
What Past Attendees are Saying About the 2b Inclusive Diversity Leadership Academy

"The Diversity Leadership Academy is a great learning opportunity for those new to diversity and inclusion as well as those who are more experienced. It is information packed and provides an intimate environment for sharing experiences, sharing best practices and most importantly learning from one another. Hearing the perspectives of colleagues representing different sectors is a strong value add and helps to expand awareness."

Bridget G. Hurd
Chief Diversity Officer and Senior Director
Diversity and Inclusion
Blue Cross Blue Shield of Michigan

"The 2b Inclusive Diversity Leadership Academy Workshop was awesome. I met a lot of Subject Matter Experts in this field and it was such a memorable experience. I learned so much about myself in this workshop. This Workshop has given me an opportunity to grow in this field and to be more knowledgeable in-regards to Diversity, Equity and Inclusion. Especially, recognizing the disabled population and marginalized groups."

Dr. Sharon Bland-Brady
Disability Determination Service (DDS)
State of Michigan

"I cannot say enough good things about the Diversity Leadership Academy. In just two days, I feel I was able to clearly understand and embrace how important a truly inclusive work environment is. This training also offered a very safe space for impactful and meaningful dialogue, where all could openly share experiences, knowledge and understanding. I believe we all left the Academy better people and stronger advocates for the importance of diversity in the workplace."

Cindy Whittum
Sr. Career Coach
Davenport University

"2B Inclusive's two-day Diversity Leadership Academy provides the necessary tools to successfully lead your organization's diversity and inclusion efforts. Whether your organization is just starting a formal D&I process or are looking to improve an existing plan, the Diversity Leadership Academy delivers thought-provoking and value-add resources and discussion guaranteed to make a positive impact on your D&I efforts."

Tori Richards, SHRM-CP
Director of Human Resources
Origami Brain Injury Rehabilitation Center
