VETERAN'S DAY

We are happy to announce 8th grader, Abby Alcantar received 1st place and 6th grader, Brad Gleash placed 2nd. Congratulations!

What Makes America Great by Abby Alcantar

Have you ever wondered why there were debates asking why America is great, or that some people think America needs to be better? As a kid, I still don't understand everything about these debates or why they happen. Anyway, I'm going to tell you why I think America is so great.

One reason that our country is great is that many countries don't have the beautiful landmarks we do. For example, we have Yellowstone National Park, Disneyland, Central Park, the Statue of Liberty, and so many more! These places are favorite tourist attractions with many visitors from all over our country and the world every year.

Another thing that makes America great are the jobs people are able to have. For instance, we have many big businesses and a lot of them are restaurants such as Taco Bell, Starbucks, McDonalds, Subway, and there is so much more. Also working in our country, we have the military which helps take care of us, we have workers in our medical field who cure us of our wounds and our illnesses, we have our law enforcement to keep our laws from being broken and to keep us safe, we have our teachers who help us learn, and these are only some of the important jobs we have as American citizens that keep the US safe and working.

Finally, we have so many rights as American citizens. For example, we have freedom of religion, which means we can worship in any religion we want. We also have the freedom of speech, which means we have our rights to speak freely. In many other countries the people are limited in what they can do, because they don't have the same rights as we have. For these among many other reasons, America is still the best country in the world.

What Makes America Great by Brad Gleash

Freedom is a big part of what makes America great. Without freedom America would be torn apart. There would be many riots and fights. Freedom helps with motivation to the people who live here. Freedom is not in every place on earth, so be thankful we have it. We can do many things like hunt, fish, camp, and vote. Freedom is a great thing to have.

Another thing that makes America great is that all people here have Equal rights. It does not matter if you are a boy or a girl, or where you come from. I'm glad America has equal rights because if we didn't some people would be treated differently from others for reasons that aren't fair. Everyone has the same opportunities to do whatever they want. I'm glad America has equal rights so any kind of people can do the same thing. For example, black people can come to school with white people and white people and black people can vote. Anyone of any race or religion has the same rights.

The Military fights for us and for freedom. Without our strong military, we would be defenseless against aggressive countries. Military is very important. They honor America and what it stands for. Military also guard important places like the Pentagon and air bases. They also guard important people also like the President. The military is very important, so if you see a soldier thank them for their service. I give thanks to all soldiers and veterans. The living and the fallen, the brave and the scared, the strong and the weak, all who have served. People sometimes don't stop to really think about it. Those people would die for us, and they do die protecting us. These are a few of the many reasons that I think America is such a great place. I would not want to live in any other country.
