Masonic rites are provided by Claude Lodge No. 719. Arrangements are by Boxwell Brothers Funeral Directors, 2800 Paramount Blvd.

Visitation will be Tuesday, May 29, 2018 from 6 to 7 p.m. at Boxwell Brothers Chapel in Claude.

Tom was born November 27, 1931 on the Figure Three Ranch to William Terrill and Frances Christian. He graduated from Claude High School in 1949. Tom graduated from West Texas State College, and was a member of the varsity football team and a member of the United States Naval Reserve. His college career was interrupted by two years in the U.S. Navy where he served in the Ceremonial Guard stationed in Washington D.C. which participated in the inaugural ceremonies of President Dwight D. Ei-

senhower.

Tom married Anne on March 12, 1958 in Perryton, Texas, and soon they established their home on the Figure Three Ranch southwest of Claude where he worked and later bought the family ranch. Soon after moving home Tom established Palo Duro Shooting to allow hunters from throughout the U.S. the opportunity to hunt Aoudad sheep and Mule Deer in the canyon. He often bartered hunting rights for items that his growing family needed, such as band instruments and construction projects around the house. Tom was an active civic leader who remained devoted to community service throughout his lifetime. He was a member of the Texas Legislature from 1968 – 1972, having the distinction of being the first Republican to defeat an incumbent Democrat in a state level office race since reconstruction, was a past member of the West Texas State University Board of Regents, Panhandle Livestock Association, Panhandle-Plains Historical Society, Board of the Outdoor Drama “Texas”, Tri State Fair Board, Past President of the Claude School Board, Claude Lions Club and Claude Medical Center. He was recognized by West Texas A&M University as a distinguished alumni.

Tom was instrumental in providing health care services to residents of rural communities as one of the organizers of Armstrong County Medical Center, which was later known as Claude Family Medical Clinic, and Tom volunteered with that organization from 1965 until 2009 when it was sold.

He attended First United Methodist Church in Claude, where he and Anne raised their children focusing on Christian values, education and community service. He was a 65 year Mason in Claude Lodge 719, he was also a York Rite Mason, Scottish Rite Mason and a Shriner where he was a 63 year Noble.

Along with ranching, Tom worked as a cattle inspector for First National Bank in Amarillo, was President of the First National Bank in Claude, interim director of the Panhandle Plains Historical Museum, and wound up his varied career, along with Anne starting Cowboy Morning, which fed thousands of tourists annually on the northern edge of the Palo Duro Canyon.

He was preceded in death by Anne on March 29, 2018. He is survived by his children Frannie (Randy) Nuttall of Amarillo, Joe (Diana) Christian of Frisco, Rit (Shay) Christian of Claude, Mary

Sheriff's Corner:

A Note from Sheriff Barnett

I hope everyone had a great holiday weekend. Now with the start of summer and the children out of school, we need to be more aware of the dangers for them. We have found children out at 3 and 4 in the morning. We have others coming through our town and not all of them have the best intentions. There are human traffickers everywhere. It only takes a short time to pull someone into a vehicle and leave with them.

Children and teens can meet up with them online, these criminals groom them online. Telling them what they want and need to hear from family and friends. They set up a meeting with your child. Once that meeting takes place, your child is now their property. When I say property that is exactly what I mean. The traffickers will have them hooked

on drugs, and prostituting before they get them out of Texas.

Remember the old saying, "It takes a village to raise a child." That saying is still true today, now more than ever.

Our office has also been receiving reports of a house at First and Wilson being vandalized. There is a group of boys on a golf cart that have been knocking out/shooting out windows of this home. If they are caught, criminal mischief charges will be filed.

Golf carts, razors, gators all need licensed drivers driving them. They all have to be street legal. Also, all traffic laws have to be followed. Dirt bikes, 4 wheelers, and go carts are not street legal. Please work with us on this.

Everyone have a safe weekend!

TTA Foundation Awards \$48,000 in Scholarships

6 Texas High School Students to Receive \$2000 a Year for 4 Years

AUSTIN, Texas – The Texas Telephone Association recently awarded \$48,000 in four-year scholarships to six Texas high school students entering college in the fall 2018 semester.

“Education is a critical issue for the Texas telecommunications industry and the communities we serve,” said Bill Colston, Jr. of Riviera Telephone Company Inc. and chairman of the TTA Founda-

tion. “As the cost of attending college continues to rise, Texas telephone companies are providing a significant benefit to our students while investing in the development of the leaders of the future.”

The TTA foundation – a non-profit, philanthropic organization founded to help further the understanding of telephony and advance telecommunications as a career choice – awarded six four-year

scholarships of \$2000 a year to students entering college for the 2018-2019 school year. Students receiving scholarships include:

- **Rachel Denman of Hamilton** who is planning to attend University of Texas at Dallas and major in computer networking.
- **Caroline Guerra of Fort Worth** who is planning to attend the University of Texas at Austin and major in architecture.
- **Jaime Martinez of El Paso** who is planning to attend the University of Texas at Austin and major in business management.
- **Wesley Sanders of Lexington** who is planning to attend Texas A&M University and major in business.
- **Callie Thornton of Claude** who is plan-

ning to attend Texas Tech University and major in accounting.

- **Ethan Tullos of Lovelady** who is planning to attend Texas A&M University and major in engineering.

To be eligible for a TTA Foundation scholarship, students must have achieved a cumulative grade point average of 3.0 or higher and be planning to attend a Texas college or university in fall 2018.

Since 1992, the TTA Foundation has awarded more than \$330,000 in scholarships to Texas students. The TTA scholarship program is made possible by contributions from TTA members and associate members.

Tess Maxfield Inducted into The Honor Society of Phi Kappa Phi

Tess Maxfield of Claude, Texas, was recently initiated into The Honor Society of Phi Kappa Phi, the nation’s oldest and most selective all-discipline collegiate honor society. Maxfield is pursuing a degree in Biology at Oklahoma State University.

Maxfield is among approximately 30,000 students, faculty, professional staff and alumni to be initiated into Phi Kappa Phi each year. Membership is by invitation only and requires nomination and approval by a chapter. Only the top 10 percent of seniors and 7.5 percent of juniors are eligible for membership. Graduate students in the top 10 percent of the number of candidates for graduate degrees may also qualify, as do faculty, professional staff and alumni who have achieved scholarly distinction.

Phi Kappa Phi was founded in 1897 under the leadership of Marcus L. Urann who had a desire to create a different kind of honor society: one that recognized excellence in all academic disciplines.

Today, the Society has chapters on more than 300 campuses in the United States and the Philippines. Its mission is “To recognize and promote academic excellence in all fields of higher education and to engage the community of scholars in service to others.”

More About Phi Kappa Phi

Since its founding, 1.5 million members have been initiated into Phi Kappa Phi. Some of the organization’s notable members include former President Jimmy Carter, NASA astronaut Wendy Lawrence, novelist John Grisham and YouTube co-founder Chad Hurley. Each biennium, Phi Kappa Phi awards \$1.4 million to qualifying students and members through graduate fellowships, undergraduate study abroad grants, member and chapter awards, and grants for local, national and international literacy initiatives. For more information about Phi Kappa Phi, visit www.phikappaphi.org.

The Claude News would like to announce the engagement of Brandon Justice of Claude, Texas, and Kristen Salomon of Amarillo, Texas. Brandon is the son of Nancy and Kevin Justice; Kristen is the daughter of Kim LeGrand. The happy couple have set the date of July 14th for their big day! The ceremony will be held at Starlight Canyon.

Stay Hydrated this Summer

This summer, millions of families will be heading for lakes, rivers or the pool, but in order to have more fun in the water, we need to drink more water more often.

In fact, participating in all kinds of summer activities under a hot, glaring sun, can leave us dehydrated in no time at all. That's why doctors, trainers, and coaches say it's important to drink plenty of water, especially as temperatures rise.

"Whether you're swimming laps, playing tennis, or jogging, it's a good idea to drink one full glass of water every twenty or thirty minutes," said Matt Sheehan, CEO of Primo Water.

In addition, the CDC says that drinking lots of water helps your body maintain a normal temperature, lubricates and cushions joints, safeguards your spinal cord and other tissues, and helps the body remove waste. But it's also important that the water you drink is safe and healthy, both for you and for the environment. Tap

water and water from public fountains, for instance, may carry contaminants from leaky or rusty pipes, while bottled water clogs up our landfills. The solution is to have a bulk water dispenser in your home.

"Studies show that families who have bulk water systems in their home, drink 25% more water than they did when relying on tap water," said Sheehan. "And it's easy to fill up your own reusable bottles or thermos before leaving for the pool or beach." \

Bulk water systems give families ready access to ice cold, piping hot, or room temperature water any time they want it, and that makes staying hydrated a natural part of our daily routine.

"The health of our families is the most important thing in life, and we're proud to play a small role in promoting healthy lifestyles," said Sheehan.

For more information about the importance of staying hydrated, visit www.primowater.com.
