stay in the area another day or two and
fish.

Self-guided Tenkara Fishing

We've hand-picked some of our favorite fishing spots for you to enjoy. These spots will have no more than two people fishing at the same time in each spot. A drawing before every fishing session will be held to determine who will fish each spot for that session. While you don't choose your exact spot with the Self-Guided Tenkara Fishing, you will choose the difficulty of your spot. Check out the map to get an idea of where we will be fishing.

Difficulty ratings for fishing spots.

Easy

Easy spots are set aside for people who want easy access to a fishing spot. These spots can be accessed and fished without the need to wade or climb down steep embankments.

Moderate

Moderate spots require some wading along the edges of the stream/river and are reasonably easy to access from the road.

Difficult

Difficult spots may require you to wade across the stream/river. You may need to use branches or roots as foot or hand holds to traverse steep embankments and difficult terrain.

Bring your gear to the Westfir Portal and set it out for sale or trade.

Independent Tenkara Fishing

Some like to wander, explore and find their own way, we get that. If you don't want to participate in the Self-Guided Tenkara Fishing, on our website we have provided a map to give you ideas where to go. Stop by the Westfir Portal across the covered bridge, there will be someone available most of the day that can help you find what you're looking for.

Please leave the designated Self-Guided Tenkara Fishing spots for those who are participating in it.

Door Prize Drawing

Great Tenkara gear that has been donated by our sponsors.

You will have three opportunities to win!

Pizza Dinner

After a day on the river, join us Saturday night for some pizza. There will be veggie pizzas and the standard meat options. Pizza is included in your registration cost. BYOB
