Survey/Principal Chat Continued

Cell Phone: There were comments about the “new” cell phone policy. In fact, there is not a new policy. The cell phone policy became a point of emphasis after it was discovered that students were using their cell phones during the day. Why would a school have a cell phone policy? Some reasons include: Better academics, reduce cyber bullying, it is best not to have them in an emergency and the possibility of it being lost or damaged. We understand the need for students to occasionally having the need to call parents. In these situations, the student simply needs to be in the presence of a teacher when the call is made.

The current Policy states:

Electronic Devices

Radios, cassette/CD/MP3/DVD players, pagers/cell phones, or any similar items are not allowed to be used on school grounds. It is possible that students might have these devices for entertainment or security reasons on their trip to and from the school. Once on school property, these devices will remain in backpacks. Failure to comply with this policy will result in the confiscation of the device and it will be returned to the student at the end of each day. Repeated violations will result in a loss of this privilege.

FYI: Teachers may not be able to respond to a text until the end of the day. Contact the office if you have a message that needs immediate attention.
