

The Annual General meeting is held in late February.

The Club reviews the previous years business, elects the executive and directors, discusses any new business and firms up the activities for the current year.

The Fort Edmonton Scout Camp

Happens in May where they learn to separate flood gold from black sand and pan for gold. Interested in volunteering? Email [agpa@agpa.ca](mailto:agpa@agpa.ca) for more information.

The Spring Breakout usually takes place in late May or early June

Activities include: gold panning competitions for beginner and professional panniers, claim staking, metal detecting, novelty events, and a great pot luck supper.

In early September the club members get together at site to be announced for a corn roast. This outing allows members to show off their sluice boxes and other inventions they have created to find that elusive gold coloured metal.

In November, the club sponsors the Gold Dust Dinner. This is also a "Show us what you got event". Members bring their gold, gems stones, anything they have collected or worked on over the summer. There are prizes for categories such as pictures, gold displays, rock displays, jewellery, and metal detector findings.

The club also publishes a newsletter issued 4 times a year,

Annual General Meeting (Late February)

See the Winter Newsletter for meeting minutes and additional information

Spring Breakout (late May or early June)

Panning, Sluice, and Metal detecting competitions

Corn Roast (Early September)

Gold Dust Dinner (Late November)

Goldpanning Competitions start in May and wrap up on the last weekend of August. It's great fun for kids of all ages. Plan to include at least one of the other competitions in this years summer vacation plans. A list of all the events can be found on The Canadian National Goldpanners Association web site Goldpanners.
