Dear Parents:

Thanks to the generosity of the Lutz Foundation in Chester and the hard work of Chester County 4-H, we will be offering an afterschool STEM Club for students in 2nd – 6th grade (Ms. Owens' and Mrs. Hickson's classes). During this time, students will learn about science related topics such as electricity, circuitry, and engineering using fun activities and projects. We would love to have as many students as possible participate and believe that the students will have a great time while learning. The club will meet from 3:30 to 4:30 on Tuesdays and Thursdays beginning Tuesday, January 16, 2018. There is no charge for participation in this club. However, if your child is not picked up on time, there will be an afterschool program charge.

If you would like for your child to participate, please complete the bottom of this letter and return it to the school. If you have any questions, please contact the school office at 803-377-8235.

Sincerely,

Michelle D. Cassady
Administrator

Student Name: _____ Grade: _____

My child will be participating in HCA's 4H Afterschool STEM Club.

My child wears a t-shirt of size _____. (Please indicate youth or adult.)
