People Who Care Executive Summary

People Who Care is a nonprofit 501(c)(3) charitable community organization with volunteer outreach programs in Chino Valley, Prescott, Prescott Valley and Dewey-Humboldt. The agency was established in 1992 and has been providing services to Prescott area communities for the past 24 years. The mission of People Who care is to provide non-medical volunteer assistance for adults who are not able to drive because of a physical or age-related limitation in order to help them continue living independently in their own homes and communities.

People Who Care volunteers provide escorted, door-through-door transportation to essential appointments (primarily healthcare); help with grocery shopping; assist with check writing, bank statements, letter writing and medical forms; or stop by a Neighbors home for a friendly visit.

The Prescott area has limited affordable public transportation or alternative transportation options. People Who Care Neighbors are unable to access available options due to their physical limitations and lack of financial resources. Transportation services constitute nearly 60% of People Who Care's services and are the largest free, door-through-doo escorted volunteer driven transportation assistance in the area. These services fill a critical need locally.

People Who Care has been coordinating transportation services with other community human service organizations since the agency was established nearly 24 years ago.

As People Who Care developed operations in the early 1990's it soon became apparent that transportation services were a vitally needed component of PWC volunteer care giving assistance that today constitutes nearly 56% of PWC's total program. Along the way, People Who Care has worked with other community human service transportation programs to assess community transportation needs, promote awareness of those needs, do reciprocal referrals and advocate for the establishment of a regional public transit system.

Fritzi Mevis, the Executive Director of People Who Care, is an active member of the local Coordination Advisory Council convened by CYMPO. Ms. Mevis was also an active member of the predecessor group, a Mobility Management Project Team which promoted coordination and mobility management strategies throughout the CYMPO region from 2008 to 2012. In addition to promoting community awareness of area transportation needs, the prior Mobility Management Project (originally established with a Project Action grant from the National Easter Seals Society and later continued with a 5310 Mobility Management Grant awarded to Territorial Transit) oversaw the 2010 update to the Human Service-Public Transit Coordination Plan for the CYMPO region. That plan, and the subsequent updates to the regional coordination plan have consistently acknowledged the vital role that volunteer driven

transportation services play within the local network of human service transportation programs, especially for seniors and people with disabilities.

Limited English Proficiency Plan

Limited English Proficiency Plan

People Who Care

People Who Care has developed the following Limited English Proficiency Plan (LEP) to help identify reasonable steps to provide language assistance for LEP persons seeking meaningful access to People Who Care services as required by Executive Order 13166. A Limited English Proficiency person is one who does not speak English as their primary language and who has a limited ability to read, speak, write, or understand English.

This plan details procedures on how to identify a person who may need language assistance, the ways in which assistance may be provided, training to staff, notification to LEP persons that assistance is available, and information for future plan updates. In developing the plan while determining People Who Care’s extent of obligation to provide LEP services, People Who Care undertook a U.S. Department of Transportation four-factor LEP analysis which considers the following:

- 1) Demography. According to the last U.S. census Bureau data (2010-2014), the percentage of Limited English Proficient persons in Yavapai County is 3.7%. The major group of limited English proficient persons in our service area is Spanish speaking. The number or proportion of LEP persons eligible in the People Who Care service area who may be served or likely to encounter by People Who Care’s program, activities, or services is minimal.

YAVAPAI AZ FOUR FACTOR ANALYSIS

Yavapai County AZ			
Languages Spoken at Home	Population	% of Persons 5 Yrs. & Over	% of Persons with LEP
Total Persons 5 years & Over	203,963	100.00%	3.70%
English Speaking Only	183,149	89.80%	XXX
Spanish	15,922	7.80%	41.00%

- 2) Frequency. In the twenty-five years that People Who Care has been providing volunteer assistance in our service areas, we have had no limited English proficient persons contact us for assistance or to volunteer. People Who Care posts public meeting notices in the three offices with an annotation in Spanish that Translation services are available upon request. Additionally, program rack cards in Spanish will again be personally delivered to Catholic Charities, Area Agency on Aging Elder Care case managers and to the Yavapai County Health Department.
- 3) Nature and Importance. The nature and importance of the program, activities or services provided by the People Who Care to the LEP population is limited to non-medical volunteer transportation assistance to persons who are unable to drive due to physical limitations and do not require more than minimum assistance to walk and get in and out of a personally owned volunteer automobile. People Who Care volunteers are not allowed to lift or transport wheelchairs in their cars.

- 4) Resources. As a small Non Profit Organization with fiscal constraints and limited resources, People Who Care is unable to provide interpretation and translation services without advance notice. Catholic Charities has staff on hand able to translate Spanish for People Who Care. Their offices are in Prescott and Prescott Valley. People Who Care has one part-time staff member with limited Spanish fluency however, we do have a list of four volunteers who are willing to translate when available. Vital documents and forms are available in English and Spanish and public outreach notices will have an annotation (for translation or interpretation assistance) in Spanish. Every effort will be made to provide vital information to LEP individuals in the language requested.

Safe Harbor Provision

People Who Care complies with the Safe Harbor Provision, as evidenced by the number of documents available in the Spanish language. With respect to Title VI information, the following shall be made available in Spanish:

- (1) Title VI Notice
- (2) Complaint Procedures
- (3) Complaint Form

In addition, we will conduct our marketing (including using translated materials) in a manner that reaches the Spanish speaking persons in our service area. Vital Documents include the following:

- (1) Notices of free language assistance for persons with Limited English Proficiency
- (2) Notice of Nondiscrimination and Reasonable Accommodation
- (3) Outreach Materials

Non-elected Committees Membership Table

A subrecipient who selects the membership of transit-related, non-elected planning boards, advisory councils, or committees must provide a table depicting the membership of those organizations broken down by race. Subrecipients also must include a description of the efforts made to encourage participation of minorities on these boards, councils, and committees.

Title VI training is provided to all new staff members and routinely reviewed at monthly staff meetings.

People Who Care has copies of our Title VI Training/Information brochure available in each program office available for distribution to staff members and volunteers.

Bill said the impact on our budget will be minimal. CiviCore works well for scheduled but for some reason does not work well for on-going assignments. We are trying to get this worked out. Kay Krizek asked if John is confident CiviCore can do what we are asking of them. John felt confident these problems can be taken care of. John made a motion seconded by Kate that we go ahead with the Phase II CiviCore project. The motion was approved unanimously.

Mike announced that a letter has been send to the Church Trustees re expansion of office space for People Who Care. The expansion would be to knock down the wall between the back office into the library. John Barton has drawn up a schematic to present to the Trustees today. The major concern is the wiring in the library will have to be brought up to code. The couches would be removed and replaced with a nice conference table. Fritz will talk to CCJ re construction. People Who Care will pay for the modifications, which would be approximately \$2,000-\$5,000.

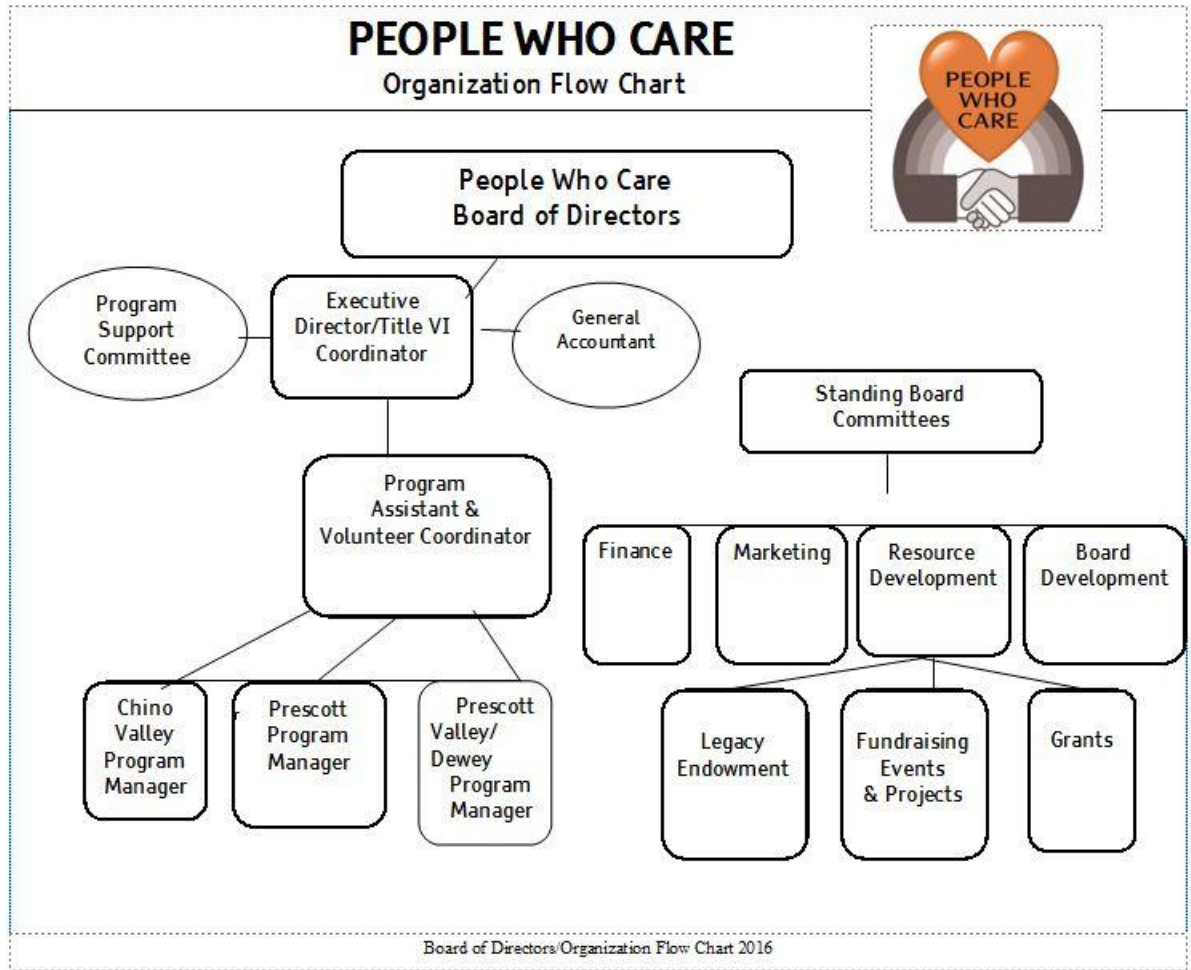

There being no other business the meeting was adjourned at 11:00 am.

COMPLAINT PROCESS

A Title VI complaint may be filed by any individual or individuals who allege they have been subjected to discrimination or adverse impact under any People

Who Care program or activity based on race, color, national origin, sex, age, disability, limited English proficiency or low-income.

A signed, written Title VI complaint must be filed within 180 days of the date of the alleged act of discrimination. That complaint form can be located on the People Who Care website www.peoplewhocareaz.com or by contacting the People Who Care offices.

Upon receipt, the People Who Care Title VI Coordinator will determine which agency has jurisdiction to handle the complaint. If People Who Care does not have jurisdiction to handle the complaint, it will be forwarded to ADOT. The allegations will be investigated and an attempt will be made to resolve any violations, if found.
