Our monthly tuition is determined by the total amount of time your child is taking dance class per week. To determine your family tuition you must add the amount of time each INDIVIDUAL student is taking per week and then subtract your family discount.

For Example: Oldest child takes 1 hour class, and the second youngest child takes 1 hr 45 min class each week (\$61 + (\$86 - 10% (family discount on youngest child)) = \$138.40 monthly tuition. It is not the cost of 2 hours 45 min, it is the cost of 1 hour, plus the cost of 1 hour 45 min, minus the family discount on the youngest dancer only.

The family discount applies only to the monthly tuition. The discount for 2 per family is 10% off the youngest dancers total monthly tuition and families with 3 or more students, the youngest dancer will receive 15% off total monthly tuition.
