ABOUT CYBER CIC

Cyber CIC will deliver personal attention, quality service, and professional experience for cyberspace, information, and cognitive security strategies and courseware to federal and higher education customers.

CAPABILITIES

CYBERSPACE OPERATIONS

- Intimately familiar with the DoD and US Army cyber strategies and assessments.
- Steeped experience in DoD cyber range policies, roles and responsibilities
- Greater operational approach that includes offense, defense and DoD Information Network Operations

INFORMATION SECURITY

- Include cybersecurity, communications security, operations security, and more into a holistic information security plan
- Diverse Department of Defense experience with the US Army, the National Security Agency, Special Operations, Interagency, and Multi-National partners
- Multi-disciplined security training and experience

COGNITIVE SECURITY

- Synchronize competent actions and messaging with security disciplines to protect your brand
- Maintain your decision space by understanding informational aspects of your business
- Manage a branding crisis when the unexpected happens

COURSEWARE

- Lead strategic cyber and information discussions
- Experienced instructor and public speaker
- PAJE and Middle States Accreditation experience
