- The only available teaching that reveals the natural building blocks of business success and their effectiveness to change the trajectory of any business...good or bad.
- The Five Dynamics and their Essentials are both biblical and actual facts of business conduct and development.
- And much more...

We offer two foundational webinar workshops; one for Preebies (individuals who do not currently have a business) and the other for current Business Owners. In both, participants will learn further understanding of the Five Dynamics & Essentials, along with how to better recognize and utilize the information for their own business or business idea, guidance on compatible resources and tools to support their business, an interactive platform where participants are free to ask questions. The workshop recommended for Business Owners delves deeper and provides marketing strategies.
