.....
**THE ORIGINS
OF THE LEGEND**

We're known as "the Eagle company". For motorcyclists around the world, Moto Guzzi stands for pride and glorious tradition, combined with innovative engine research, Italian style, and chrome that proudly lights up the roads worldwide. The story began in 1921, in Mandello del Lario, Italy, and Moto Guzzi has never stopped since. We're continuing to build a story of riders and motorcycles, legendary victories, genius and unparalleled passion.

OPEN HOUSE
MANDELLO DEL LARIO
9-11 SEPTEMBER 2016

Try and imagine the power of 25,000 Guzzisti on their bikes, meeting up in the place where our legendary story began in 1921. It's an exclusive full immersion into the heartland of the Moto Guzzi world: more than 700 test rides, the Historic Museum, the widely admired Wind Tunnel—unique of its kind in the motorcycle industry—and tours of the engine and motorcycle assembly lines. Special guests include the spectacular MGX-21 “Flying Fortress,” the pride of Guzzi at the 76th Sturgis Motorcycle Rally in South Dakota in August. The MGX-21 links an outstanding success story and projection into the future of a brand approaching its centenary with undiminished vitality in terms of innovation, products and events.

THE RETURN OF THE LEGEND

In the biker's imagination, the Eldorado is the on-the-road icon—always with a landscape to explore, a horizon to grasp. Some of the distinctive elements that can't go unnoticed: spoked wheels with white-wall tires, the beautiful paintwork, chrome-covers on fuel tank, chrome trim and painstaking attention to detail. The brakes, tires and suspension pay homage to vintage models but are designed with the latest-generation technology.

STYLE AND COMFORT

Innate elegance and personality combine with nearly 100 years of motorcycle heritage, conjuring up fascinating visions of travel and adventure. The oversized seat, bullhorn handlebars, and footboards offer a relaxed riding position and unbeatable cruising comfort. The bike creates an irresistible lure to climb aboard and get your knees in the breeze, quickly quenching your thirst for travel.
