

LEARNING OBJECTIVES

This is a review session for healthcare quality professionals who are preparing for the Certified Professional in Healthcare Quality (CPHQ) exam, or who want to expand their existing quality management skills.

Attendees will be able to identify areas within the CPHQ certification content outline where they are strong in their knowledge and where they are weak, and thus require further study, knowledge, and/or experience prior to taking the CPHQ certification exam.

This course is designed as an adjunct to CPHQ exam preparation. Attendance provides no guarantee of successful completion of the CPHQ exam.

RECOMMENDED TEXTBOOK (Not required for session)

The Healthcare Quality Handbook, 2018, 30th Edition:

Editor Susan Mellott PhD, RN, CPHQ, CPPS, FNAHQ. To order, go to www.jbqg.com and use the Coupon Code – SUSAN \$29 at checkout.

SPEAKER INFORMATION

Over the past forty plus years Dr. Mellott has focused on healthcare quality and patient safety in multiple settings including hospitals, long term care centers, home health settings, clinics, and networks. She has experience with patient safety, improving patient/customer satisfaction and quality, decreasing costs, medical staff credentialing, and other areas while involving teams from the facility.

Currently, Dr. Mellott is a Professor for Texas Women's University in Houston, Texas nursing program. Also, she is President, CEO of Mellott & Associates LLC., which provides educational services to healthcare facilities and groups and she is a member of the State of Texas Healthcare Safety Advisory Committee.

Dr. Mellott has held CPHQ certification since 1991, her CPPS certification since 2015, and has been a Fellow of the National Association of Healthcare Quality since 1999. Dr. Mellott has numerous publications and addresses groups around the country regarding healthcare quality, patient safety, and performance improvement. Dr. Mellott's research focus is patient safety and performance improvement.
