On Monday, we will remember, celebrate and honor the men and women who died serving our country. At Wildwood, we will raise the flag to the top of the staff and then solemnly lower it to half-staff position. It remains there until noon, when it's raised to full staff. The half-staff position remembers the more than one million men and women who gave their lives in service to our country. At noon their memory is raised by the living, who resolve not to let their sacrifice be in vain, and continue the fight for liberty.
