

# Gleaves Wins State Finals

BY SYDNEY KNOX

On June 16, 2018, Dawson Gleaves became the first high school student from the Amarillo area to compete and win the Texas High School Rodeo Association State Finals.

Gleaves is a sixteen year old junior at Claude High School and has been riding since he was three years old. Gleaves started with mutton busting and it quickly became second nature. Along with riding comes many bumps and bruises, and Gleaves has had his fair share. His first major injury occurred two years ago when he shattered his shoulder and was forced to have surgery. A cyst that formed from the first break, caused him to shatter his shoulder last year and miss the state finals. With an iron plate in his shoulder, Gleaves was blessed to be able to compete this year. In addition to advancing to the National High School Finals in Wyoming July 14-21, Gleaves will also compete in the International Finals Youth Rodeo in Shawnee, Oklahoma July 8-13. Finally, Gleaves will compete in the YBR Finals in Abilene August 1-4. Due to the expenses of all three trips, Gleaves has been seeking local sponsorships who would like to support him as he chases the national title and want to be represented at this national

*Dawson Gleaves, junior at Claude High School, recently won the Texas High School Rodeo Association State Finals. photo by Liz Mason*

event.

Gleaves is highly appreciated at Claude High School for the smile he has on his face day in and day out, and the compassion he has for others. Gleaves is also seen as humble by many close friends and family members. Although he has had a lot of success, he is not one to make sure you know about it. Instead, he makes sure his classmates are happy and laughing, no matter what the situation. Teachers often refer to him as the “bright refreshment” of their day

because no matter what is happening in their lives, he is always there to lift their spirits.

Not only did Gleaves fit in socially but academically as well. In Gleaves English class he was instructed to write a poem about anything he wanted. He chose bull riding. Once completing his poem, it was submitted to be judged and was nominated to be in the Rising Stars Catalogue. In this poem, Gleaves really captured what it feels like when he is riding:

“The Ride”

It’s like hanging onto a tornado,

Gritting your teeth.

Every time you nod your head, you risk your life,

And it is all for the love of the sport.

It’s the adrenaline rush of a lifetime,

Eight seconds at a time.

They call it the toughest sport on dirt,

But it’s the love of my life.

Upon graduating this coming spring, Gleaves

plans on attending Clarendon College to compete on their rodeo team. In fact, Claude ISD’s alignment with Clarendon College is what drew him to transfer. Being a cowboy has always been a dream of Gleaves. His mother, Jennifer Gleaves, even commented, “From the time Dawson was a little boy until now, all he has ever wanted to be in life was a cowboy. He still doesn’t understand why “being a cowboy” can’t be his profession in life.” Gleaves truly does reflect that state-

ment.

Dawson Gleaves is a very motivated, naturally driven individual. He works hard for what he wants and is always there to lend a hand. Gleaves excels in everything he does from bull riding to poetry and all the things in between. He is a bright face on a bad day and a friend to just about everyone. Our community should be proud of who he is, what he has done, and what he has yet to do.

## Corner Drug Opening Soon

As you may have noticed throughout the past year that something new is being built on the corner of 287 and Thrice. That "something" is Claude's new business the "The Corner Drug." There is exciting news that The Corner Drug is close to opening! Before the big opening they will be having a casual week of "getting to know" the patients of Claude.

During the week of July 2-6 (excluding the 4th) Mark King and staff will be available at the pharmacy if anyone would like to stop in to meet and visit. This is especially for those who would like to use the new drugstore fill their prescriptions. In addition to that, you can also use this time to get your information into their system. This is an exciting time and an exciting new addition to the Claude community, so come on out!

## From the Mayor's Desk: A Note from Bill Wood

Claude City council met on June 11, 2018 at 5:30 P.M., those present were Mayor Bill Wood, Councilman Baldwin, Parks, Minkley and Morris. Others present were Johnny Sims, Lance Hasbrouck, Greg Sullivan(Cefco),

John Merris, Lori Bagett, Brice Fletcher, Brent Black, Tessa Waddell, Brandon Brown, Curtis Thomas, Susan Stockett, Davina McKee, Supt. Wade Miller and EMS director Howard Heath.

Invocation was given by Bill Wood. Minutes and bills were accepted as presented. A letter was read from the Morgan's stating they would not have a fireworks stand in Claude this year due to the drought and dry weather conditions. They wished to thank all the first responders for their hard work.

Howard Heath presented an ambulance billing and payoff policy that was adopted. G&G Transmix presented and updated cost factor to the council for our seal coat project. The budgeted cost was amended by \$8,500.00. John Merris presented the 2017-2018 City of Claude Audit. It was reviewed and accepted. Dan Park presented a policy concerning weight limits from trucks inside the city limits. The policy was adopted as written with revisions.

The city is in the process of closing the northeast corner of US Hwy 287 and State Highway 207 in a deal with CEFCO. If the land is purchase by CEFCO, the closure will take place. Any sewer, water, or any other cost would be totally paid for by CEFCO. The City awarded the 2018-2019 trash contract to Diversified Waste Management. Diversified will take over the contract at the end of our present contract. Twila Baldwin was appointed Mayor Pro Tem for the 2018-2019 year.

Another agenda item was to accept the easement between the "The Treasure Chest" and the city of Claude for a "Welcome to Claude Sign" to be place on the location. The City and the County is sponsoring a First Responder Appreciation Dinner on Friday, June 22, 2018 at the Armstrong County Activity Center.

The City has imposed a burn ban and the ban will run concurrent with the Armstrong County burn ban that is already in place. Howard Heath was appointed as temporary Office Manger.

A roll off trash dumpster will be provided at the square June 18-25 for a Clean up Claude for Caprock Roundup Campaign. Tree limbs, tires or appliances are prohibited from being placed in the roll off container. Please help us out with this project. It's your chance to clean up! The dump will be open on June 16 for your bigger trash.

Thanks for all your help in making Claude a better place to live.

# Sheriff's Corner:

## A Note from Sheriff Barnett

It is with great honor that I get to announce that Governor Greg Abbott appointed our former Sheriff Carmella Jones to the Board of Pardons and Parole. I received a call from Carmella on the 14th to tell me the news in person. I am so very proud of Carmella for her many accomplishments. Below is the announcement from the Governor's Web site:

Governor Greg Abbott has appointed Carmella Jones to the Board of Pardons and Paroles for a term set to expire on February 1, 2019. The board makes parole decisions for Texas prison inmates, determines conditions for parole and mandatory supervision, and makes recommendations on clemency matters to the governor.

Carmella Jones of Eastland has 25 years of law enforcement and corrections experience. She was elected as Armstrong County Sheriff and served

as sheriff for six years. She is a lifetime member of the Texas Jail Association, Sheriff's Association of Texas, and the Girl Scouts of America and a member of the Texas Chief Deputies Association and the American Jail Association. Jones has earned certifications including Master Peace Officer, Master Jailor, and Texas Commission on Law Enforcement Instructor.

Carmella is an amazing lady that is always willing to help anyway she can. She is always available to talk, answer questions, and give advice when asked. The Governor couldn't have picked a better board member!

Everyone have a safe and happy weekend!

# ENCOURAGING CLAUDE

## Encourage

BY DONNY STOW, PREACHER  
CHURCH OF CHRIST

Everyone needs to be encouraged from time to time. Discouragement is very prevalent in our society today. Therefore, we need to help neutralize discouragement by providing encouragement to those around us.

If we are following God and His Holy Word, then we need to be reminded of Romans 8:31 which says, "If God is for us, who can be against us?" The Apostle Paul wrote to the people in Corinth and reminded them to, "Be watchful, stand firm in the faith, act like men, be strong" (1 Corinthians 16:13).

They were to stand

against wrong and stand for right. We, too, need to stand against what God is against and stand for what God is for! We need to be encouraged to do the right thing. In doing so, we must find courage. 2 Samuel 2:12 reminds us to be courageous. 1 Chronicles 28:20 says, "...be strong and courageous." Be strong and courageous about standing up for that which God stands firm. Not only standing strong yourself, but encourage others to take a stand for right as well.

In the Bible when we think of an encourager, we generally think of a man named Barnabas (which means "son of encouragement"). Let's do right and

encourage others as well. All can, at least, do something.

It reminds me of a little inspirational story called "The Little Cracked Pot." (Author unknown)

"There was once a water bearer who had two large pots, one hung on each end of a pole, which he carried across his neck. One of the pots had a crack in it, but the other pot was perfect, and always delivered a full portion of water at the end of the long walk from the stream to the master's house, while the cracked pot arrived only half full.

For a full two years this went on daily, with the bearer delivering only one and a half pots full of water to his master's house. Of course, the perfect pot was proud of its accomplishments, perfect to the end for which it was made.

But the poor cracked pot was very ashamed of its imperfection, and was miserable that it could only do half of what it had been made to do - or so it thought.

The cracked pot, after two years of what it perceived to be a bitter failure, spoke to the water bearer one day by the stream. 'I am very ashamed of myself, and I want to apolo-

gize to you.' 'Why?' asked the water bearer. 'What are you ashamed of?' 'For the past two years, I have only been able to deliver half of my real capacity, because this crack in my side allows water to leak out all the way back to the master's house. Because of my flaws, you have to do all of this work, and you don't get full value from your efforts' the cracked pot said.

The water bearer felt sorry for the old cracked pot, and compassionately said, 'As we return to the master's house, I want you to notice the beautiful flowers along the path.'

As they went up the hill, the old cracked pot did notice the sun shining on the beautiful wild flowers growing along his side of the path, and this cheered it some. However, at the end of the trail, it still felt bad because it had again leaked out half its load, and so it apologized to the water bearer for its failure.

The bearer said to the pot, 'Did you notice that there were flowers only on your side of the path, but not on the other pot's side? That's because I have always known about your flaw, and put it to good use. I planted flower seeds on your side of the path (for the return trip), and every day while we walk back from the stream, you've watered them. For over two years I have been able to pick these beautiful flowers to decorate my master's table. If you weren't the way you are, he wouldn't have the flowers for his house.'

Even in its flaws, the little cracked pot did marvelous things. Don't let your flaws keep you from doing great things!

# Bike & Build Visits Claude

Claude resident, Brittany Groves, talks with a Bike & Build member as they show her how to properly maintain her bicycle. photo by Christiana Mustion

A group of bicyclist from the Bike & Build organization rode into Claude on Wednesday, June 13th. The group spent time talking with Claude residents to raise awareness for their housing and their mission to provide affordable housing.

The group also hosted a bike safety & repair clinic in partnership with the

United Methodist Church, UM Women, and WEE School of First Baptist Church. "It was so much fun to see so many members of the community come out and be a part," said Tessa Bilbrey, Event Coordinator. "This group was great, and it was a very unique opportunity for our community."

**DAY AT THE ZOO**

A visit to a zoo gives you a chance to see animals from all around the world, animals you would never see in your neighborhood. Zoos are more than places to see animals. They also help save animals from extinction.

It is believed that the first zoo was built here by Queen Hatshepsut in 1500 B.C. She collected animals from all over Africa. Circle every third letter to reveal this country.

E

**Zoos Save Tiny Frogs**

The tiny black and yellow Corroboree Frog only lives in a small area of Australia. They have been nearly wiped out due to a nasty disease. Zoos like Toronga Zoo in Sydney collect and raise the brightly colored frogs. They can now return them to the wild.

How many of these frogs can you find on this page?

**California Condor Success**

In 1982, only 22 California condors were left in the wild. At that time, the San Diego Zoo started a program to raise the birds at the zoo. Many of these have been released back into the wild. Today more than 400 live in the wild.

**Extra! Extra! Picture Pose**

Look at pictures in the newspaper. Copy a pose of a person in a picture and hold it!

Standards Link: Reading Comprehension. Follow written directions.

**Tiny Tortoise Saved?**

One of the world's tiniest and rarest tortoises is on the edge of extinction. Scientists at the Paignton Zoo in England have managed to hatch one of the tortoise's eggs. The hatchling is only about one and a half inches long! If they can raise the little critter and manage to hatch more eggs, there may be hope for the species.

The letters on the correct path spell the name of this rare tortoise.
